6. The provisions of clause 5 do not in any way affect or prejudice the Encumbrancee's rights to:
 - 6.1 an injunction preventing or restraining any breach of the covenants in this encumbrance; or

Subdivision

7. The Owner must not divide the Land except with the prior written approval of the Encumbrancee.

Planning and zoning laws

 - 8.2 the conditions of any relevant consent or approval given by the relevant planning authority in which the Land is located ("relevant planning authority").
9. Any approval granted by the Encumbrancee does not constitute an agreement or representation as to the adequacy, suitability or fitness of the proposal, plans or specifications so approved, nor that the relevant planning authority will grant its approval. The Owner acknowledges that it will not place any reliance on the approval of the Encumbrancee, whether for the purposes of planning or zoning laws or otherwise.

Restrictions on works

10. The Owner must not carry out any development on the Land other than in accordance with the "Playford Alive Residential Design Code SA Housing Trust" published by the Encumbrancee and attached as Annexure A of this Encumbrance ("Design Code"), the Building Envelope Plan published by the Encumbrancee and attached as Annexure B of this Encumbrance ("Building Envelope Plan"), and the Driveway Location & Development Zone Plan published by the Encumbrancee and attached as Annexure C of this Encumbrance ("Driveway Location & Development Zone Plan").
11. The Owner must not do (or cause, suffer or permit to be done) any of the following on the Land except in strict accordance with plans and specifications that have received the prior written approval of the Encumbrance Manager:
 - 11.1 erect a dwelling;
 - 11.2 carry out any siteworks;
 - 11.3 erect a fence or wall;
 - 11.4 erect any external sign or hoarding, either freestanding or fixed to any other building or structure;

12. The Owner must not submit any plans of building works to the relevant planning authority for its approval until it has obtained the approval of the Encumbrance Manager and attaches a copy of the approval issued by the Encumbrance Manager to the development application.

Certificate of compliance

13. The Encumbrancee will procure the Encumbrance Manager to not unreasonably delay its consideration of any plans and specifications submitted by the Owner for approval, in respect of which:
- 13.1 the Encumbrancee will use all reasonable endeavours to ensure that the Encumbrance Manager does not act unreasonably in refusing any approval or imposing any condition of approval under clauses 10 and/or 11, however, the Owner acknowledges that any refusal or condition imposed by the Encumbrance Manager cannot be deemed to be unreasonable if the Owner's plans and specifications as submitted:
- 13.1.1 are contrary to any provision of the Design Code or this encumbrance; or
- 13.1.2 do not achieve the streetscape required by the Encumbrancee in the general locality in which the Land is situated. An example of this is where the plans and specifications will result in the same or a similar façade treatment to multiple dwellings located in close proximity to one another.
- 13.2 the Encumbrancee will arrange for the Encumbrance Manager to provide the Owner with written notification of its decision in respect of the Owner's submitted plans and specifications promptly after the Encumbrance Manager has made a decision in respect of the Owner's submitted plans and specifications (which notification will incorporate any condition of approval issued by the Encumbrance Manager).
14. Without limiting the obligations on the Owner under clauses 7 - 12 (inclusive) of this encumbrance, the Owner must not:
- 14.1 permit to be located on the Land any transportable building, caravan, tent or other similar shelter that is visible from the street or any other public place;
- 14.2 delay (or permit to be delayed) the preparation of detailed plans and specifications for the development of the Land and lodgement of those plans and specifications with the Encumbrance Manager for approval, and the Owner acknowledges and agrees that it will be deemed to have delayed in complying with this obligation if it has failed to lodge plans and specifications for its development of the Land within 6 months of the date of this encumbrance;
- 14.3 delay (or permit to be delayed) the substantial commencement of the development of the Land beyond the date which is 12 months from the date of this encumbrance;
- 14.4 delay (or permit to be delayed) the completion of development of the Land (in accordance with the plans and specifications and any conditions of approval of the relevant planning authority or Encumbrance Manager) and the Owner acknowledges and agrees that it will be deemed to have delayed in complying with this obligation if construction of the development on the Land in accordance with the approved plans and specifications and development approval has not been completed within 24 months after the date of this encumbrance (for the purposes of this clause 14.4, completion of development means the building work for all the approved building structures is complete except for minor omissions and defects which do not prevent the building structures from being reasonably capable of being used for its intended purposes and rectification of which will not prejudice the convenient use of the building structures and all work on the external facade and external surfaces of the building structures are complete and all defects and minor omissions have been rectified);
- 14.5 permit the Land to be resold or advertised for sale unless a residential dwelling has been constructed on the Land (in accordance with the provisions of this encumbrance) or unless the Encumbrancee has consented in writing to such resale and/or advertising.

Breach

15. If the Owner is in default in complying with its obligations under any of clauses 7 - 12 (inclusive) or 14, and the Encumbrancee serves a written notice on the Owner requiring the Owner to remedy that default within the period specified in the written notice (which rectification period will be not less than thirty (30) days from the date of the notice), and the Owner fails to remedy that default within the period specified in the notice, the Encumbrancee will have the right to repurchase the Land from the Owner (including any development that has been undertaken on the Land as at that time), and the Owner must transfer its interest in the Land to the Encumbrancee (or its nominee) if the Encumbrancee gives a written notice exercising this repurchase right at any time within twelve (12) months of the Encumbrancee becoming entitled to exercise its repurchase right (and at the time of the Encumbrancee giving written notice exercising this repurchase right the Owner has not fully remedied the default specified in the Encumbrancee's initial default notice to the Owner), in respect of which the following provisions will apply to such transfer of the Land to the Encumbrancee (or to its nominee):

15.1 The purchase price will be the aggregate of:

15.1.1 the price paid for the Land by the Owner to the Encumbrancee (as expressed on the Memorandum of Transfer under which the Owner purchased the Land from the Encumbrancee);

15.1.2 the market value of the improvements existing on the Land as at the date that the Encumbrancee exercises its repurchase right, which is to be determined by a valuer appointed by the Encumbrancee, which valuer:

- (a) is an expert and not an arbitrator;
- (b) must take into account, in determining the market value of the improvements the cost to complete any additional or required works which are required by the Encumbrancee in order for the works to comply with the approvals and development authorisations applicable to the Owner's development;
- (c) costs will be payable by the Owner and which the Encumbrancee is entitled to set off against the purchase price payable by the Encumbrancee for the purchase of the Land and the improvements;
- (d) determination is final and binding upon both parties;

15.2 the transfer will be subject only to this encumbrance;

15.3 settlement of the transfer will take place within thirty (30) days after the determination of the purchase price, in exchange for a proper registrable transfer of the Land (subject only to this encumbrance) and delivery of the duplicate certificate of title;

15.4 the Encumbrancee must pay the entire purchase price on settlement of the transfer of the Land;

15.5 the Owner must pay all of the Encumbrancee's costs incurred in relation to its default and the exercise of the Encumbrancee's repurchase right (which the Encumbrancee is entitled to set off against the purchase price for the Land and the improvements);

15.6 despite clause 15.5 the Encumbrancee will pay the stamp duty and Lands Titles Registration Office registration fees associated with this transfer;

15.7 the transfer will otherwise be on the terms and conditions contained in the then current Real Estate Institute Contract for Sale and Purchase of land.

16. The Encumbrancee (or its employees, agents or contractors) has the right to enter the Land at any time (after giving at least 48 hours notice to the Owner), for the purpose of inspecting the Land to determine whether any of the Owner's obligations under this encumbrance have been breached. The Owner must not do (nor cause nor permit the doing of) anything to obstruct or hinder such entry or inspection.

Owner's obligations on transferring the Land

17. The Owner must not sell or transfer or otherwise dispose (or grant any legal or equitable interest in) the Land except subject to this encumbrance and procuring a replacement encumbrance from the incoming purchaser to the Encumbrancee, which is to be on the same terms as this encumbrance, which replacement encumbrance must be registered on the title for the Land immediately after the transfer of the Land from the Owner to the incoming purchaser, and before any other interest in the Land is created.

Right of access for Encumbrancee for construction and other purposes

18. The Encumbrancer must not restrict the Encumbrancee including its employees, contractors, agents and invitees (together with any plant, equipment and machinery) from accessing the said land, from time to time, in order to complete construction and installation of civil works and civil services (whether located on the said land or not), including sewer and water infrastructure, electricity infrastructure, gas infrastructure, telecommunications infrastructure, stormwater infrastructure, fire services, footpaths, roads, street lighting, street landscaping and earthworks. The right of access contemplated by this clause 18 will be temporary such that it will expire when access for construction and installation of civil works and civil services is no longer required by the Encumbrancee and includes (but is not limited to) accessing the roof of any dwelling on the said land in cases where such dwelling is positioned on a common boundary

Waiver

19. The Encumbrancee may, in its absolute discretion, waive compliance with any of the requirements in the Design Code.

20. The Encumbrancee may modify, waive or release any of the covenants in this encumbrance.

21. A party's action or lack of it, on any breach of this encumbrance by the other does not affect the party's rights if the other repeats or continues the breach.

22. No waiver by the Encumbrancee is effective unless it is in writing and is signed by the Encumbrancee.
23. The Encumbrancee may, from time to time, in its absolute discretion, lessen, waive or release any of the covenants and other obligations expressed or implied in any encumbrance document relating to other land within the Development Zone, whether such encumbrance was entered into before, at the same time or after the date of this encumbrance, and any such waiver on our part does not release the Owner (or its successors in title) from the obligations expressed or implied in this encumbrance.

Severance of invalid clauses

24. If any clause of this encumbrance is void or unenforceable then it must be read down so that it is not void or unenforceable.
25. If it cannot be read down, it must be severed (that is, treated as if cut out).
26. The rest of this encumbrance is not affected if any clauses are read down or severed.

Payment of costs

27. The costs incidental to the preparation of this encumbrance, and the stamp duty and registration fee on it, must be paid by the Owner
28. The Owner must also pay the Encumbrancee any costs it incurs as a result of any breach of this encumbrance by the Owner or its employees, agents, contractors or invitees.

How notices may be given

29. All notices (including approvals or demands):
 - 29.1 must be in writing;
 - 29.2 must be given to the other party;
 - 29.3 can be given in person;
 - 29.4 can be left at the other party's address on page 1, or at the other party's last known address;
 - 29.5 can be sent there by post, but they must be correctly addressed and posted;
 - 29.6 can be given to the Owner by being left at, or sent by post to, the Land;
 - 29.7 are, if posted, treated as given the next business day after posting;
 - 29.8 may, if the party has a facsimile number, be sent by facsimile transmission to that facsimile number. In that case, the notice is treated as having been given when the sender's facsimile machine confirms that the transmission has been successfully completed; and
 - 29.9 may be signed by a party, or any person that party authorises to sign it.

Release on transfer

30. The Owner and its successors in title will be successively released and discharged from the payment of the Rent Charge and from the observance of the covenants and other stipulations contained and implied in this encumbrance upon ceasing to be registered owner of the Land to the intent that the Rent Charge and covenants and other stipulations will be binding only upon the registered proprietor for the time being of the Land.

Sunset Clause

31. The Encumbrancee's rights and obligations will cease five (5) years after the Encumbrancee ceases to be the registered proprietor of any land created in the Development Zone.
32. For the avoidance of doubt it is expressly stated that the rights and obligations of the owners of any land in the Development Zone arising under the building scheme created by this encumbrance will continue despite the provisions of clause 32.
33. The Owner acknowledges that the Encumbrancee may in its absolute discretion, at any time after completion of an approved building on the last remaining vacant allotment in the Development Zone (excluding any allotment on which no dwelling is permitted to be constructed), discharge all encumbrances throughout the Development Zone, without the Encumbrancee having to give any notice to the Owner.

Other Remedies

34. In addition to all the rights and powers as set out in this encumbrance, the Encumbrancee is entitled to all the powers, rights and remedies given to encumbrancees by the Real Property Act 1886.
