Does the council hold details of any development approvals relating to:

- a) commercial or industrial activity at the land; or
- b) a change in the use of the land or part of the land (within the meaning of the repealed Development Act 1993 or the Planning, Development and Infrastructure Act 2016)?

No

Description of the nature of the development(s) approved:

Note—

The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that—

- *the approval of development by a council does not necessarily mean that the development has taken place;*
 - *the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.*
-

The information herein is provided pursuant to the Council's obligations under Section 7 of the Land Business (Sales Conveyancing) Act 1994.

Only that information which is required to be provided has been given and that information should not be taken as a representation as to whether or not any other charges or encumbrances affect the subject land.

I, Kellie Parker, Administration Officer of the City of Marion certify that the information provided in these responses is correct.

The building classification under the Building Code is Class 1A and 10A.

Conditions imposed on this consent and the reasons for imposing those conditions are set out in the attached sheet(s). Important information that may affect this consent can also be found under 'NOTES' and on the back of this page.

DEVELOPMENT APPLICATION NUMBER: 100/2288/2007
APPLICANT: Kevin Alexander Jolly
LOCATION: 11 Raggatt Crescent Mitchell Park 5043
LOT: 82 DP: 7250 CT: 5613/088
DESCRIPTION OF DEVELOPMENT: To construct three, two storey row dwellings,
incorporating garaging on the eastern and western
side boundaries
DECISION: Development Approval Granted
DATE OF DECISION: 06/06/2008

● DEVELOPMENT PLAN CONSENT

GRANTED

Reasons For Decision:

Consent is granted as the proposed development is considered to accord sufficiently with the provisions of the Development Plan.

The following conditions have been imposed to reasonably ensure that the development will not impair the orderly and proper planning of the locality or detrimentally affect the amenity of the locality, having particular regard to the Objectives and Principles of Development Control applicable to such a use in the locality.

Conditions of Consent:

- 1. The development shall proceed in accordance with the plans and details submitted with and forming part of Development Application No.100/2288/2007 except when varied by the following conditions of consent.
- 2. All areas nominated as landscaping or garden areas on the approved plans shall be planted with a suitable mix of trees, shrubs and groundcovers prior to the occupation of the premises and to the reasonable satisfaction of the Council.
- 3. All landscaping shall be nurtured and maintained in good health and condition at all times with any diseased or dying plants being replaced, to the reasonable satisfaction of Council.
- 4. All west facing windows and glass doors shall be either externally shaded, fitted with solar glass, or protected with an anti-glare, heat reflective adhesive film or similar to the reasonable satisfaction of the Council or its delegate, prior to occupation. (Refer to the City of Marion Information Brochure "Energy Efficiency" for further information and please note that some external shading structures may require the further Development Approval of the Council.)

5. All north facing windows and glass doors shall be externally shaded to allow winter sun access but provide complete shading during summer to the reasonable satisfaction of the Council or its delegate, prior to occupation. (Refer to the City of Marion Information Brochure "Energy Efficiency" for further information and please note that some external shading structures may require the further Development Approval of the Council.
6. All mortar joints on any face brickwork on the property boundary are to be finished in a professional manner, similar to other external brickwork on the subject dwelling.
7. A continuous path of at least 900mm width shall be maintained on one side of the dwelling (i.e. a 900mm wide path that is unobstructed by any equipment or mechanical plant such as water heaters, air conditioners, stormwater detention tanks, rainwater tanks or similar must be maintained) in order to provide access from the front of the property to the rear, to the reasonable satisfaction of the Council.
8. The portion of the upper floor windows to the east, south and west less than 1.7m above the internal floor level shall be treated prior to occupation of the building in a manner that permanently restricts views of adjoining properties yards and/or indoor areas being obtained by a person within the room to the reasonable satisfaction of the Council. (Note, suggested treatments include, but are not restricted to, permanently fixed translucent glazing in any part of the window below 1.7m above the internal floor level or a window sill height of 1.7m above the internal floor level).
9. All devices/treatments proposed as part of the Development Application to protect the privacy of adjoining properties shall be installed and in use prior to occupation of the premises.
10. Dust emissions from the site during construction shall be controlled by a dust suppressant or by watering regularly to the reasonable satisfaction of the Council.
11. All runoff and stormwater from the subject site during the construction phase must be either contained on site or directed through a temporary sediment trap or silt fence, prior to discharge to the stormwater system, to the reasonable satisfaction of the Council. (Acceptable ways of controlling silt and runoff during construction can be found in the Stormwater Pollution Prevention Code of Practice issued by the Environment Protection Authority).
12. Measures to prevent silt and mud from vehicle tyres and machinery being transported onto the road shall be installed and maintained at all times during the construction phase of the development, to the reasonable satisfaction of the Council. (A suggested measure is to install a gravelled construction exit with wash down facilities).
13. Stormwater from the structure approved herein shall be collected and directed into a detention tank (or tanks) which are sized and installed in accordance with the specifications contained in Council's Information Sheet "Stormwater Detention" to the reasonable satisfaction of the Council (copies of relevant documents are attached).
14. All stormwater from buildings and paved areas shall be disposed of in accordance with the approved plans and details prior to the occupation of the premises to the reasonable satisfaction of the Council.

15. The stormwater collection and disposal system shall be connected to the street watertable (inclusive of any system that connects to the street watertable via detention or rainwater tanks) immediately following roof completion and gutter and downpipe installation.
16. Where the driveway crosses the front boundary, the finished ground level shall be between 50mm and 150mm above the top of kerb.
17. All hard waste must be stored on-site in such a manner so as to prevent any materials entering the stormwater system either by wind or water action to the satisfaction of Council.
18. Reserved Matters.
 - ✓ The following detailed information shall be submitted for further assessment and approval by the Council as reserved matters under Section 33(3) of the Development Act 1993:
 - (a) An engineering site works plan, detailing contours, levels above kerb and proposed floor levels shall be submitted to Council, for consideration/assessment, prior to Development Approval being issued.

BUILDING RULES CONSENT

GRANTED

Conditions of Consent:

Please refer to the attached copy of your Private Certifier's Building Rules Consent for Conditions of Consent (if applicable).

NOTES:

General:

1. The applicant is reminded that Development Approval from the Council is required for any retaining wall over one metre in height, any masonry fence over one metre in height, any non-masonry fence (eg colorbond, wood paling, brush etc) over two metres in height, and any retaining wall with a fence on top with a total height over 2m in height (measured from the lower of the two adjacent ground levels).
2. The driveway crossover must match flush into the existing footpath levels at each edge of the footpath levels at each edge of the driveway. The longitudinal grade of the footpath must not be altered.

3. All redundant crossings shall be re-instated to the reasonable satisfaction of Council.
4. Before commencing any site works, a temporary vehicular access to the property for machinery, delivery of building materials and general vehicles should be provided. In the case where no driveway invert exists, the kerb can be saw cut and removed at the intended location for the new driveway invert to provide the necessary temporary access. In addition, if a paved Council footpath exists, this should also be removed in alignment with the removed section of kerb. The applicant should also take note of other information provided regarding use of, damage to and construction on Council owned land.
5. In assessing your application it has been determined that it is likely that you will be undertaking work that may affect the stability of adjoining land. Section 60 of the Development Act 1993 and Regulation 75 of the Development Regulations 1993, prescribe that your neighbour has a right to be notified by you 28 days prior to you undertaking that work. This is to enable your neighbour to obtain a report for which you are obliged to pay, that specifies any work that is required to be undertaken to ensure the stability of your neighbour's property is maintained during and following the undertaking of the work you propose. You should make yourself aware of these requirements before proceeding.
6. Council requires at least one business days notice of the following stages of building work:-
 - a) prior to the placement of any concrete for footings or other structural purposes (Note - Where an engineer carries out an inspection, Council will also require a copy of the inspection certificate); and
 - b) at the completion of wall and roof frames prior to the fixing of any internal linings.
7. On completion of building work, the Development Act requires the owner of the land on which the building work is carried out to provide to the relevant authority a signed Statement of Compliance by either a registered building work supervisor or private certifier declaring that the building work carried out is in accordance with the relevant approvals (pursuant to Regulation 83AB of the Development Regulations 1993).
8. The owner is advised that, should a licensed builder or contractor be engaged to carry out building works greater than \$12 000 in value, that builder or contractor will be required to supply to the Council a Certificate of Indemnity Insurance prior to commencement of that work.

Appeal Rights:

1. If you are not satisfied with this decision, there may be a right of appeal to you. Applicants have the right to appeal against a refusal or the imposition of any conditions or requirements on any consent issued, unless the application was for a non-complying kind of development. An appeal by an applicant must be lodged within two (2) months of receiving notice of the decision. Where Category Three public notification was involved, persons who lodged written representations during the formal consultation period, have the right to appeal against any decision made on that application. An appeal by a third party must be lodged within fifteen (15) business days of the date of the decision. All

appeals are lodged with the Environment, Resources and Development Court, Sir Samuel Way Building, Victoria Square, Adelaide, telephone: 8204 0300.

Approval Timeframes:

1. The proposed development must:
 - be substantially commenced within twelve months from the date full Development Approval is granted; and
 - be completed within three years of full Development Approval being granted
 noting that the operative date of any consent or approval, is subject to any appeal where applicable being finally determined.

NATURE OF PROPOSED DEVELOPMENT

Construct 3 two storey row dwellings, garages and verandahs

IN RESPECT OF THIS PROPOSED DEVELOPMENT YOU ARE INFORMED THAT:

NATURE OF DECISION	CONSENT GRANTED	NUMBER OF CONDITIONS	CONSENT REFUSED	NOT APPLICABLE
<u>Development Plan Consent</u>	19.12.2007	EIGHTEEN		
<u>Building Rules Consent</u>	02.06.2008	TWO		
<u>Development Approval</u>	TO BE ISSUED BY COUNCIL			

Reasons for this decision, any conditions imposed and the reasons for imposing those conditions are set out in the attached sheet.

This building has been assigned a classification **1a & 10a** for the purposes of Section 66 of the Development Act.

Dated: 02 June 2008
Signed: Grant Riches

Building Surveyor / Private Certifier

NO WORK CAN COMMENCE ON THIS DEVELOPMENT UNLESS A DEVELOPMENT APPROVAL HAS BEEN OBTAINED. IF ONE OR MORE CONSENTS HAVE BEEN GRANTED ON THIS NOTIFICATION FORM, YOU MUST NOT START ANY SITE WORKS OR BUILDING WORK OR CHANGE THE USE OF THE LAND UNTIL YOU HAVE ALSO RECEIVED NOTIFICATION OF A DEVELOPMENT APPROVAL.

NOTES FOR APPLICANTS

1. This decision was based on an assessment of the proposal against relevant legislation. Conditions imposed were designed to ensure satisfactory compliance with it.
2. You may have a right of appeal if this Notification is:
A refusal, OR
A consent or approval with conditions

Such an appeal must be lodged within two months of the day on which you receive this notice or such longer time as the Environment, Resources & Development Court may allow.
3. If your Application was the subject of third party representations, any consent or consent subject to conditions shall not operate until after fifteen business days from the date of the decision made on your application.

If there is an appeal by a third party, any consent or approval, or any consent or approval with conditions shall not operate until a determination of the appeal. Please contact the Environment, Resources & Development Court fifteen business days from the date of the decision on your application to find out if there has been an appeal lodged.

4. This development must be substantially commenced (for land division, you must apply for certificates of approval) within 12 months of the date of this Notification unless this period has been extended by the Council or Development Assessment Commission.

AND

Any act or work approved or required by this Notification must be completed within 3 years of the date of Notification or a longer time as allowed by the Council or the Development Assessment Commission.

You will require a new approval before commencing or continuing the development if you are unable to satisfy these requirements.

5. **Any new building or part thereof (except Class 1A and outbuildings) the subject of this approval/consent must not be occupied until a Certificate of Occupancy has been issued by Council or PBS Australia.**

To facilitate the issue of the Certificate of Occupancy, the **owner must lodge with the Council or PBS Australia a Written Statement** from a suitably qualified person.

In order for an owner to obtain a Certificate of Occupancy, Council or PBS Australia, must obtain a Written Statement from a licensed builder, who was responsible for undertaking any part of the building work, or from a person who holds the appropriate qualifications as prescribed in Part 15 of the Development Regulations, et. Building Surveyor, Assistant Building Surveyor, Building Surveying Technician, Registered Architect, and Private Certifier, which the building work has been carried out in accordance with the approval. The statement must also include information to the effect that any connections made to any:

- (a) public electricity source;
- (b) public water supply;
- (c) public sewer;
- (d) septic tank effluent drainage system;
- (e) public telecommunications system;
- (f) other service or facility provided by a public authority or utility

have been made in accordance with the requirements of the relevant authority or utility.

Where there is no licensed builder, notice to Council must be given, prior to the commencement of the work, of the name, address and telephone number of the person who is to provide the written statement.

The owner is to apply in writing for a Certificate of Occupancy.

6. Dwellings (Class 1A buildings) do not require a Certificate of Occupancy; however written statements are required to be lodged with the relevant authority. Owner builders may sign statements for work they are responsible for. If licensed builders (subcontractors) are engaged they are required to sign statements pertaining to the standard of work they have performed.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.
