- also
- For details of this item, including State Heritage Areas which have been authorised or put under interim effect since 15 January 1994, contact the Local Government Authority
- also
- Contact the Local Government Authority for other details that might apply to a place of local heritage value
- also
- For details of declared significant trees affecting this title, contact the Local Government Authority
- also
- Code Amendment**
- Lot 51 and 52 (86-88) Morphett Road - South Australian Jockey Club Incorporated (SAJC) are proposing to rezone approximately 1.5 hectares of land at 86-88 Morphett Rd Glengowrie, from the Recreation Zone to the Urban Neighbourhood Zone. For more information, refer to the 'Code Amendments' page on the PlanSA portal: https://plan.sa.gov.au/have_your_say/ or phone 1800752664.
- Code Amendment**
- Flooding Hazards Mapping Update - seeks to update the extent of the Hazard (Flooding – Evidence Required) Overlay in the Planning and Design Code in 13 local government areas and several Outback Areas of the State, based on more recent flood hazard mapping. For more information, refer to the 'Code Amendments' page on the PlanSA portal: https://plan.sa.gov.au/have_your_say/ or phone PlanSA on 1800752664.
- Code Amendment**
- Residential Driveway Crossovers –draft design standard aiming to improve public safety and enhance streetscapes across SA. Minor changes to the Planning and Design Code have also been drafted to complement the design standard and support its delivery and are open for consultation as part of this process. For more information, refer to the 'Code Amendments' page on the PlanSA portal: https://plan.sa.gov.au/have_your_say/ or phone PlanSA on 1800752664.
- Code Amendment**
- Southern Suburbs Residential Policy – Marion Council is seeking to rezone land across Darlington, Hallett Cove, Marino, O'Halloran Hill, Seaclyff Park, Seacombe Heights, Seaview Downs, Sheidow Park and Trott Park (the Affected Area), to provide a consistent policy approach to sloping land that facilitates opportunity for subdivision and redevelopment where appropriate. For more information, refer to the 'Code Amendments' page on the PlanSA portal: https://plan.sa.gov.au/have_your_say/ or phone PlanSA on 1800752664.
- Code Amendment**
- Tunnel Protection Overlay (early commencement) - The Department for Infrastructure and Transport is introducing a Tunnel Protection Overlay that will apply to the River Torrens to Darlington Project (T2D) tunnels. The Overlay aims to ensure that future

development activity and construction work nearby does not impact the tunnels. For more information, refer to the 'Code Amendments' page on the PlanSA portal: https://plan.sa.gov.au/have_your_say/ or phone PlanSA on 1800752664.

Code Amendment

Centre Zone Adjustment - Marion Council seeks to align the most appropriate zone and policy to each affected site and existing land use, to enable/support more efficient and effective future planning outcomes. For more information, refer to the 'Code Amendments' page on the PlanSA portal: https://plan.sa.gov.au/have_your_say/ or phone PlanSA on 1800752664.

Code Amendment

Statewide Bushfire Hazards Overlay - aims to review the current policy framework (spatial layers and policy content) of the six Hazard (Bushfire Risk) Overlays as well as explore other planning instruments and mechanisms to assist in mitigating bushfire hazard impacts. For more information, refer to the 'Code Amendments' page on the PlanSA portal: https://plan.sa.gov.au/have_your_say/ or phone PlanSA on 1800752664.

Code Amendment

Morphettville/Glengowrie Horse Related Activities - Marion Council is proposing to amend the planning policy relating to land located adjacent the Morphettville Racecourse on the southern side of Bray Street in Morphettville and the western side of Morphett Road in Glengowrie. For more information, refer to the 'Code Amendments' page on the PlanSA portal: https://plan.sa.gov.au/have_your_say/ or phone PlanSA on 1800752664.

|---|---|
| 1. Pipeline Authority of S.A. Easement | Epic Energy has no record of a Pipeline Authority Easement relating to this title |
| 2. State Planning Commission refusal | No recorded State Planning Commission refusal |
| 3. SA Power Networks | SA Power Networks has no interest other than that recorded on the attached notice or registered on the Certificate of Title |
| 4. South East Australia Gas Pty Ltd | SEA Gas has no current record of a high pressure gas transmission pipeline traversing this property |
| 5. Central Irrigation Trust | Central Irrigation Trust has no current records of any infrastructure or Water Delivery Rights associated to this title. |
| 6. ElectraNet Transmission Services | ElectraNet has no current record of a high voltage transmission line traversing this property |
| 7. Outback Communities Authority | Outback Communities Authority has no record affecting this title |
| 8. Dog Fence (<i>Dog Fence Act 1946</i>) | The Dog Fence Board has no current interest in Dog Fence rates relating to this title. |
| 9. Pastoral Board (<i>Pastoral Land Management and Conservation Act 1989</i>) | The Pastoral Board has no current interest in this title |
| 10. Heritage Branch DEW (<i>Heritage Places Act 1993</i>) | Heritage Branch in DEW has no record of any World, Commonwealth or National Heritage interest affecting this title |
| 11. Health Protection Programs – Department for Health and Wellbeing | Health Protection Programs in the DHW has no record of a public health issue that currently applies to this title. |

Notices

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

FAIRMONT HOMES PROPRIETARY LIMITED A.C.N. 007 724 094

of 21-24 North Terrace Adelaide SA 5000

OPERATIVE CLAUSE

THE ENCUMBRANCER ENCUMBERS THE ESTATE AND INTEREST IN THE LAND ABOVE DESCRIBED FOR THE BENEFIT OF THE ENCUMBRANCEE SUBJECT TO THE ENCUMBRANCES AND OTHER INTERESTS AS SHOWN HEREON WITH AN ANNUITY OR RENT CHARGE OF

(a) Insert the amount of the annuity or rent charge

(a) Ten cents (\$0.10)

(b) State the term of the annuity or rent charge. If for life use the words "during his or her lifetime"

(b) TO BE PAID TO THE ENCUMBRANCEE for the term of 3,999 years

(c) State the times appointed for payment of the annuity or rent charge. Any special covenants may be inserted on page 2.

(c) AT THE TIMES AND IN THE MANNER FOLLOWING

If demanded by the Encumbrancee on the 30th day of June in and every year commencing on the 30th day of June next occurring for the period of 3,999 years and with the performance of the following.

IT IS COVENANTED BETWEEN THE ENCUMBRANCER AND ENCUMBRANCEE as follows:

The Encumbrancer (which expression includes when "The Encumbrancer" is a corporate body its successors and assigns and when "The Encumbrancer" is a person that person's heirs executors administrators and transferees and where there is more than one corporate body and/ or person comprised in the expression then all of them jointly and each of them severally and their respective successors assigns heirs executors administrators and transferees and all of them) encumbers the said land as part of a common building scheme for the benefit of the Encumbrancee (which expression includes their respective successors and assigns) and covenants with the Encumbrancee (in addition to and without prejudice to the covenants on the part of the Encumbrancer and the powers rights and remedies of the Encumbrancee expressed or implied herein under and by virtue of the provisions of the Real Property Act 1886 as amended for the time being in force except insofar as the same are hereby expressed or implied, negated or modified) as follows:-

DURING THE TERM OF THIS ENCUMBRANCE THE ENCUMBRANCER:-

1. SHALL NOT, erect or suffer to be erected thereon more than one main dwelling house exclusive of all general domestic outbuildings.
2. SHALL NOT, use or permit the said land to be used for any purpose other than the purpose of private residential dwelling.
3. SHALL NOT, erect or suffer to be erected or to remain thereon a main dwelling house of prefabricated material, nor any transportable dwelling house, nor any caravan or other temporary dwelling.
4. SHALL, substantially commence construction of a dwelling upon the land within twelve (12) months after becoming registered as the proprietor of the said land.
5. SHALL, only construct a dwelling with the external walls being of brick or stone and roof materials being either colour coated steel, concrete or clay tiles.
6. SHALL NOT, unless otherwise approved by the Encumbrancee erect or cause or permit to be erected on the said land any building scheme which does not provide accommodation for at least one vehicle either in the form of a carport under the main roof of the building or other suitable free-standing car accommodation having a roof line similar in style and of the same roofing materials as that of the principal dwelling.
7. SHALL NOT, erect or cause or permit to be erected on the said land any dwelling, outbuilding, fence or any improvements the exterior of which is or contains any galvanised iron or brightly coloured reflective material.
8. SHALL NOT, without the prior approval in writing of the Encumbrancee, construct any fence or wall along those portions of any boundary of the said land from a point which is level with the front of any residence thereon down to the boundary with the roadway and where the said land abuts more than one roadway, THEN, it shall be permissible for the land whose rear boundary is also the side boundary of any adjoining land to be fenced along the full length of its rear

boundary and further, it shall be permissible but not obligatory for the said land to have two side fences in accordance with the provisions herein set out PROVIDED always that such said land shall always require a separate approval from the Encumbrancee as to the type of fencing materials used.

9. SHALL, only use beige colour coated steel fencing materials in the construction of any fencing, and the exterior of which is not of any brightly coloured or reflective materials on or around the said land.
10. SHALL, within a period of 6 calendar months after the completed construction of a dwelling house upon the said land, prepare and develop the said land in the form of landscaping between the front alignment of the said dwelling house and the kerb alignment or pedestrian walkway fronting or bordering the said land and thereafter maintain said landscaping in good order and condition.

Notwithstanding anything to the contrary hereinbefore contained, the Encumbrancer SHALL NOT, transfer any estate or interest in the said land (or any part thereof) without first causing the party in whose favour such estate or interest is to be transferred to execute a covenant under seal in favour of the Encumbrancee that such party will observe and perform all of the terms and conditions in this Memorandum of Encumbrance contained as if such party had been the original party to this Memorandum of Encumbrance as the Encumbrancer herein named and for the purposes hereof a contract of Sale and Purchase entered into by the Encumbrancer with a third party Purchaser and a subsequently executed and accepted Memorandum of Transfer with both the Contract and the Transfer subject to the provisions hereof shall be complete satisfaction of the requirements under this covenant.

The rights and obligations of the Encumbrancee (but not those of any person claiming under the Encumbrancee as purchasers of any part or parts of the Developments Zone) shall cease to have any operation or effect as of two (2) years after the practical completion of an approved dwelling upon the last remaining vacant allotment in the Development Zone or the 1st day of July 2008 whichever date is the earlier.

The Encumbrancer shall pay the costs of and incidental to the preparation, stamping and registration of this Encumbrance.

The Encumbrancer hereby covenants and agrees that notwithstanding anything to the contrary herein contained the Encumbrancee may from time to time in its absolute and unfettered discretion modify waive or release any of the covenants or stipulations expressed or implied in any Memorandum of Encumbrance or other instrument relating to any other land in the Plan of Division which created the said land and whether the same were entered into or imposed before or at the same time as or after the date hereof and no modification or waiver or release shall release the Encumbrancer or his successors in title from the covenants and other stipulations herein contained and Further if any covenant or stipulation of this Encumbrance shall for any reason be unlawful, void, invalid or unenforceable

THEN, such covenant or stipulation shall be severed therefrom without affecting the validity or the enforceability of the remainder. AND IT IS HEREBY EXPRESSLY AGREED between the Encumbrancer and the Encumbrancee that this Encumbrance may be pleaded by the Encumbrancee by way of estoppel to any action, claim or demand by the Encumbrancer and or any successors in title for damages, costs or otherwise howsoever arising.

CONDITIONS OF APPROVAL

PLANNING CONDITIONS

- (1) Development Established in accordance with Plans
Except where minor amendments may be required by other relevant legislation, or by conditions imposed herein, all development, including landscaping and fencing, is to be established in strict accordance with the details and plans submitted with Development Application dated 12 June 2002 and amended plans dated 7 August and 16 August 2002.
- (2) Boundary Fencing
All internal and boundary fencing is to be erected to a height of 1.8 metres above finished ground level and constructed of accepted materials which are compatible with and complement the character and appearance of existing and proposed structures to the reasonable satisfaction of Council. All costs shall be borne by the applicant/developer.
- (3) Fencing
Fencing proposed adjacent to driveway access points is not to exceed a height of 1.0 metre above finished ground level either side of the fence at its nearest point to the front property boundary and gradually raked up to an overall height of not more than 1.8 metres over a distance of not less than 7.5 metres.
- (4) Establishment of Development
All development is to be established in strict accordance with the plans and details dated as received 12/06/2002.
- (5) Siteworks
All siteworks, including finished ground and floor levels, are to be carried out to the reasonable satisfaction of Council.

DECISION NOTIFICATION FORM

DEVELOPMENT ACT 1993

DEVELOPMENT APPROVAL

DEVELOPMENT APPLICATION NO. 100/2002/998

No work can commence on the development unless a Development Approval has been obtained

Dated: 07/06/2002

Registered: 12/06/2002

The OWNER is required to give Council ONE BUSINESS DAYS notice of the following stages of building work:-

a) prior to the placement of any concrete for footings or other structural purposes;

Note: Where an engineer carries out an inspection Council will also require a copy of the inspection certificate; and

b) at the completion of wall and roof frames prior to the fixing of any internal linings.

Private Certifier

- (1) This Approval is subject to the 1 (one) condition(s) included in the attached Provisional Building Rules consent which has been issued by Peter Harmer of Katnich Dodd on 19/11/2002.

NOTES:

(1) Approval of this application is based on the said allotment(s) being consistent with dimensions and location of the allotment(s) (including the siting of easements) shown in the Deposited Plan approved by the Registrar General.

(2) Privately Certified:- Regulation 83AB - Notice of Completion

The licensed builder on the completion of building work shall supply a statement to the Certifier.

The statement shall be signed by the licensed builder and shall declare that the building work carried out is in accordance with the relevant approvals.

(3) It is the builder's responsibility to ensure that the Council's roads, footpaths and kerbing etc. is protected during the construction work.

The Council must be supplied with dated photos and measurements of any existing defects prior to commencement of the work, otherwise it will be assumed that all damage was caused during construction.

At the completion of the work, the builder is required to repair all damage caused during construction. Re-instatement must be carried out to the satisfaction of Council. Failure to do so will result in such repairs being carried out by the Council and charged to the builder.

(4) Prior to commencement of any site work, the builder is to arrange a temporary vehicular access to the property for machinery, delivery of building materials and general vehicles. In the case where no driveway invert exists on the site frontage, the back of kerb shall be saw cut and removed at the intended location for the new driveway invert to provide the necessary temporary access. In addition, if the site frontage has a paved Council footpath, this will also need to be removed in alignment with removed section of kerb.

CLASSIFICATION:	1a & 10a
DEVELOPMENT NO:	1002002/998
	CITY OF MARION

CONDITIONS

- 1) The roof trusses for the iron roof shall be
- a proprietary product designed and manufactured by a licensed manufacturer based on a certified design complying with the requirements of AS1720.1 and AS1649 utilising a design wind speed (V_w) of not less than 33 m/s, and
 - erected, installed and braced in accordance with AS4440 and the manufacturers specification.

BCA-P2.1

Notes

A full set of tie down details (Koukourou Engineers, Job No. 65010) for the iron roof for a wind speed of (V_w) of 33 m/s are retained on both Katnich Dodd and Council files.

This consent is issued on the understanding that the proprietary type materials and products as specified either on the architectural plans or specification are to be selected and installed in accordance with the manufacturers recommendations and relevant standards

Set-off dimensions shall be from the allotment boundaries and not necessarily the fence line.

The owner of the site is advised that a retaining wall will be required on the boundary to retain any cut or fill.

For building work prescribed in regulation 75, the building owner, must, at least 28 days before the building work is commenced cause to be served on the owner of the affected land or premises a notice of intention to perform the building work and the nature of that work, as required by Section 60.

The retaining wall less than 1000 mm high on the site boundary is pursuant to Schedule 3 deemed *not* to be development however under the provisions of Section 60 and Regulation 75 the associated excavation/ filling is deemed to be building work which affects the stability of the adjoining land and requires notice to be served on the adjoining owner.

Sleepers used in the construction of the retaining walls shall be:

- If timber, designed in accordance with AS 1720, of the correct durability class for timber in contact with the ground and resistant to termite attack, and
- If concrete, designed and detailed in accordance with AS 3600 Concrete Structure Code

The person proposing to undertake building work on land (or who is in charge of such work) is warned of their obligation to give the Council notice at stages prescribed in Regulation 74.

A person must not occupy a Class 1a building under the Building Code (or an addition to a Class 1a building) that has been completed in accordance with the development authorisation

insofar as it relates to the performance of building work unless it complies with the requirements prescribed in Regulation 83A.

Regulation 83AB requires a written statement of completion for Class 1a buildings to be provided to the relevant authority by

- the licensed building work contractor who has carried out the relevant work, or who was in charge of carrying out the relevant work, to which the statement relates, or
- if there is no such licensed building work contractor - a registered building work supervisor (including architect) or private certifier.

The location, design and capacity of the stormwater discharge at the property alignment should be approved by council prior to site works commencing. The drainage system should be completed by the finish of construction of the building. (Clause 5.5.3 of AS 2870)

The method of stormwater disposal must not result in the entry of water into any building or on to the land of any adjoining owner without their consent.

AS3660.1 - 'Termite Management - New Building Work', sets out methods for minimising the risk to new buildings from damage to their structural members by subterranean termites by deterring concealed entry by termites from the soil to the building. A termite barrier system constructed in accordance with this standard can not prevent termite attack, as barriers may be bridged or breached. Where termites bridge barriers the evidence may be detected during inspections which need to be carried out at intervals not exceeding 12 months to reduce the risk of termite damage. A durable notice shall be permanently fixed to the building in a prominent location such as a meter box or the like indicating the method of protection, and the date of installation of the system; and where a chemical barrier is used, its life expectancy as listed on the National Registration Authority label; and the need to maintain and inspect the system on a regular basis.

Building work adjacent to a property boundary and/or existing structure is proposed and this may compromise the effectiveness of the termite barrier. Documentation on the limitations of the termite barrier installed in this regard should be provided to the building owner.

The roof trusses shall be erected, installed and braced in accordance with AS4440, the manufacturers specifications and good trade practice. The truss design relies on bottom chord restraint at 600 mm centres; the builder is advised that standard 10 mm plasterboard does not provide this restraint.

All timbers exposed to the weather or in contact with the ground shall be durability class 1 or 2 (AS1720) or shall be adequately treated with preservative (AS1604). All nails used for framing anchor and straps shall be corrosion protected. Nails used in joints that are continuously damp or exposed to the weather shall be hot-dip galvanised, stainless steel or monel metal.

The assessment of the timber framing has been based on the understanding that the timber to be used for all structural elements has a minimum joint strength group of J4 or JD4.

The footings have not been designed to take into account the effect of trees located within a distance less than their zone of influence from the building whether they are on or outside of the allotment. If clarification is required, refer to the footing construction report or seek advice from the engineer.

The footings have only been checked for compliance with the minimum allowable requirements prescribed in AS2870. The owner is advised to refer to the footing construction report or seek advice from the engineer in this matter.

The owners attention should be drawn to Appendix B of AS 2870 'Performance Requirements and Foundation Maintenance'

Particular care should be exercised to ensure that the plumbing and perimeter paving is installed in accordance with the requirements of AS 2870 and engineers details.

The articulation or control joints in the masonry walls shall be installed in accordance with the Site Investigation and Footing Construction Report numbered D68817 by KOUKOUROU ENGINEERS.

Wet area details including floor grades, set-downs and impervious surfaces shall comply with Minister's Specification SA F1.7, including provision of drainage flanges.

All glazing shall be glazed in accordance with AS1288- 1994, including safety glass for full height windows, glazed doors, side panels and windows located over or adjacent to a bath/shower.

This report does not imply compliance with the Electricity Act, 1996 as amended or the regulations thereunder. It is the responsibility of the owner and the person erecting the building to ensure compliance with same.

REF NO.	2004/142

CONDITIONS

- 1 **Roof sheeting within 900mm of the boundary line shall have a spread of flame index of 0.**

Reason: The reason conditions have been imposed is to ensure that the proposed complies with the requirements of the South Australian Housing Code.

NOTE

The drawings indicate that part of the building work is to be constructed on or near the boundary. It is strongly advised that the boundary position be surveyed and pegged by a licensed land surveyor.

NOTES

The notes listed below are NOT conditions of approval but are brought to your attention (where applicable).

- The development herein granted Provisional Building Rules Consent has been assessed for compliance with the South Australian Housing Code or the Building Code of Australia. All work shall be undertaken in accordance with the plans and details accompanying the application, except where varied by conditions indicated above (if any).
- Where a building specification has not been provided the South Australian Housing Code shall be used as the building specification. Compliance with the South Australian Housing Code is accepted as compliance with the performance requirements of the BCA.

Please refer to the attached sheets for other important notes.

IMPORTANT NOTES – CLASS 1A, 10A

Development Act Notes Regarding Building Work.

Pursuant to Regulation 74 the council must be given 1 business day's notice of the commencement and completion of building work to this site.

Council may impose additional mandatory inspection stages when issuing the Development Approval. Should these be imposed, then you must notify council when those stages are reached.

Some councils perform only random audit inspections of a small percentage of building work within their council area. The applicant should consider engaging a professional to provide inspection services and advice during construction.

Important Notes Regarding Building Work:

- 1 All building work must be performed in accordance with the approved documents (Section 45, Development Act 1993).
- 2 Any changes to building materials or systems that may affect the structural soundness or safety of a building must be approved by Certification Approvals Australia.
- 3 In considering a proposal to substitute building items, Certification Approvals Australia may require the submission of evidence to show that the proposed products or system meet the "Deemed-to-Satisfy" provision, or the Performance Requirements of the Building Code.
- 4 The application has **NOT** been assessed for compliance with the commonwealth disability Discrimination Act or the Equal Opportunity Act. It is the responsibility of the owner to ensure compliance with same. This has been determined by a recent Environmental, Resources and Development Court determination that this assessment is not part of the assessment for compliance with Building Rules.
- 5 Any building owner who proposes to carry out any excavation or filling of a nature prescribed in Regulation 75 of the Development Regulations is required to serve upon the adjoining owner a notice of their intention to perform that work in accordance with Section 60 of the Development Act.
- 6 Regulation 83AB requires a written statement to be provided by the builder to the private certifier for Class 1a structures. This statement must declare that the completed building work has been carried out in accordance with the approved documents (disregarding any approved variations or variations of a minor nature).

Important Notes

- 1 The consent is for work that is to be carried out within the site boundaries and does not cover any work to be carried out in any adjoining public space. Approval for any work within the public space needs to be obtained from Council, which includes the location, design and capacity of the stormwater discharge at the property alignment, as well as vehicular access, service connections and locations, the temporary occupation of the footpath etc.
- 2 Stormwater shall be disposed of in such a manner that it does not flow or discharge onto any land of adjoining owners, lie against any building or create an insanitary condition. This applies also to the building whilst under construction.
- 3 It is advisable to contact the service authorities such as SA Water, ETSA, Origin Energy, AGL, Telstra, Department of Transport, Australia Post, Environmental Protection Authority (EPA), United Water etc and any easement owner or holder, where applicable, to seek their requirements or approval prior to commencing any building work on site.
- 4 Any work located on or near the boundary is the responsibility of the land owner. It is strongly advised that the boundary line be surveyed by a licensed land surveyor prior to the commencement of any work on the site.

Please Note: Important Notes Regarding Public Utilities

The installation, alteration or renewal of any public utility for this development work may require the approval of the Authority for the public utility and the applicant should ensure that all such approvals are obtained.

The notes listed below are **NOT** conditions of approval but are brought to your attention and apply where applicable.

- The development herein granted Provisional Building Rules Consent has been assessed for compliance with the South Australian Housing Code or the Building Code of Australia. All work shall be undertaken in accordance with the plans and details accompanying the application, except where varied by conditions indicated.
- Where a building specification has not been provided the South Australian Housing Code shall be used as the building specification. Compliance with South Australian Housing Code is accepted as compliance with the performance requirements of the BCA.

REGISTERED/...../19

Deputy Registrar

REGISTRAR-GENERAL

To the Registrar General:

1. PERRY BARR PTY LTD (ACN 007 583 691) and WOODEND PARK PTY LTD (ACN 007 583 717) ("the Owners") both of 68 Greenhill Road, Wayville SA 5034 have entered into the attached land Management Agreement dated the First day of December 1997 ("the Agreement") with CITY OF MARION of 245 Sturt Road, Sturt SA 5047 pursuant to Section 57(2) of the Development Act 1993 ("the Act").
2. The Agreement relates to the management preservation and conservation of portion of the land comprised in Certificate of Title Register Book:

VOLUME 1699 FOLIO 126
 VOLUME 4083 FOLIO 840
 VOLUME 4308 FOLIO 479 ✓
 VOLUME 5304 FOLIO 220 ✓
 VOLUME 5428 FOLIO 797 (formerly
 Volume 4345 Folio 16)

VOLUME 4080 FOLIO 944

JONATHAN SCOTT WATERS
LEGAL ASSISTANT

THIS DEED is made the

1st

day of

DECEMBER

1997.

BETWEEN:

CITY OF MARION of 245 Sturt Road, Sturt SA 5047 in the State of South Australia (hereinafter with its successors and assigns called "the Council") on the one part.

AND:

PERRY BARR PTY LTD (ACN 007 583 691) and WOODEND PARK PTY LTD (ACN 007 583 717) both of 68 Greenhill Road, Wayville SA 5034 in the said State (hereinafter with their executors administrators successors and assigns as the case may be called "the Owners") of the other part.

WHEREAS:

- A. **PERRY BARR PTY LTD** is the registered proprietor of an estate in fee simple in the whole of the land comprised in Certificate of Title Register Book:

VOLUME 1699 FOLIO 126
VOLUME 4083 FOLIO 840
VOLUME 4308 FOLIO 479
VOLUME 4345 FOLIO 16
VOLUME 5304 FOLIO 220

- B. **WOODEND PARK PTY LTD** is the registered proprietor of an estate in fee simple in the whole of the land comprised in Certificate of Title Register Book:

VOLUME 4080 FOLIO 944
VOLUME 4371 FOLIO 605
VOLUME 4371 FOLIO 606
VOLUME 4384 FOLIO 344

- C. The Owners have jointly applied to the Council for approval pursuant to the Development Act 1993 (hereinafter called "the Act") to divide the land referred to in Recitals A and B which land is contiguous and together constitutes a single development parcel (hereinafter called "the land").
- D. By development application numbered 100/D035/96 the Owners have sought approval to divide the land into 13 lots (hereinafter called "Superlots" 1 to 13 respectively) the boundaries of which are related to the relevant land use zone boundaries designated in the Council Development Plan. A reduced copy of the plan of division the subject of this application is annexed hereto (hereinafter called "the Proposal Plan").
- E. By a second development application numbered 100/D036/96 the Owners have sought approval to divide Superlots 1, 2, 4, 5 and 7 (hereinafter called "the Residential Superlots"), which correspond with the Residential (Worthing Mine) Zone, into a total of 1317 residential allotments (hereinafter called "the residential lots").
- F. The parties acknowledge that certain kinds of development within the Residential (Worthing Mine) Zone are listed as a complying kind of development pursuant to the provisions of the Council Development Plan.

- G. The parties wish to manage the quality and design of development on the residential lots, where such development is complying development pursuant to the Act, by introducing further conditions which must be satisfied by such development in addition to the conditions applicable to complying kinds of development.
- H. Pursuant to the provisions of Section 57(2) of the Act and generally the Owners have offered to enter into this Deed with the Council relating to the management preservation and conservation of the Residential Superlots.
- I. This is intended to be an interim measure until improved management of the residential lots can be effected by a Plan Amendment Report prepared by the Council pursuant to the Act to amend the provisions of the Council Development Plan relating to complying development within the Residential (Worthing Mine) Zone.
- J. No other persons have a legal interest in the Residential Superlots.

NOW THIS DEED WITNESSETH as follows:

1. Interpretation

- 1.1 The parties acknowledge that the matters hereinbefore recited are true and accurate and agree that they shall form part of the terms of this Deed.
- 1.2 In the interpretation of this Deed unless the context shall otherwise require or admit:
- (a) Words and phrases used in this Deed which are defined in the Act shall have the meanings ascribed to them by that Act.
 - (b) References to any statute or subordinate legislation shall include all statutes and subordinate legislation amending consolidating or replacing the statute or subordinate legislation referred to.
 - (c) The term "the Owners" where the Owners include a company includes its successors, assigns and transferees and where the Owners include a person, includes his heirs, executors, administrators and transferees and where the Owners consists of more than one person or company the term includes each and every one or more of such persons or companies jointly and each of them severally and their respective successors, assigns, heirs, executors, administrators and transferees of the companies or persons being registered or entitled to be registered as the proprietor of an estate in fee simple in the Residential Superlots subject however to such encumbrances, liens and interests as are registered and notified by memoranda endorsed on the Title thereof.
 - (d) The term "person" shall include a corporate body.

- (e) Words importing the singular number or plural number shall be deemed to include the plural number and the singular number respectively.
 - (f) Words importing any gender shall include every gender.
 - (g) Where two or more persons are bound hereunder to observe or perform any obligation or agreement whether express or implied then they shall be bound jointly and each of them severally.
 - (h) Any clause headings or marginal notes are for reference purposes only and shall not be resorted to in the interpretation of this Deed.
- 1.3 If any provision of this Deed shall be found by a court of competent jurisdiction to be invalid or unenforceable in law THEN and in such case the parties hereby request and direct such court to sever such provision from this Deed.
- 1.4 The law governing the interpretation and implementation of the provisions of this Deed shall be the law of South Australia.

2. The Owner's Obligations

- 2.1 This Deed is conditional upon the Registrar General depositing a plan of division in the Lands Titles Registration Office pursuant to Section 223 I e of the Real Property Act 1886 in essentially the same form as the Proposal Plan and the Council granting an effective development approval for the creation of the residential lots.
- 2.2 In respect of a residential lot, the Owners shall not undertake development of a kind described as complying in the Council Development Plan without the prior written consent of the Council unless such development meets the following criteria, where relevant:
- 2.2.1 To ensure a reasonable separation between dwellings and to minimise the potential for overshadowing of adjacent dwellings, the following boundary set-backs apply:
- (a) single-storey development, or single-storey components of a development, should be located no less than one metre from side (unless located on the boundary) and rear boundaries; and
 - (b) two-storey development, or two-storey components of a development, should be located no less than three metres from side and rear boundaries.
- 2.2.2 To allow maximum access to solar energy the minimum set-back of a dwelling from its northern boundary should be three metres, unless the building form does not permit a three metre set-back (as may be the case for semi-detached dwellings), in which case, a courtyard capable of containing a rectangle of six metres

by four metres should be provided immediately adjacent to that northern boundary.

A northern boundary is defined as any site boundary having a bearing of between 45 degrees and 135 degrees of true north and located at the northern extremity of the site.

2.2.3 Up to 15 metres of side walls of single-storey dwellings may be located on one side boundary of a site, provided that:

- (a) the side wall is not higher than 3.5 metres above natural ground level;
- (b) the gradient of the natural surface level of the site is less than 1-in-10 in any direction; and
- (c) the set-back to the other side boundary is a minimum of one metre.

2.2.4 Open-sided carports, verandahs and pergolas which require development approval may be located on one side boundary of a site, provided that the structure does not exceed three metres in height on the boundary.

2.2.5 Development should be designed to relate to the slope of the land, so that:

- (a) the amount of cutting and filling of the natural ground profile is minimised; and
- (b) the need for retaining walls is avoided, or the height of retaining walls is minimised.

2.2.6 Development should be designed to minimise energy use for heating, cooling and lighting through the application of an appropriate range of the following techniques:

- (a) use of windows to maximise absorption of heat from the sun in winter on north and east building surfaces;
- (b) use of deciduous trees, pergolas, verandahs and awnings to allow penetration of heat from the sun in winter yet provide shade in summer;
- (c) avoidance of large windows on south and west facing building surfaces, other than in buildings which can take advantage of views: and
- (d) avoidance of overshadowing of windows on the north and east faces of neighbouring buildings, and surfaces used for the collection of solar energy.

2.2.7 Development should be sited so that sunlight is available to the northern facade of the development and any adjacent existing

dwellingings for at least two hours between 9:00am and 3:00pm on 21 June.

2.2.8 Development should be designed so that as much stormwater as possible is retained on the development site through the application of an appropriate range of the following techniques:

- (a) the collection of roof run-off in rainwater tanks;
- (b) the use of rainwater for domestic purposes;
- (c) the direction of roof run-off onto garden areas; and
- (d) the design of paved areas so that stormwater is directed onto garden areas.

2.2.9 Each dwelling should have provision for car parking on the site of the dwelling at the rate of not less than 0.5 spaces per bedroom (or room that may be used as a bedroom) plus 0.5 spaces per dwelling. Where a second car park is provided in a tandem arrangement on a driveway, then the driveway gradient should be not more than 1-in-10.

2.2.10 The frontage of a dwelling, other than the driveway area should be landscaped to the reasonable satisfaction of the Council within 6 months of the occupation of the dwelling. Landscaping may comprise a combination of vegetation and paved surfaces, however paving should not constitute more than half of the area between the site frontage and the forward-most building alignment of a dwelling. Driveway width should not exceed 50 percent of the frontage of the site.

2.2.11 Development should seek to preserve and maintain existing mature vegetation, and in particular, vegetation which provides a screening effect between sites shall only be removed or cut back to facilitate the establishment of buildings that otherwise comply with the terms of this Deed..

3. Miscellaneous Provisions

3.1 The Owners shall not grant any lease or licence easement or other right of any nature whatsoever which may give any person the right to possession or control or entry upon the Residential Superlots or residential lots upon any terms whatsoever unless such grant shall be expressed in writing and shall contain as an essential term thereof a covenant by the grantee not to do or omit to do or suffer or permit any other person to do or omit to do any act matter or thing upon the Residential Superlots or residential lots which would constitute a breach of the provisions of this Deed if such act matter or thing were done or omitted to be done by the Owners.

- 3.2 The Council and any employee or agent of the Council authorised by the Council may at any reasonable time enter the Residential Superlots or residential lots for the purpose of:
- 3.2.1 inspecting the Residential Superlots or residential lots and any building or structure thereupon;
 - 3.2.2 exercising any other powers of the Council under this Deed or pursuant to law.
- 3.3 If the Owners are in breach of any provision of this Deed, the Council may, by notice in writing serviced on the Owners, specify the nature of the breach and require the Owners to remedy the breach within such time as may be nominated by the Council in the notice (being not less than twenty eight (28) days from the date of service of the notice) and if the Owners fail so to remedy the breach, the Council or its servants or agents may carry out the requirements of the notice and in doing so may enter and perform any necessary works upon the Residential Superlots or residential lots and recover any costs thereby incurred from the Owners.
- 3.4 If in a notice referred to in Clause 3.3 hereon the Council requires the removal of a building or structure from the Residential Superlots or residential lots the Council and its servants or agents are hereby authorised and empowered by the Owners to enter and remove the building or structure from the Residential Superlots or residential lots and to dispose of it in any manner determined by the Council provided that if the building or structure shall have any monetary value then the Council shall use its best endeavours to realise that monetary value and shall after the disposal account to the Owners and pay to them the realised value less all expenses incurred.
- 3.5 This Deed may not be varied except by a supplementary deed signed by the Council and the Owners.
- 3.6 The Council may waive compliance by the Owners with the whole or any part of the obligations on the Owners' part herein contained provided that no such waiver shall be effective unless expressed in writing and signed by the Council.
- 3.7 This Deed contains the whole agreement between the parties in respect of the matters referred to herein.
- 3.8 Notice shall for the purposes of this Deed be properly served on the Owners if it is:
- 3.8.1 posted to the Owners' last address known to the Council; or
 - 3.8.2 affixed in a prominent position on the relevant Residential Superlots or residential lots.
- 3.9 The Council may delegate any of its powers under this Deed to any person pursuant to Division V of Part III of the Local Government Act 1934 or pursuant to the Act.

- 3.10 The Owner hereby indemnifies the Council and agrees to keep it forever indemnified in respect of the whole of its costs and expenses of and incidental to the negotiation preparation stamping and registration of this Deed and the implementation including the enforcement of its terms.
- 3.11 The requirements of this Deed are at all times to be construed as additional to the requirements of the Development Act, 1993 and any other legislation affecting the subject land.
- 3.12 Each party shall do and execute all such acts documents and things as shall be necessary to ensure that this Deed is noted against the Certificates of Title for the Residential Superlots pursuant to the provisions of Section 57(5) of the Development Act 1993 in priority to any other registrable interest in the subject land save and except for the estate and interest of the Owner therein.
- 3.13 If the development approvals proposed to be granted by the Council with respect to the Proposal Plan or the residential lots cease to operate pursuant to Section 40(2) of the Act or are cancelled pursuant to Section 43 of the Act then in either event the Council shall upon the request of the Owner and at the cost of the Owner in all things execute and lodge with the Registrar-General an application to rescind this Deed.
- 3.14 The Council shall use its best endeavours to expeditiously prepare a Plan Amendment Report (or vary an existing Plan Amendment Report) to amend the provisions of the Council Development Plan relating to complying development within the Residential (Worthing Mine) Zone.
- 3.15 After authorisation of the Plan Amendment Report referred to in Clause 3.14 hereof the Council shall upon the request of the Owners and at the cost of the Owners in all things execute and lodge with the Registrar General an application to rescind this Deed.

IN WITNESS whereof the parties hereto have executed this Deed.

Dear Sir/Madam

Property Interest Report – receipt number 2524323

In response to your recent Property Interest Report request, I advise that a Private Mine (PM) was situated on the land title listed below:

Title Reference	Land Parcel	Tenement
CT5885/107	D60611 A333	PM 222

This private mine has been partially surrendered dated 8th August 2023 and no longer contains the land parcel listed above.

For your information, please find enclosed a map of the area.

If you have any further queries please contact me on the phone number above or email trish.mcguire@sa.gov.au.

Yours sincerely

Trish

Trish McGuire

Enc

This aerial map illustrates the proposed PM222 and PM48 projects in the Reynella area of Victoria, Australia. The map shows the following features:

- Project Areas:**
 - PM222:** A large area in the lower-left, highlighted in pink.
 - PM48:** A smaller area in the lower-right, highlighted in red.
- Geographical Features:**
 - Hallett Cove:** A large body of water in the upper-left.
 - Reynella:** A residential area in the center-right.
 - Lonsdale:** A residential area in the lower-left.
 - Sheidow Park:** A park area in the lower-right.
- Infrastructure:**
 - Southern Expressway:** A major road running diagonally across the lower-right.
 - Residential Streets:** Numerous streets are labeled, including Lonsdale Rd, Oval Rd, Wymah Ct, Elizabeth Ct, Corlew St, Reel St, Mariner Dr, Heron St, Ochre Ct, Stearns Dr, Robinson St, St Vincent Ct, Woodford Ct, Branch St, Elcom Ct, Platform Ct, Overland Ct, Tramway Ct, Capin St, and Grant Rd.

A scale bar for the map. It features two horizontal axes. The top axis is labeled 'mi' (miles) and has major tick marks at 0, 0.05, 0.1, and 0.2. The bottom axis is labeled 'km' (kilometers) and has major tick marks at 0, 0.1, 0.2, and 0.4. Above the top axis, the text '1:9,000' is displayed. Below the bottom axis, the text '© OpenStreetMap (and) contributors, CC-BY-SA' is displayed.

Particulars of building indemnity insurance	<i>See attached</i>

Does the council hold details of any development approvals relating to:

- a) commercial or industrial activity at the land; or
- b) a change in the use of the land or part of the land (within the meaning of the repealed Development Act 1993 or the Planning, Development and Infrastructure Act 2016)?

No

Description of the nature of the development(s) approved:

Note—

The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that—

- the approval of development by a council does not necessarily mean that the development has taken place;*
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.*

The information herein is provided pursuant to the Council's obligations under Section 7 of the Land Business (Sales Conveyancing) Act 1994.

Only that information which is required to be provided has been given and that information should not be taken as a representation as to whether or not any other charges or encumbrances affect the subject land.

I, Jasmine Emery, Administration Officer of the City of Marion certify that the information provided in these responses is correct.

Zones

Hills Neighbourhood (HN)

Subzones

No

Zoning overlays

Overlays

Affordable Housing

The Affordable Housing Overlay seeks to ensure the integration of a range of affordable dwelling types into residential and mixed use development.

Hazards (Flooding - Evidence Required)

The Hazards (Flooding - Evidence Required) Overlay adopts a precautionary approach to mitigate potential impacts of potential flood risk through appropriate siting and design of development.

Prescribed Wells Area

The Prescribed Wells Area Overlay seeks to ensure sustainable water use in prescribed wells areas.

Regulated and Significant Tree

The Regulated and Significant Tree Overlay seeks to mitigate the loss of regulated trees through appropriate development and redevelopment.

Stormwater Management

The Stormwater Management Overlay seeks to ensure new development incorporates water sensitive urban design techniques to capture and re-use stormwater.

Urban Tree Canopy

The Urban Tree Canopy Overlay seeks to preserve and enhance urban tree canopy through the planting of new trees and retention of existing mature trees where practicable.

Is the land situated in a State Heritage Place/Area

No

Open the SA Heritage Places Database Search tool to find the locations' Heritage Place Details.

<http://maps.sa.gov.au/heritagesearch/HeritageSearchLocation.aspx>

Is the land designated as a Local Heritage Place

No

Open the SA Heritage Places Database Search tool to find the locations' Heritage Place Details.

<http://maps.sa.gov.au/heritagesearch/HeritageSearchLocation.aspx>

Is there a tree or stand of trees declared in Part 10 of the Planning and Design Code (the Code) to be a significant tree or trees on the land? (Note: there may be regulated and/or significant trees on the land that are not listed in the Code - see below).

No

Under the Planning, Development and Infrastructure Act 2016 (the Act), a tree may be declared as a significant tree in the Code, or it may be declared as a significant or regulated tree by the Planning, Development and Infrastructure (General) Regulations 2017. Under the Act, protections exist for trees declared to be significant and/or regulated trees. Further information regarding protected trees can be found on the PlanSA website: <https://plan.sa.gov.au/>

Open the Online Planning and Design Code to browse the full Code and Part 10 - Significant Trees for more information.
