## Notices

---

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

### **Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)**

#### Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

#### Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

#### ***Land Tax Act 1936* and *Regulations* thereunder**

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

#### ***Animal and Plant Control (Agriculture Protection and other purposes) Act 1986* and *Regulations***

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

#### ***Landscape South Australia 2019***

(c) AT THE TIMES AND IN THE MANNER FOLLOWING

Payable (if demanded by the Encumbrancee) on the 1st day of January in each year (starting on 1st day of January in the next calendar year immediately following the date of execution of this instrument) to the intent:

- that the Encumbrancee will hold the annuity to secure the compliance by the Owner with the covenants contained in this instrument; and
- that the Encumbrancee will not demand payment of the annuity if, and so long as, the Owner complies with all of the covenants.

IT IS COVENANTED BETWEEN THE ENCUMBRANCER AND ENCUMBRANCEE as follows:

IT IS COVENANTED by the Owner with the Encumbrancee and with all other persons claiming under the Encumbrancee as purchasers of any land in the Development Zone as follows to the intent:

- that the covenants in this instrument will run with and bind the land; and
- that the benefit of each of the covenants will be annexed to, and pass to future owners of, each and every part of the Development Zone.

1. One Main Dwelling

The Owner must not erect upon the land more than one main dwelling house (exclusive of all general domestic outbuildings).

2. Residential Dwellings

The Owner must not use or permit the land to be used for any purpose other than for the purpose of a private residential dwelling.

3. Temporary Dwellings

The Owner must not erect upon the land any building that is constructed of prefabricated material, nor any transportable dwelling house, nor any caravan or other temporary dwelling.

4. Building Materials

4.1 The Owner must not erect on the land any dwelling, outbuilding, fence, or any improvements that contain any brightly coloured and/or reflective materials.

4.2 The Owner must not erect any fence unless using in the construction of the fence double sided colourbond steel fencing materials 1800 mm in height of "Marino (Terrace)" colour, (or its equivalent).

5. Special dwelling features

5.1 The Owner must not, unless approved by the Encumbrancee, erect a dwelling on the land unless:

5.1.1 the external walls are constructed of brick, stone or rendered light weight construction materials; and

5.1.2 there is provision for accommodation of at least one vehicle either in the form of a carport under the main roof of the building or other suitable freestanding car accommodation having a roof line similar in style and of the same roofing materials as that of the principal dwelling.

5.2 The Owner must not, without the prior approval of the Encumbrancee, erect any fence or wall along any part of the boundary of the land which is forward of the front of the main dwelling EXCEPT where the land is a corner allotment, in which case the fence on the rear boundary may extend the full length of such rear boundary.

6. Landscaping

The Owner must not allow the area of land between the front alignment of the main dwelling and the kerb alignment or pedestrian walkway bordering the said land to remain unlandscaped after twelve (12) months of completion of the construction of the dwelling house.

7. Notice to Rectify Breach

- 7.1 If the Encumbrancee serves a written notice upon the Owner specifying a breach of any of the Owner's obligations under clauses 1, 2, 3, 4, 5 or 6; and
- 7.2 the Owner fails to remedy the breach within one calendar month from the date of service of the notice, then
- 7.3 the Encumbrancee, its servants, agents and contractors may enter the land and may take such action as the Encumbrancee deems necessary to remedy the breach; and
- 7.4 the Encumbrancee may recover from the Owner, in any Court of competent jurisdiction, the costs incurred in remedying the breach.

8. Acknowledgment of Building Scheme

The Owner acknowledges for the Owner and the Owner's successors in title:

- 8.1 that the foregoing covenants are entered into and undertaken for the purposes of the Encumbrancee's scheme of development for the lands comprised in the Development Zone; and
- 8.2 that the Encumbrancee has warranted that it has required, and will continue to require, each purchaser from the Encumbrancee of land in the Development Zone, as a condition of its sale, to execute an instrument in substantially similar form to this instrument and containing substantially similar covenants and other stipulations.

9. Release of Owner Upon Sale

Once a dwelling has been completed on the land, the following provisions will apply:

- 9.1 The rent charge and covenants contained in this instrument will be binding only upon the registered proprietor for the time being of the land.
- 9.2 Each successive registered proprietor of the land will be released from the payment of the rent charge and from the performance of the covenants immediately upon transferring the fee simple in the land to another person.

10. Sunset Clause

- 10.1 The rights and obligations of the Encumbrancee will cease twelve (12) months after the Encumbrancee ceases to be the registered proprietor of any of the residential building allotments created in the Development Zone.
- 10.2 For the avoidance of doubt it is expressly stated that the rights and obligations of the owners of any land in the Development Zone arising under the building scheme created by this encumbrance will continue despite the provisions of clause 10.1.

**11. Service of Notices**

11.1 A notice may be served on the Owner either:

- 11.1.1 by posting the notice in a prepaid envelope to the last known address of the Owner; or
- 11.1.2 if a dwelling has been erected on the land, by leaving the notice at or attached to the dwelling.

11.2 A Notice may be served on the Encumbrancee by being left at or posted in a prepaid envelope addressed to the Encumbrancee at its registered office in South Australia.

11.3 A notice served by post is deemed to have been served two (2) business days after posting.

**12. Interpretation**

12.1 In this instrument:

- 12.1.1 a reference to any gender includes all genders;
- 12.1.2 the singular includes the plural and vice versa;
- 12.1.3 a reference to a person includes a body corporate and vice versa;
- 12.1.4 a reference to a party includes the heirs, executors, successors or assigns of that party;
- 12.1.5 "the Owner" includes the Encumbrancer and each successive registered proprietor of the land (and, if there are two or more Owners at any time, the liability of those persons is joint and several);
- 12.1.6 "the Development Zone" means the Development Zone as designated on the plan annexed hereto and marked "A";
- 12.1.7 "the land" means the land subject to this instrument and includes any part of the land.

12.2 Nothing in this instrument prejudices:

- 12.2.1 the entitlement of the Encumbrancee to all the powers, rights and remedies given to the Encumbrancees under statute law or common law; or
- 12.2.2 the rights of the Encumbrancee (or of any other person) to an injunction or to damages in respect of a breach of any covenant by the Owner (or a previous Owner).

12.3 The burden of proving compliance with the covenants in this instrument lies on the Owner.

### **IMPORTANT INFORMATION REGARDING SEARCHES**

Warwick Conveyancing  
Shop 8 Scotty's Corner 3 Cliff St  
GLENELG EAST SA 5045

#### **Attention Conveyancers**

- **Section 187 certificate update request free of charge (One Update):**
  - Penalties and interest, property charges, payments or dishonoured payments can impact account balances on a daily basis.

To assist with financial adjustments as close as practicable to the date of settlement, your **Section 187 certificate will now be valid for 90 days**. Within this period Council will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

**Please Note: Section 7 certificates remain valid for a 30 day period only.**

- **BPAY biller code added to searches to enable electronic settlement of funds**
  - Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to Council electronically. Please note that this is Council's preferred method of payment and we request that you cease the use of cheques to affect settlement.
- **How to advise Council of change of ownership?**

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office, we are advocating that the **Purchaser's Conveyancer** to advise the change of ownership by following the below:

  - If you are using e-conveyancing to affect a sale, please **only issue advice to Council if the mail service address is different to what was lodged via the transfer at the LTO**. Council's new practice is to update ownership details including the mailing address in accordance with the advice provided by the Valuer General. Council has amended this change to align with SA Water practices and to provide an improved customer experience overall.
  - If lodging in person at Lands Title Office – Please send the change of ownership advice to Council via [mail@onkaparinga.sa.gov.au](mailto:mail@onkaparinga.sa.gov.au). Electronic settlement of funds is still preferred.

Yours sincerely

### **Note –**

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.
