PO Box 191  
CAMPBELLTOWN SA 5074

**Attention Conveyancers**

○ **Section 187 certificate update request free of charge (One Update):**

- Penalties and interest, property charges, payments or dishonoured payments can impact account balances on a daily basis.

To assist with financial adjustments as close as practicable to the date of settlement, your **Section 187 certificate will now be valid for 90 days**. Within this period Council will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

**Please Note: Section 7 certificates remain valid for a 30 day period only.**

○ **BPAY biller code added to searches to enable electronic settlement of funds**

- Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to Council electronically. Please note that this is Council's preferred method payment and we request that you cease the use of cheques to affect settlement.

○ **How to advise Council of change of ownership?**

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office, we are advocating that the **Purchaser's Conveyancer** to advise the change of ownership by following the below:

- If you are using e-conveyancing to affect a sale, please **only issue advice to Council if the mail service address is different to what was lodged via the transfer at the LTO**. Council's new practice is to update ownership details including the mailing address in accordance with the advice provided by the Valuer General. Council has amended this change to align with SA Water practices and to provide an improved customer experience overall.
- If lodging in person at Lands Title Office – Please send the change of ownership advice to Council via [mail@onkaparinga.sa.gov.au](mailto:mail@onkaparinga.sa.gov.au). Electronic settlement of funds is still preferred.

Yours sincerely

#### CONDITIONS

##### Planning Consent

###### Condition 1

All development shall be completed and maintained in accordance with the plans and documents submitted with and forming part of the development application except where varied by the following conditions.

**Condition 2**

All wastewater infrastructure (including drains and septic tank) must be located on the same side of the boundary as the respective dwellings and comply with all relevant setback distance in accordance with the requirement of the Public Health (Wastewater) Regulations 2013.

**Condition 3**

The applicant must engage the services of one of Council's authorised plumbing contractors to install a new community wastewater management system (CWMS) connection to service 16 Hewitt Drive, McLaren Vale . All costs associated with the installation of the new CWMS connections are borne by the applicant.

**Condition 4**

Within four weeks of the completion of the installation the applicant must provide 'as constructed' drawings to Council for the extensions, modifications and/or additions to the Community Wastewater Management System (CWMS) required to enable CWMS connection to all allotments. 'As constructed' drawings must be of an acceptable quality indicating the location of CWMS connections (including connection invert depth), drains, flushing points, inspection points, rising mains, access chambers, and any other associated appurtenances with standard notation, legends and legible detail.

**Condition 5**

Within four weeks of the completion of the installation the applicant must provide the plumbing certificate of compliance for the extensions, modifications and/or additions to the Community Wastewater Management System (CWMS) (CWMS Works) required to enable CWMS connection to all allotments. The plumbing certificate of compliance must verify that all CWMS Works comply with the Water Industry Act 2012 and the South Australian Public Health Act 2011, including associated regulations and standards as applicable.

**Condition 6**

The applicant must engage the services of one of Council's authorised plumbing contractors to decommission the existing community wastewater management system (CWMS) connection servicing 16 Hewitt Drive, McLaren Vale (Decommissioning Works). All costs associated with the Decommissioning Works are borne by the applicant.

**Condition 7**

Within four weeks of the completion of the Decommissioning Works the applicant must provide the associated plumbing certificate of compliance. The plumbing certificate of compliance must verify that all Decommissioning Works comply with the Water Industry Act 2012 and the South Australian Public Health Act 2011, including associated regulations and standards as applicable.

**Condition 8**

A 3.0 metre wide easement (for sewerage purposes), granted to the City of Onkaparinga, is required over all existing Community Wastewater Management System (CWMS) infrastructure located within the allotment/s.

**Condition 9**

Pursuant to Regulation 34 of the Water Industry Regulations 2012, existing sanitary drains must be redirected by a suitably qualified person to ensure no sanitary drain lay across the boundary between any other allotment (On-site Wastewater Works). All On-site Wastewater Works must be undertaken in accordance with a wastewater works approval and the prescribed codes to the extent that they are applicable.

**Condition 10**

Within four weeks of completion of the On-site Wastewater Works the applicant must provide council with the associated plumbing certificate of compliance.

**Land Division Consent****Condition 1**

The existing wastewater connection currently servicing the dwelling on Allotment 50 is located within proposed Allotment 51. The wastewater connection shall be relocated to a new position within the proposed new boundaries of proposed Allotment 50 prior to Council issuing a Certificate of Compliance pursuant to Section 138 of the *Planning, Development and Infrastructure Act 2016* to the State Commission Assessment Panel.

*Part 3*

Notice NO

*Public and Environmental Health (Waste Control) Regulations 2010 (or 1995) revoked*

Part 2 – Condition (that continues to apply) of an approval NO

*An onsite wastewater system likely exists on this property, however, the council does not have records relating to the date of approval, relevant authority that granted the approval, condition(s) or type and size of any onsite wastewater system on the property. Further information regarding the requirements for the disposal of wastewater by an onsite wastewater system can be obtained from the councils Environmental Health section on 8384 0666.*

Community wastewater management system (CWMS) infrastructure can exist within private land and may not be identified on the associated certificate of title. The City of Onkaparinga (Council) is a licensed Water Industry Entity under the provisions of the *Water Industry Act 2012*.

*Further information held by council*

Does the council hold details of any development approvals relating to: NO

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

**Note –**

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

## General

### *Easement*

YES

Does a drainage easement exist? – Refer to Certificate of Title of subdivision plans (ie Deposited Plans, Community Plans, File Plans etc) for details of easements in the interests of other State Departments or Agencies).

Easements over private land may show on a certificate of title and indicate that council or another authority have some form of infrastructure within them, such as stormwater drainage pipes or other services. Refer to [Encroachment over council easements](#) on our website for further information.

Are you aware of any encroachment on the easement?

NO

### *Lease, agreement for lease, tenancy agreement or licence*

(The information does not include the information about sublease or subtenancy. The purchaser may seek that information from the lessee or tenant or sublessee or subtenant.)

NO

### *Caveat*

NO

## Other

*Charge for any kind affecting the land (not included in another item)*

NO

### **PLEASE NOTE:**

*The information provided is as required by The Land and Business (Sale and Conveyancing) Act 1994. The information should not be taken as a representation as to whether or not any other charges or encumbrances affect the subject land.*

## Notices

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

### **Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)**

#### Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

#### Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment ( For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

#### ***Land Tax Act 1936 and Regulations thereunder***

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

#### ***Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations***

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

#### ***Landscape South Australia 2019***

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. **Please Note:**

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

## CERTIFICATE OF LAND TAX PAYABLE

**PAYMENT REMITTANCE ADVICE**

**No payment is required on this Certificate**

**Please Note:**

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.
