Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Further information held by council

Does the council hold details of any development approvals relating to:

NO

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

Note –

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

General

Easement

Does a drainage easement exist? – Refer to Certificate of Title of subdivision plans (ie Deposited Plans, Community Plans, File Plans etc) for details of easements in the interests of other State Departments or Agencies).

Are you aware of any encroachment on the easement? NO

The purchaser may seek that information from the lessee or tenant or sublessee or subtenant.) NO

IT IS COVENANTED BETWEEN THE ENCUMBRANCER AND ENCUMBRANCEE as follows:

IN CONSIDERATION of the transfer of the said land to the Owner by the Trusts FOR VALUABLE CONSIDERATION hereby acknowledged to have been received by the Owner from the Trusts AND DESIRING TO render the said land available for the purposes of securing to the Trusts the rent charge hereinafter mentioned and the performance and observance of the covenants on the part of the Owner hereinafter contained the Owner DOES HEREBY ENCUMBER the said land with the payment to the Trusts of the annual sum or yearly rent charge of TEN CENTS (10c) payable (if demanded by the Trusts) on the 1st day of July in each and every year commencing on the 1st day of July next after the execution hereof to the intent that the Trusts shall hold the said rent charge in perpetuity for an estate in fee simple AND with the performance and observance of the covenants on the part of the Owner hereinafter contained PROVIDED THAT the Trusts shall not demand payment of the said rent charge if and so long as the Owner and his successors in title shall duly perform and observe all the covenants and other stipulations hereinafter contained (and the burden of proving such performance and observance shall lie upon the Owner), but none of the previous provisions for or in respect of payment of the said annuity or rent charge shall in any way affect or prejudice the rights of the Trusts or any other person claiming under the Trusts as purchaser of any part or parts of the Development Zone to an injunction to prevent or restrain any breach of the covenants and other stipulations hereinafter contained or to damages for any such breach.

The Owner for itself and its successors in title HEREBY COVENANTS with the Trusts as proprietor of and with all other persons claiming under the Trusts as purchasers of any part or parts of the Development Zone being all the land and allotments delineated in the plan deposited in the Lands Titles Registration Office numbered 37192 (to the intent that the benefit of such covenants shall be annexed to and devolve with each and every part of the said Development Zone other than the land hereby encumbered) as follows:-

2. PROVIDED THAT the Trusts will not unreasonably or capriciously refuse or withhold any such approval but a refusal shall not be or be deemed unreasonable or capricious if a registered architect in private practice shall have certified that the proposed works do not conform with the general standards of design and planning of the development of other lands within the Development Zone or that the proposed works are undesirable by reason of the effect they would have upon the development, appearance, health or amenity of the neighbourhood or any part of it.

3. That no undue delay will be permitted by the Owner to occur in the commencement or in the completion of any work approved by the Trusts and no variation to such work as approved will be permitted other than in accordance with the terms of any subsequent written approval of the Trusts given before such variation was commenced.
4. 5. That the Owner will pay to the Trusts on demand all costs (including legal costs) and expenses incurred by the Trusts its servants agents or contractors in respect of any breach by the Owner of its obligations under this Encumbrance and any action taken to remedy the same.
