Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

1.0 Owner's Covenants

The Owner covenants with the Encumbrancee that:

- 1.1 The Owner will not use or allow to be used the said land or any part thereof for any purpose other than for residential purposes.
- 1.2 The Owner will not erect or allow to be erected more than one dwellinghouse on the said land without the prior written approval of the Encumbrancee.
- 1.3 The Owner will not erect, install, make or carry out, or allow to be erected, installed, made or carried out any:
 - 1.3.1 building or structure (including a fence or wall of any nature whatsoever) in or over the said land or any part thereof except in accordance with plans and a schedule of materials which are sufficient to outline the building or structure and which have received the prior written approval of the Encumbrancee as having complied with the "**Paringa View Urban Design Guidelines**" and the "Allotment Development Plans" provided to the first Owner as an annexure to the original contract for the sale and purchase of the said land, copies of which may be obtained during normal business hours from the Encumbrancee;
 - 1.3.2 any site works (including fencing, any excavation, any levelling or filling or any retaining wall or any driveway or any rainwater tank) on or about the said land or any part thereof except in accordance with plans which are sufficient to outline the works and which have received the prior written approval of the Encumbrancee.

PROVIDED THAT the Encumbrancee will not unreasonably or capriciously refuse or withhold any such approval but a refusal shall not be or be deemed unreasonable or capricious if in the Encumbrancee's reasonable opinion the proposed works do not conform with the Paringa View Urban Design Guidelines or the Allotment Development Plans prepared and amended from time to time by the Encumbrancee in respect of lands within the Development Zone or the proposed works are undesirable by reason of the effect that they would have upon the development, appearance, health or amenity of the neighbourhood of which the said land forms part or any part of it.

- 1.4 The Owner will not allow any undue delay to occur in the commencement or in the completion of any work approved by the Encumbrancee and will not allow any variation to such work as approved to occur other than in accordance with the terms of any subsequent written approval of the Encumbrancee given before such variation is commenced.
- 1.5 The Owner will not obstruct or do anything which would prevent or hinder the Encumbrancee its servants agents or contractors from entering the said land for the purpose of remedying any breach by the Owner of its obligations under this Encumbrance of which breach at least 14 days notice in writing has been given to the Owner and which breach has not then been remedied.
- 1.6 The Owner shall not divide the said land or allow the said land to be divided without the prior written approval of the Encumbrancee.
- 1.7 The Owner will not cause or permit any building works to be undertaken on the said land without obtaining professional engineering advice and design works in respect of such building works.
- 1.8 The Owner will not cause or permit the said land to be resold or advertised for sale unless a residence has been constructed thereon or unless the Encumbrancee has consented in writing to such resale and/or advertising, which approval may be refused at the absolute discretion of the Encumbrancee, without ascribing any reason therefor.
- 1.9 If the Encumbrancee consents to the transfer of vacant land the Owner will not transfer or otherwise dispose of his estate and interest in the land without first obtaining from the intending purchaser or transferee the execution of an encumbrance that complies in all respects with the terms and conditions contained herein or in the letter of approval by the Encumbrancee to the transfer of the land to be prepared at the cost of the Owner and lodged with the Lands Titles Office after the transfer of the land but before any mortgage.
- 1.10 The Owner will not permit the said land to remain vacant for more than 18 months from the date hereof or such other date as the Encumbrancee may advise the Owner by which date the Owner must commence to construct a residence on the said land in accordance with plans and specifications approved by the Encumbrancee.

 - 1.11.1 the price paid for the said land by the Owner to the Encumbrancee or previous Owner; and

with a settlement date being 30 days after the determination of the price and otherwise on the same terms and conditions as the contract of sale made between the Encumbrancee as vendor and the Owner as purchaser.

- 1.12 The Owner will pay to the Encumbrancee on demand all costs (including legal costs) and expenses incurred by the Encumbrancee its servants agents or contractors in respect of any breach by the Owner of its obligations under this Encumbrance and any action taken to remedy the same. All such costs and expenses may be recovered in any court of competent jurisdiction in addition to all other powers and rights available to the Encumbrancee hereunder.

- 1.13 If at any time prior or after the date of this Encumbrance, the Encumbrancee has installed, constructed or erected upon the said land any fixture, wall or fence of any nature whatsoever ("the entry statement") as an entry statement for any part of the Encumbrancee's scheme of development for the Development Zone, the Owner must not without the prior written approval of the Encumbrancee:-

Attention Conveyancers

○ **Section 187 certificate update request free of charge (One Update):**

- Penalties and interest, property charges, payments or dishonoured payments can impact account balances on a daily basis.

To assist with financial adjustments as close as practicable to the date of settlement, your **Section 187 certificate will now be valid for 90 days**. Within this period Council will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

Please Note: Section 7 certificates remain valid for a 30 day period only.

○ **BPAY biller code added to searches to enable electronic settlement of funds**

- Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to Council electronically. Please note that this is Council's preferred method payment and we request that you cease the use of cheques to affect settlement.

○ **How to advise Council of change of ownership?**

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office, we are advocating that the **Purchaser's Conveyancer** to advise the change of ownership by following the below:

- If you are using e-conveyancing to affect a sale, please **only issue advice to Council if the mail service address is different to what was lodged via the transfer at the LTO**. Council's new practice is to update ownership details including the mailing address in accordance with the advice provided by the Valuer General. Council has amended this change to align with SA Water practices and to provide an improved customer experience overall.
- If lodging in person at Lands Title Office – Please send the change of ownership advice to Council via mail@onkaparinga.sa.gov.au. Electronic settlement of funds is still preferred.

Yours sincerely

Further information held by council

Does the council hold details of any development approvals relating to:

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993* or the *Planning, Development and Infrastructure Act 2016*)?

NO

Note –

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;

the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

General
