Helping All Asbestos Owners for ACT homes built before 1985

Asbestos is hazardous but it can be managed safely.

Follow the three steps for managing materials containing asbestos (MCAs) in your home.

Step 1. Identify where MCAs may be in your home When was your house built?

- If your house was built before 1985, the table below gives you an indication of where you are likely to find MCAs in your home. There is also a diagram on the back of this sheet showing where MCAs are commonly found.
- If your house was built after 1985, it is unlikely to contain MCAs.
- If in doubt, assume that materials DO contain asbestos.

Common locations of MCAs in ACT homes*

(Percentage (%) of properties sampled where asbestos was detected)

Location	Pre 1965	1965–1979	1980–1984	1985–now [#]
Eaves	86%	92%	40%	0%
Garage/shed	80%	70%	15%	0%
Bathroom	54%	75%	50%	0%
Laundry	75%	80%	50%	0%
Kitchen	52%	23%	15%	0%

*Results of 2005 Asbestos Survey of over 600 ACT Homes. *One MCA was found in a 1985 house supporting roof tiles on a gable end.

Step 2. Assess the risk

Visually check the condition of the MCA – is it cracked, broken, etc?

- If it's in good condition and left undisturbed, it does not pose a health risk.
- If you suspect it is not in good condition, arrange for appropriate maintenance or removal by a qualified person.

Step 3. Manage safely

Make sure you remember to:

- Keep an eye on MCAs to make sure they remain in good condition.
- Consider removal of the MCA by a qualified person, when renovating or doing home repairs.
- Inform tradespeople working on your home of the location of any possible MCAs.
- Engage a qualified person if you decide to obtain a professional asbestos report on MCAs in your home.

For further information or advice on managing asbestos or home renovations visit the asbestos website www.asbestos.act.gov.au or call **13 22 81**.

1. THE lessee covenants with the Commonwealth as follows:-

- (a) That the lessee will ~~in respect of the first year of the said term~~ pay to the Minister on behalf of the Commonwealth or to such person as may be authorised by the Minister for that purpose at Canberra in the said Territory the ~~rent hereby reserved in advance without any deduction whatsoever~~ and that the lessee will during the remainder of the said term pay the rent hereby reserved at the rate aforesaid in the following manner namely in advance for the period commencing on the seventeenth day of September and ending on the thirty first day of December and thereafter by quarterly payments in advance on the FIRST day of January and the FIRST day of July and the FIRST day of October in each year to the Minister or to such person as may from time to time be authorised by the Minister for that purpose at Canberra aforesaid without any deductions whatsoever the first of such quarterly payments to be made on the FIRST day of January One thousand nine hundred and seventy one; amount of 324-07
- (b) That the lessee will pay to the Minister on behalf of the Commonwealth or to such person as may be authorised as aforesaid at Canberra in the said Territory as additional rent a sum at the rate of Eight dollars per centum (8%) per annum of rent payable under this lease which may remain unpaid for one calendar month after the day appointed for payment thereof computed from the expiration of the said calendar month to the date upon which such payment is made such additional rent to be added to and paid with the said amount of rent;
- (c) That the lessee will within six months from the seventeenth day of September One thousand nine hundred and seventy or within such further time as may be approved in writing by the Commonwealth or the Minister on behalf of the Commonwealth for that purpose commence to erect one building only (with necessary and usual outbuildings and fences) on the said land at a cost not less than the sum of twelve thousand dollars and in accordance with plans and specifications prepared by the lessee and previously submitted to and approved in writing by the Commonwealth or the Minister on behalf of the Commonwealth;
- (d) That the lessee will within twelve months from the seventeenth day of September One thousand nine hundred and seventy or within such further time as may be approved in writing by the Commonwealth or the Minister on behalf of the Commonwealth complete the erection of the said building at a cost not less than the said sum of twelve thousand dollars and in accordance thereto;
- (e) That the lessee will at all times during the said term maintain repair and keep in repair all buildings and erections on the said land all to the satisfaction of the Minister;
- (f) That the lessee will not without the previous approval in writing of the Commonwealth or the Minister on behalf of the Commonwealth erect any building on the said land or make any structural alterations in any building erected on the said land;
- (g) To use the said land for residential purposes only;
- (h) If and whenever the lessee fails to repair or keep in repair any building or erection on the said land the Commonwealth or the Minister on behalf of the Commonwealth may by notice in writing to the lessee specifying the wants of repairs require the lessee to effect repairs in accordance with the said notice or to remove the building or erection and if after the expiration of one calendar month from the date of the said notice or such longer time as the Commonwealth or the Minister on behalf of the Commonwealth may in writing allow the lessee has not effected the said repairs or removed the building or erection the Minister or any person or persons duly authorised by the Commonwealth or the Minister in that behalf with or without carts or other vehicles horses or other animals may enter upon the said land and effect the said repairs or (if the Minister is of opinion the building or erection is beyond reasonable repair) may demolish and remove the building or erection and all expenses incurred by the Commonwealth or the Minister in effecting such repairs or in demolishing and removing the building or erection shall be paid by the lessee to the Commonwealth on demand and from the date of such demand until paid shall for all purposes of this lease be deemed to be rent payable under this lease and unpaid by the lessee;

- (i) To permit any person or persons authorised by the Commonwealth or the Minister on behalf of the Commonwealth in that behalf to enter upon the said land at all reasonable times and in any reasonable manner and inspect the said land and any buildings erections and improvements thereon.
- (j) That the building referred to in paragraph (c) hereof shall be a single private dwelling house; Provided that the Minister on behalf of the Commonwealth may permit modifications or extensions to the building so that the building contains or has attached to it one subsidiary self-contained flat unit, the total floor area of which shall not be greater than fifty per centum of the remainder of the whole building.

Scale 60 feet to an inch

2. THE Commonwealth covenants with the lessee—
- That the lessee may at any time upon payment of all rent and other moneys due to the Commonwealth under this lease surrender this lease to the Commonwealth but subject to any law of the Territory to the contrary the lessee shall not be entitled to receive any compensation from the Commonwealth in respect of such surrender or in respect of any buildings erections or improvements upon the said land;
 - That the unimproved value of the said land shall be re-appraised for the purpose of determining the rent payable under this lease only in the twentieth year of the term of this lease and in every twentieth year thereafter.

3. IT IS MUTUALLY COVENANTED AND AGREED as follows—

- That if—
 - any rent payable under this lease shall remain unpaid for twelve calendar months next after the date appointed for payment thereof (whether such rent shall have been formally demanded or not); or
 - a building in accordance with sub-clause (c) of clause 1 of this lease is not commenced within the period specified in the said sub-clause; or
 - a building in accordance with sub-clause (c) of clause 1 of this lease is not completed within the period specified in sub-clause (d) of the said clause; or
 - after completion of a building as aforesaid the said land is at any time not used for a period of one year for the purpose for which this lease is granted
 the Commonwealth or the Minister on behalf of the Commonwealth may determine this lease but without prejudice to any claim which the Commonwealth or the Minister on behalf of the Commonwealth may have against the lessee in respect of any breach of the covenants on the part of the lessee to be observed or performed;
- That acceptance of rent by the Commonwealth or the Minister or a person authorised by the Minister for that purpose during or after any period referred to in paragraph (ii) (iii) or (iv) of sub-clause (a) of this clause shall not prevent or impede the exercise by the Commonwealth or the Minister on behalf of the Commonwealth of the powers conferred upon it by sub-clause (a) of this clause;
- If at the expiration of this lease the Minister shall have decided not to subdivide the said land and that it is not required for any Commonwealth purpose and shall have declared the said land to be available for lease the lessee shall be entitled to a further lease of the said land for such further term and at such rent and subject to such conditions (including re-appraisalment of rent) as may then be provided or permitted by Statute Ordinance or Regulation. If the Minister shall have decided to subdivide the said land the lessee shall be entitled to a lease under the Statutes Ordinances and Regulations then in force of any one block which forms part of the said land and which the Minister shall have declared to be available for lease;
- That in this lease the expression "Minister" shall mean the Minister of State of the Commonwealth for the time being administering the *City Area Leases Ordinance 1936-1969* including any amendments thereof or any Statute or Ordinance substituted therefor or the member of the Executive Council of the Commonwealth for the time being performing the duties of such Minister and shall include the authority or person for the time being authorised by the Minister or by law to exercise the powers and functions of the Minister under the *City Area Leases Ordinance 1936-1969* including any amendments thereof or any Statute or Ordinance substituted therefor;
- That any notice requirement demand consent or other communication to be given to or served upon the lessee by the Commonwealth or the Minister under this lease shall be deemed to have been duly given or served if signed by or on behalf of the Minister and delivered to or sent in a prepaid letter addressed to the lessee at the said land or at the usual or last-known address of the lessee or affixed in a conspicuous position on the said land;
- That if the lessee shall consist of one person the word "Lessee" shall where the context so admits or requires be deemed to include the lessee and the executors administrators and assigns of the lessee;
- That if the lessee shall consist of two or more persons the word "Lessee" shall where the context so admits or requires in the case of a tenancy in common be deemed to include the said persons and each of them and their and each of their executors administrators and assigns and in the case of a joint tenancy be deemed to include the said persons and each of them and the administrators executors and assigns of the survivor of them;
- That if the lessee shall be a corporation the word "Lessee" shall where the context so admits or requires be deemed to include such corporation and its successors and assigns.

IN WITNESS whereof this Lease has been executed in the name of the Commonwealth of Australia by the Minister and by the lessee.

DEVELOPMENT APPLICATIONS ON THE ADJACENT PROPERTIES (LAST 2 YEARS ONLY)

The information on development applications on adjacent blocks is to assist purchasers to be aware of possible nearby development activity. Copies of development application(s) can be inspected at ACTPLA's Customer Service Centre, please contact ACTPLA on 6207 1923 to ensure plans are readily available.

PLEASE NOTE: This information does not cover all development activity.

Since the introduction of the Planning and Development Act 2007 a significant range of development activity can now be undertaken without development approval . The full list of activities that are exempt from development approval can be found in the Planning and Development Regulation 2008. Activities that are exempt from development approval include, but are not limited to, new or additions to single residences that comply with relevant Territory Plan codes, certain sheds, carports, pergolas etc. This report does not cover such exempt development activity. For more information on exempt development activities refer to www.actpla.act.gov.au or contact ACTPLA on the number above.

LAND USE POLICIES

To check the current land use policy in the suburb that you are buying a property in, please check the Territory Plan online at <http://www.legislation.act.gov.au/nr/2008-27/current/default.asp>

CONTAMINATED LAND SEARCH

Records held by the Environment Protection Unit (EPU), Environment ACT for the land indicate the following:

The block is not recorded on the Register of contaminated sites under section 21(A) of the Environment Protection ACT 1997.

At present the EPU has no information on the contamination of the land. However, this does not absolutely rule out the possibility of contamination and should not be interpreted as a warranty that there is no contamination.

I appreciate that this does not absolutely rule out the existence of contamination of the soils. If you or your clients wish to be completely sure you, or they, should arrange to conduct independent tests.

ASBESTOS SEARCH

Records held by ACTPLA indicate that loose asbestos was not identified in the ceiling cavities of these premises (but not including any shed or garage on the property) during the government programme conducted in the early 1990's. However, ACTPLA cannot say anything about the presence or otherwise of loose asbestos on these premises since that program was conducted.

Notwithstanding the above, ACTPLA gives no warranty or assurance in relation to the accuracy of the information provided above and the enquirer should make their own enquiries and obtain their own reports in relation to the presence or otherwise of asbestos on these premises.

PREAMBLE

Upon receipt of this Standard Property Report, the purchasing client enters into a contract devised solely as per AS 4349.0 and AS4349.1-2007.

This report has been compiled after a visual inspection of the property, with an objective of identifying any defects (whether minor or significant) to the property that were visible and present at the time of inspection.

This report does not cover all aspects of the building and must be read in conjunction with the scope and limitations document contained within.

It may not include all items that were inspected and found to be in a good condition or all minor faults or defects as defined below:

AS 4349.1 “Minor fault or defect a matter which, in the view of age, type or condition of the residential building, does not require substantial repairs or urgent attention and rectification.”

This report uses the following grading system:

- **GOOD**

Of acceptable industry standards

and free of defects

and requiring no repairs.

(superficial defects accepted).

- **FAIR**

Of below acceptable industry standards

or has minor defects

or has minor signs of deterioration

and is functional.

- **POOR**

Of well below acceptable industry standards

or has defects requiring extensive repair or replacement

or has obvious signs of deterioration.

DESCRIPTION OF PROPERTY.

This is a two storey, brick veneer and full brick residence constructed on a concrete slab to a standard block. There are concrete roof tiles, timber flooring and timber window frames to the home. A double garage has been built to the left hand side, under the same roofline as the residence. The electric 250 litre hot water service has been installed to the downstairs of the property.

STRUCTURAL MOVEMENT / CRACKING.

- Cracking to the garage wall has been repaired.
- Cracks to the wall to the rear extension facing the courtyard are classified as Category 2 by Australian Standards.

There is insufficient information available to determine the cause or significance of this cracking.

EXTERNAL.

- Brickwork is in a good condition.
- Paintwork is in a fair condition. Painting is an ongoing maintenance item to protect the timbers from the natural elements.
- Box guttering is in a good condition.
- Landscaped gardens are in a good condition.
- Garden shed is in a good condition.
- Front entry is in a good condition.
- Rear entry is in a good condition.
- Timber decking and steps are in a fair condition with dry rot to the post.
- Decking, railing and steps to the side are in a good condition.
- Rear pergola with polycarbon roof sheeting is in a fair condition. Several areas have dry rot.
- Paving is in a good condition.
- Brick retainer walls to the front are in a good condition.
- Stone retainer walls to the rear are in a good condition.
- Paved driveway is in a good condition.

SWIMMING POOL.

- In-ground swimming pool appears to be in a good condition.
- Pump and filter are in a working order at the time of inspection.
- Swimming pool fence is not required but is recommended. (Updated 24/10/2014).
- Note* a full inspection has not been carried out to this area. For further examination it is recommended that a qualified swimming pool specialist be consulted.

GARAGE.

- Brick garage is in a good condition.
- Gyprock ceiling is in a fair condition. Paint is peeling.
- Cracking to the wall has been repaired.
- Two single roller doors are in a good condition. Remote controls are fitted.

FENCES.

- Paling fences to the left, right and rear are in a good condition.
- Metal gate to the right hand side is in a good condition.
- Metal gate and brick fence to the left hand side are in a good condition.

WINDOWS.

- Timber window frames are in a good condition.
- Flyscreens fitted to the windows are in a good condition.

EXTERNAL DOORS.

- External doors to the front, rear and laundry are in a good condition.
- Security flyscreen doors to the front, rear and laundry are in a good condition.

ROOF.

- Pre-fabricated Radiata roof trusses appear to be aligned and in a good condition.
 - Concrete roof tiles are in a good condition.
 - Ridge capping is in a good to fair condition.
 - Bedding and pointing is in a good to fair condition.
- The re-bedding and re-pointing of these tiles is an on going maintenance item to prevent moisture from entering the roof space. Further advice when required should be sought from a practising roof tiler.
- Eaves are in a good condition.
 - Box guttering is in a good to fair condition with surface rust. Right hand side guttering requires repairs or replacement.
 - Downpipes are in a good condition.

INSULATION.

- There is R3.0 loose Rockwool insulation to the ceilings and sisalation to the residence.

Note* R5.0 ceiling insulation is the recommendation for the ACT region.

PLUMBING and DRAINAGE.

- Inspection of stormwater, plumbing and sewerage drainage is not possible as these areas are not accessible to our inspectors.

SUB FLOOR.

- Timber bearers and joists on brick piers and Radiata T & G flooring appear to be aligned and in a good condition.
- Ventilation appears to be adequate and the ground is dry.
- There is termite shielding in place to the piers only.

INTERNAL.

- Gyprock, solid brick and timber panel walls are in a good condition.
- Gyprock ceilings are in a good condition.
- Paintwork is in a good to fair condition.
- Carpets, vinyl, timber and tiles are laid to the floors.
- Alarm system installed to the residence has not been tested.
- **Lights, heating, hot water service and other household fittings and appliances have not been tested as part of this inspection.**

HEATING.

- A heating unit has been ducted to the floors and two evaporative air conditioners have been ducted to the ceilings of the residence.

ENTRY.

- Gyprock walls and ceiling are in a good condition.
- Tiles are laid to the floor.
- Two door cloak cupboard is in a good condition.

LOUNGE ROOM.

- Gyprock and timber panel walls are in a good condition.
- Gyprock ceiling is in a good condition.
- Carpet and tiles are laid to the floor.
- Curtains are fitted to the four windows and glass door.

FAMILY ROOM / MEALS AREA.

- Gyprock walls are in a good condition.

- Timber vinyl is laid to the floor.
- Curtains and Holland blinds are fitted to the three windows.

STUDY.

- Gyprock walls and ceiling are in a good condition.
- Carpet is laid to the floor.
- Curtains are fitted to the two windows.
- Built-in cupboard and benchtop are in a good condition.

LAUNDRY.

- Villaboard walls and gyprock ceiling are in a good condition.
- Tiles are laid to the floor.
- Curtains are fitted to the window and glass door.
- Laundry tub and taps are in a good condition.
- Two door cupboard and benchtop are in a good condition.

KITCHEN.

- Gyprock walls and ceiling are in a good condition.
- Vinyl timber is laid to the floor.
- Cupboards and benchtop are in a good condition.
- Oven, grill and hotplates have not been tested.
- Rangehood has not been tested.
- Dishwasher has not been tested.
- Kitchen sink has no signs of leaks.
- Tap mixer is in a good condition.
- Splashback tiles are in a good condition.

HALLWAY.

- A smoke detector is fitted to the ceiling. The batteries will require replacement every twelve months.
- Gyprock walls and ceiling are in a good condition.
- Tiles are laid to the floor.
- Holland blinds are fitted to the two windows.
- Two door cupboard is in a good condition.

BEDROOM ONE – front.

- Gyprock walls and ceiling are in a good condition.
- Carpet is laid to the floor.
- Curtains are fitted to the two windows.
- Walk-in-robe is in a good condition.
- Skylight is in a good condition with no signs of leaks.

ENSUITE.

- Shower base and screen are in a good condition.
- Dual flush toilet is in a good condition.
- Exhaust fan is in a good condition.

OVERVIEW / COMMENTS.

This two storey home with a double garage and a swimming pool is generally well maintained and in a good condition with only minimal and minor defects as noted within this report.

While external cracking did not present immediate structural concerns, it should be monitored over time for any possible increases in size. A structural engineers report can be obtained for a further structural opinion if required.

This inspection has not included the examination of the plumbing or electrical wiring to the property. If inspection of these areas is required it is recommended that a qualified tradesman be consulted.

The residence is situated on a steep inclining block of land that would appear to drain away / run off adequately.

The weather at the time of the inspection was fine.

TERMS & LIMITATIONS

Important Information: Any person who relies upon the contents of this report does so acknowledging that the following clauses which define the Scope and Limitations of the inspection form an integral part of the report.

1. THIS IS A VISUAL INSPECTION ONLY in accord with the requirements of AS 4349.3 Inspection of buildings Part 3: Timber pest inspections. Visual inspection was limited to those areas and sections of the property to which reasonable access (See Definition) was both available and permitted on the date of inspection. The inspection DID NOT include breaking apart, dismantling, removing or moving objects including, but not limited to, foliage, mouldings, roof insulation/sisalation, floor or wall coverings, sidings, ceilings, floors, furnishings, appliances or personal possessions. The inspector CANNOT see inside walls, between floors, inside skillion roofing, inside the eaves, behind stored goods in cupboards, in other areas that are concealed or obstructed. The inspector DID NOT dig, gouge, force or perform any other invasive procedures. An invasive inspection will not be performed unless a separate contract is entered into. In an occupied property it must be understood that furnishings or household items may be concealing evidence of Timber Pests which may only be revealed when the items are moved or removed. In the case of Strata type properties only the interior of the unit is inspected.

2. SCOPE OF REPORT: This Report is confined to reporting on the discovery, or non discovery, of infestation and/or damage caused by subterranean and damp wood termites (white ants), borers of seasoned timber and wood decay fungi (hereinafter referred to as "Timber Pests"), present on the date of the inspection. The inspection did not cover any other pests and this Report does not comment on them. Dry wood termites (Family: KALOTERMITIDAE) and European House Borer (*Hyloterpes bujulus Linnaeus*) were excluded from the inspection, but have been reported on if, in the course of the inspection, any visual evidence of infestation happened to be found. If *Cryptotermes brevis* (West Indian Dry Wood Termite) or *Hyloterpes bujulus Linnaeus* are discovered we are required by law to notify Government Authorities. If reported a special purpose report may be necessary.

3. LIMITATIONS: Nothing contained in the Report implies that any inaccessible or partly inaccessible areas or sections of the property being inspected by the Inspector on the date of the inspection were not, or have not been, infested by Timber Pests. Accordingly this Report is not a guarantee that an infestation and/or damage does not exist in any inaccessible or partly inaccessible areas or sections of the property. Nor is it a guarantee that a future infestation of Timber Pests will not occur or be found.

4. DETERMINING EXTENT OF DAMAGE: The Report is NOT a structural damage Report. We claim no expertise in building and any inexpert opinion we give on timber damage CANNOT be relied upon. The Report will not state the full extent of any timber pest damage. The Report will state timber damage found as 'slight', 'moderate', 'moderate to extensive' or 'extensive'. This information is not the opinion of an expert. If any evidence of Timber Pest activity and/or damage resulting from Timber Pest activity is reported either in the structure(s) or the grounds of the property, then You must assume that there may be concealed structural damage within the building(s). This concealed damage may only be found when wall linings, cladding or insulation are removed to reveal previously concealed timbers. An invasive Timber Pest Inspection (for which a separate contract is required) is strongly recommended and You should arrange for a qualified person such as a Builder, Engineer, or Architect to carry out a structural inspection and to determine the full extent of the damage and the extent of repairs that may be required. You agree that neither We nor the individual conducting the inspection is responsible or liable for the repair of any damage whether disclosed by the report or not.

5. MOULD: Mildew and non wood decay fungi is commonly known as Mould and is not considered a Timber Pest. However, Mould and their spores may cause health problems or allergic reactions such as asthma and dermatitis in some people. No inspection for Mould was carried out at the property and no report on the presence or absence of Mould is provided. Should any evidence of Mould happen to be noticed during the inspection, it will be noted in the Other Information (5.11) section of this report. If Mould is noted as present within the property and you are concerned as to the possible health risk resulting from its presence then you should seek advice from your local Council, State or Commonwealth Government Health Department or a qualified expert such as an Industry Hygienist.

6. DISCLAIMER OF LIABILITY: No liability shall be accepted on account of failure of the Report to notify any Termite activity and/or damage present at or prior to the date of the Report in any area(s) or section(s) of the subject property physically inaccessible for inspection, or to which access for inspection is denied by or to the Licensed Inspector (including but not limited to any area(s) or section(s)) so specified by the Report).

7. (a) DISCLAIMER OF LIABILITY TO THIRD PARTIES: This Report is made solely for the use and benefit of the Client named on the front of this report. No liability or responsibility whatsoever, in contract or tort, is accepted to any third party who may rely on the Report wholly or in part. Subject to 7 (b) below, any third party acting or relying on this Report, in whole or in part, does so at their own risk.

(b) **Limited Liability to a Purchaser within the Australian Capital Territory only:** Within the Australian Capital Territory (ACT) and in accordance with the ACT Civil Law (Sale of Residential Property) Act 2003 and Regulations, a copy of the Report may be attached to the Contract for Sale.

This Report may be attached to the Contract provided that:

I. This Report must include: -

- (a) the Inspection Date; and
- (b) the date the Report was prepared; and
- (c) the Insurance policy number and expiry date of the professional indemnity insurance policy covering the Inspector who provided the Report.

II. The Vendor and the Purchaser are advised that within 7 days after the Inspection Date the following information will be given to the Territory (defined in the Act) for inclusion in a publicly available register: -

- (a) the fact that this Report has been prepared; and
- (b) the street address of the property inspected; and
- (c) the Inspection Date stated in this Report; and
- (d) the name and contact details of the company, partnership or sole trader that employs the Timber Pest Inspector who prepared the Report; and
- (e) the name of the Timber Pest Inspector who carried out the inspection.

III. As required by Part 2, Section 7 and Clause 5 of the Regulations the circumstances in which reliance may be placed on the report in respect to the state of the property at the time of the inspection are;

- (a) the inspection was carried out not more than three months prior to the date the property named on the front of the Report was first listed or offered for sale; and
- (b) the date on which the settlement took place was not more than one hundred and eighty (180) days after the Inspection Date; and
- (c) the Report is given by the Vendor to the prospective Purchaser prior to Exchange and prior to the expiration of any 'Cooling-off Period' allowed in the Act; and
- (d) the Purchaser completes, signs and dates the "Notice to the Purchaser" before settlement; and
- (e) the Purchaser transmits by fax, post or otherwise delivers the signed "Notice to the Purchaser" to the company, partnership or sole trader at the address shown on the front of the Report not less than four (4) days prior to the date of settlement.

NB. No reliance may be placed on the report for any contract entered into more than six months after the date of inspection.

IV. The Vendor and the Purchaser are advised that, upon payment of a reasonable fee, the company, partnership or sole trader that employed the Timber Pest Inspector who prepared this Report may supply a copy to any person, Solicitor, company or organization purporting to represent or be a person who has entered into a contract to buy the property.

NOTE: The provisions of the above 'Limited Liability to a Purchaser within the Australian Capital Territory only' clause together with the 'Notice to the Purchaser' shall, in all circumstances, form part of the Contract between the Purchaser and the company, partnership or sole trader that employs the Timber Pest Inspector who carried out the inspection.

WARNING: The Purchaser is advised that this Report reflects the condition of the property existing at the time of the inspection(Inspection Date) and may not reflect the current state. Timber Pests, particularly Termites, may have gained entry to the property since the Inspection Date. Termites can, in a relatively short period, cause significant damage to both structural and non-structural timbers within and around the buildings of the Property. Termites (white ants) may be difficult to detect and much of the damage caused may not be readily visible. If damage exists then it may cost thousands of dollars to repair. It is, therefore, very strongly recommended that you promptly arrange for another inspection and report in accordance with Australian Standard AS4349.3 to be carried out prior to the expiration of the 'Cooling off Period' and settlement.

8. COMPLAINTS PROCEDURE: In the event of any dispute or claim arising out of, or relating to the Inspection or the Report, or any alleged negligent act or omission on Our part or on the part of the individual conducting the Inspection, either party may give written Notice of the dispute or claim to the other party. If the dispute is not resolved within twenty one (21) days from the service of the written Notice then either party may refer the dispute or claim to a mediator nominated by Us. The cost shall be met equally by both parties or as agreed as part of the mediated settlement. Should the dispute or claim not be resolved by mediation then one or other of the parties may refer the dispute or claim to the Institute of Arbitrators and Mediators of Australia who will appoint an Arbitrator who will resolve the dispute by arbitration. The Arbitrator will also determine what costs each of the parties are to pay.

VISUAL TIMBER PEST REPORT

1. BRIEF DESCRIPTION OF STRUCTURE(S) INSPECTED:

1.1 Building: Domestic. **Construction:** Multistorey. **Floor:** Timber with Concrete Areas & Concrete Slab. **Walls:** Cavity Brick & Brick Veneer. **Piers:** Brick. **Roof:** Tile. **Fences etc:** Timber.

Any building or part of a building that is constructed on a concrete slab is always more susceptible to termite attack because of possible concealed termite entry.

1.2 Areas Inspected: Only structures, fences &/or trees within 50m of the building but within the property boundaries were inspected. The areas inspected were: - Interior, Exterior, Roof Void, Subfloor, Grounds, Out Buildings, Fences, Other areas also inspected, if any, were: Timber pergola to rear of property, timber deck to courtyard area to rear of dwelling, timber steps and small deck to rear of laundry.

1.3 Areas NOT Inspected: No inspection was made, and no report is submitted, of inaccessible areas. These include, but may not be limited to, cavity walls, concealed frame timbers, eaves, flat roofs, fully enclosed patios, subfloors, soil concealed by concrete floors, fireplace hearths, wall linings, landscaping, rubbish, floor coverings, furniture, pictures, appliances, stored items, insulation, hollow blocks/posts, etc.

1.4 Other Area(s)* to which REASONABLE ACCESS for Inspection was NOT AVAILABLE and the Reason(s) why include:

- 1.5 metres around the inside perimeter of the roof void, from the eave inwards due to the height between the ceiling joists and rafters.

Please note since a complete inspection of the above areas was not possible, timber pest activity and/or damage may exist in these areas.

1.5 Area(s) in which Visual Inspection was Obstructed or Restricted and the Reason(s) why include:

- **Roof Void:** The presence of insulating materials, rendered a comprehensive inspection impractical. The ceiling joists, hanging beams, top plate and other ceiling timbers were not inspected.
- **Exterior:** The exterior of the dwelling because of garden vegetation. Behind the down pipes because they were secured to the exterior cladding.
- **Garage:** Garden tools and stored items obstructed the visual inspection inside the garage. The exterior of the garage because of garden vegetation.
- **Fences:** The boundary fence because of garden vegetation

Please note since a complete inspection of the above areas was not possible, timber pest activity and/or damage may exist in these areas.

1.6 High Risk Area(s) to which Access should be gained, or fully gained, since they may show evidence of Timber Pests or damage: Interior - Roof void - Exterior - Subfloor - Fences - Out Buildings - Fences - Garage.

1.7 Was the property furnished at the time of inspection? No.

Where a property is furnished at the time of the inspection then you must understand that the furnishings and stored goods may be concealing evidence of Timber Pest Activity. This evidence may only be revealed when the property is vacated. A further inspection of the vacant property is strongly recommended in this case.

2. SUBTERRANEAN TERMITES:

2.1 Were active termites (live insects) present at the time of the inspection: None found at the time of the inspection.

If the answer was "none found at the time of the inspection" then the following termite description is not applicable. Go to 2.2.

If the answer was "yes" then the termites are believed to be *(not applicable as none found) at the time of the inspection*. The termites have the potential to cause (not applicable as none found) damage to structural and decorative timbers and were located mainly in, but not necessarily limited to, the following areas: not applicable.

2.2 A termite nest was not located.

2.3 Visible evidence of subterranean termite workings and/or damage was found in but not necessarily limited to: not applicable.

NOTE: Where evidence of termite activity was found in the grounds then the risk to buildings is very high. A treatment to eradicate the termites and to protect the building(s) should be carried out. Where the evidence of termite workings was found in the grounds or the building(s) then the risk of a further attack is very high.

2.4 Was any evidence of timber damage visible? None found at the time of the inspection.

We claim no expertise in building. No termite damage was visible.

VERY IMPORTANT:

2.5 If live termites or any evidence of termite workings or damage was reported above within the building(s) or in the ground and fences then it must be assumed that there may be concealed termite activity and/or timber damage. This concealed activity or damage may only be found when alterations are carried out such as when wall linings, cladding or insulation are removed or if you arrange for an invasive inspection. We claim no expertise in structural engineering or building. We strongly recommend that you have a qualified person such as a Builder, Engineer, Architect or other qualified expert in the building trade determine the full extent of the damage, if any. This may require an invasive inspection. We take no responsibility for the repair of any damage whether disclosed by this report or not. (See Terms & Limitations).

Where visual evidence of termite workings and/or damage is reported above, but no live termites were present at the time of inspection, you must realise that it is possible that termites are still active in the immediate vicinity and the termites may continue to cause further damage. It is not possible, without benefit of further investigation and a number of inspections over a period of time, to ascertain whether any infestation is active or inactive. Active termites may simply have not been present at the time of inspection due to a prior disturbance, climatic conditions, or they may have been utilising an alternative feeding source. Continued, regular, inspections are essential. Unless written evidence of a termite protection program in accord with "Australian Standard 3660" with ongoing inspections is provided, you must arrange for a treatment in accord with "Australian Standard 3660" to be carried out immediately to reduce the risk of further attack.

2.6 General remarks: A more thorough **INVASIVE INSPECTION** is available. Where any current visible evidence of Timber Pest activity is found it is strongly recommended that a more invasive inspection is performed. Trees on the property up to a height of 2m have been visually inspected, where possible and practicable, for evidence of termite activity. It is very difficult, and generally impossible to locate termite nests since they are underground and evidence in trees is usually well concealed. We therefore strongly recommend that you arrange to have trees test drilled for evidence of termite nests.

2.7 No signs of a termite treatment were found or evidence of a possible previous termite treatment.

WARNING: If evidence of drill holes in concrete or brickwork or other signs of a possible previous treatment is reported then the treatment was probably carried out because of an active termite attack. Extensive structural damage may exist in concealed areas. You should have an invasive inspection carried out and have a builder determine the full extent of any damage and the estimated cost of repairs as the damage may only be found when wall linings etc are removed.

Normally if a termite treatment has been carried out then a durable notice should be located in the meter box indicating the type of termite shield system, treated zone or combination has been installed.

2.8 No durable notice was found during the inspection.

This firm can give no assurances with regard to work that may have been previously performed by other firms. You should obtain copies of all paperwork and make your own inquiries as to the quality of the treatment, when it was carried out and warranty information. In most cases you should arrange for a treatment in accord with "Australian Standard 3660" be carried out to reduce the risk of further attack.

3. **BORERS OF SEASONED TIMBER**

3.1 *Lyctus brunneus* (powder post beetle) is not considered a significant pest of timber. Damage is confined to the sapwood so treatment or timber replacement is not usually required. However, you should have a building expert investigate if any timber replacement is required.

3.2 *Anobium punctatum* (furniture beetle) and *Calymnaderus incisus* (Queensland pine beetle) must always be considered active, unless proof of treatment is provided, because, unless the timber is ground up, one cannot determine conclusively if activity has ceased. Total timber replacement of all susceptible timbers is recommended. A secondary choice is treatment. However, the evidence and damage will remain and the treatment may need to be carried out each year for up to three years.

3.3 Was visible evidence of borers found? No evidence located.
No damage was found at the time of the inspection

We claim no expertise in building and if any evidence or damage has been reported then you must have a building expert determine the full extent of damage and the estimated cost of repairs or timber replacement (See Terms & Limitations).

3.4 Borer activity is usually determined by the presence of exit holes and/or frass. Since a delay exists between the time of initial infestation and the appearance of these signs, it is possible that some borer activity may exist that is not discernible at the time of inspection.

3.5 **Borer recommendations:** Replacement of all susceptible timbers is always preferred since, in the event of selling the property in the future it is probable that an inspector will report the borers as active (see above). A chemical treatment to control and/or protect against Furniture beetle and/or Queensland pine beetle can be considered as a less effective, lower cost option. Before considering this option you should consult with a builder (See Terms & Limitations) to determine if the timbers are structurally sound. Following the initial treatment a further inspection is essential in twelve months time to determine if further treatment is needed. Treatments over a number of consecutive years may be required.

4. **FUNGAL DECAY CAUSED BY WOOD DECAY FUNGI**

4.1 Was evidence of wood decay fungi (wood rot) found? Yes. Found in but not necessarily limited to several roofing battens on pergola to rear of property, timber barrier fencing to courtyard to rear of garage, post at top of stairs to rear of laundry area.

4.2 Moderate to extensive damage was found.

We claim no expertise in building and if any evidence of fungal decay or damage is reported you should consult a building expert determine the full extent of damage and the estimated cost of repairs or timber replacement (See Terms & Limitations).

5. **CONDITIONS THAT ARE CONDUCTIVE TO TIMBER PESTS**

5.1 **Water leaks:** Water leaks, especially in or into the subfloor or against the external walls, increases the likelihood of termite attack. Leaking showers or leaks from other 'wet areas' also increase the likelihood of concealed termite attack. Hot water overflows should be plumbed away from the building.

At the time of the inspection no visible leaks were found:

We claim no expertise in building and if any leaks were reported then you must have a plumber or other building expert determine the full extent of damage and the estimated cost of repairs.

5.2 Moisture: At the time of the inspection moisture readings were normal

High moisture readings can be caused by any one of the following: poor ventilation, ineffective drainage, leaking pipes, leaking roofs, defective flashing or by concealed termite activity. The areas of high moisture should be investigated by way of an invasive inspection.

If a high moisture was reported then you must have a building expert investigate the moisture and its cause and determine the full extent of damage and the estimated cost of repairs.

5.3 Drainage: Poor drainage, especially in the subfloor, greatly increases the likelihood of wood decay and termite attack. We claim no expertise in plumbing and drainage, however it appears that drainage is generally adequate.

Where drainage is considered inadequate a plumber, builder or other building expert must be consulted.

5.4 Hot water services and air conditioning units which release water alongside or near to building walls should be piped to a drain (if not possible then several meters away from the building) as the resulting wet area is highly conducive to termites.

Is there a need for this work to be carried out? No, no leaks found at time of inspection.

5.5 Ventilation: Ventilation, particularly to the sub-floor region is important in minimising the opportunity for Timber Pests to establish themselves within a property.

We claim no expertise in building, however, the ventilation appears to be generally adequate. Where ventilation is considered inadequate a builder or other expert should be consulted.

5.6 Slab Edge Exposure: Where external concrete slab edges are not exposed there is a high risk of concealed termite entry. In some buildings built since July 1995 the edge of the slab forms part of the termite shield system. In these buildings an inspection zone of at least 75mm should be maintained to permit detection of termite entry. The edge should not be concealed by render, tiles, cladding, flashings, adjoining structures, paving, soil, turf or landscaping etc. Where this is the case you should arrange to have the slab edge exposed for inspection. Concealed termite entry may already be taking place but could not be detected at the time of the inspection. This may have resulted in concealed timber damage.

Does the slab edge inspection zone fully comply? No, not required as it's an infill type slab.

Note: A very high proportion of termite attacks are over the slab edge. Covering the slab edge makes concealed entry easy. This is particularly true of infill type slab construction. Termite activity and or damage may be present in concealed timbers of the building. We strongly recommend frequent regular inspections in accordance with AS 3660.2.

5.7 Weep holes in external walls: It is very important that soil, lawn, concrete paths or pavers do not cover the weep holes. Sometimes they have been covered during the rendering of the brick work. They should be clean and free flowing. Covering the weep holes in part or in whole may allow undetected termite entry.

Were the weep holes clear allowing the free flow of air? No, arrange for weep holes to be exposed.

5.8 Termite Shields (Ant Caps) should be in good order and condition so termite workings are exposed and visible. This helps stop termites gaining undetected entry. Joins in the shielding should have been soldered during the installation. Whenever it is observed that the joins in the shielding have not been soldered then the shielding must be reported as inadequate. It may be possible for a builder to repair the shielding. If not, a chemical treated zone may need to be installed to deter termites from gaining concealed access to the building. Missing, damaged or poor shields increase the risk of termite infestation.

We claim no expertise in building. However, in our opinion the termite shields appear to be inadequate. If considered inadequate a builder or other building expert should be consulted.

Other physical shield systems are not visible to inspection and no comment is made on such systems.

5.9 Other areas and/or situations that appear conducive to (may attract) subterranean termite infestation:

- Non-durable timbers / Timbers in ground contact: **HIGH (fencing)**

5.10 Comments on other Conductive Conditions:

- The boundary fence is conducive to timber infestation as they are in direct contact with the soil.
- Vegetation covering the boundary fence allows for concealed termite entry.
- Vegetation around the property allows for concealed termite entry.
- The large trees in the yard may have roots extending beneath the concrete slab which could allow for termite entry.

5.11 Other information:

- Large trees capable of harbouring termite nests are located of within 50 metres of the dwelling.
- The entire slab perimeter edge and all weep holes should be exposed as it can allow concealed termite entry into the property.
- We recommend that the vegetation from around the boundary fence is removed so that it does not allow for concealed termite to attack the boundary.
- We recommend that the vegetation from around that perimeter of the building be removed so that it does not allow for concealed termite entry.

6. OVERALL ASSESSMENT OF THE PROPERTY:

6.1 Where the evidence of live termites or termite damage or termite workings (mudding) was found in the building(s) then the risk of a further attack is extremely high. Where evidence of live termites or termite damage or termite workings was found in the grounds but not in the buildings then the risk to buildings must be reported as high to extremely high.

6.2 At the time of the inspection the DEGREE OF RISK OF SUBTERRANEAN TERMITE INFESTATION to the overall property was considered to be moderate to high.

6.3 SUBTERRANEAN TERMITE TREATMENT RECOMMENDATION: A management program in accord with AS 3660-2000 to protect against subterranean termites is considered to be not essential but 6 to 12 monthly inspections are recommended.

6.4 FUTURE INSPECTIONS: AS 3660.2-2000 recommends "regular competent inspections should be carried out at least on an annual basis but more frequent inspections are strongly recommended". It goes on to inform that "regular inspections will not prevent termite attack, but may help in the detection of termite activity. Early detection will allow remedial treatment to be commenced sooner and damage to be minimized".

Due to the degree of risk of subterranean termite infestation noted above and all other findings of this report, we strongly recommend that a full inspection and written report in accord with AS 4349.3 or AS 3660.2-2000 is conducted at this property every 6 months but not more than 12 months.

IMPORTANT MAINTENANCE ADVICE REGARDING INTEGRATED PEST MANAGEMENT FOR PROTECTING AGAINST TIMBER PESTS:

Any structure can be attacked by Timber Pests. Periodic maintenance should include measures to minimise possibilities of infestation in and around a property. Factors which may lead to infestation from Timber Pests include situations where the edge of the concrete slab is covered by soil or garden debris, filled areas, areas with less than 400mm clearance, foam insulation at foundations, earth/wood contact, damp areas, leaking pipes, etc; form-work timbers, scrap timber, tree stumps, mulch, tree branches touching the structure, wood rot, etc. Gardens, pathways or turf abutting or concealing the edge of a concrete slab will allow for concealed entry by timber pests. Any timber in contact with soil such as form-work, scrap timbers or stumps must be removed from under and around the buildings and any leaks repaired. You should endeavour to ensure such conditions DO NOT occur around your property.

We further advise that you engage a professional pest control firm to provide a termite management program in accord with AS 3660 to minimise the risk of termite attack. There is no way of preventing termite attack. Even AS 3660 advises that *"the provision of a complete termite barrier will impede and discourage termite entry into a building. It cannot prevent termite attack. Termites can still bridge or breach barriers but they can be detected more readily during routine inspections."*

You should read and understand the following important information. It will help explain what is involved in a timber pest inspection, the difficulties faced by a timber pest inspector and why it is not possible to guarantee that a property is free of timber pests. It also details important information about what you can do to help protect your property from timber pests. This information forms an integral part of the report.

REASONABLE ACCESS

Only areas to which reasonable access is available were inspected. The Australian Standard 4349.3 defines reasonable access as "areas where safe, unobstructed access is provided and the minimum clearances specified in the Table below are available or, where these clearances are not available, areas within the consultant's unobstructed line of sight and within arm's length. Reasonable access does not include removing screws and bolts to access covers." Reasonable access does not include the use of destructive or invasive inspection methods. Nor does reasonable access include cutting or making access traps, or moving heavy furniture or stored goods.

Area	Access hole	Crawl space	Height
Roof interior	450 x 400mm	600 x 600mm	Accessible from 2.1m step ladder or 3.6m ladder placed against a wall.
Subfloor	500 x 400mm	Vertical clearance Timber floor: 400mm to bearer, joist or other obstruction. Concrete floor: 500mm	
Roof Exterior			Accessible from a 3.6m ladder.

A MORE INVASIVE PHYSICAL INSPECTION IS AVAILABLE AND RECOMMENDED

As detailed above, there are many limitations to this visual inspection only. With the permission of the owner of the premises we WILL perform a more invasive physical inspection that involves moving or lifting: insulation, stored items, furniture or foliage during the inspection. We WILL physically touch, tap, test and when necessary force/gouge suspected accessible timbers. We WILL gain access to areas, where physically possible and considered practical and necessary, by way of cutting traps and access holes.

This style of report is available by ordering with several days notice. Inspection time for this style of report will be greater than for a VISUAL INSPECTION. It involves disruption in the case of an occupied property, and some permanent marking is likely. You must arrange for the written permission of the owner who must acknowledge all the above information and confirm that our firm will not be held liable for any damage caused to the property. A price is available on request.

CONCRETE SLAB HOMES

Homes constructed on concrete slabs pose special problems with respect to termite attack. If the edge of the slab is concealed by concrete paths, patios, pavers, garden beds, lawns, foliage, etc then it is possible for termites to affect concealed entry into the property. They can then cause extensive damage to concealed framing timbers. Even the most experienced inspector may be unable to detect their presence due to concealment by wall linings. Only when the termites attack timbers in the roof void, which may in turn be concealed by insulation, can their presence be detected. Where termite damage is located in the roof it should be expected that concealed framing timbers will be extensively damaged. With a concrete slab home it is imperative that you expose the edge of the slab and ensure that foliage and garden beds do not cover the slab edge. Weep holes must be kept free of obstructions. It is strongly recommended that you have a termite inspection in accordance with AS 3660.2 carried out as recommended in this report.

SUBTERRANEAN TERMITES

No property is safe from termites! Termites are the cause of the greatest economic losses of timber in service in Australia. Independent data compiled by State Forestry shows 1 in every 5 homes is attacked by termites at some stage in its life. More recent data would indicate that this is now as high as 1 in every 3. Australia's subterranean termite species (white ants) are the most destructive timber pests in the world. In fact it can take "as little as 3 months for a termite colony to severely damage almost all the timber in a home".

How Termites Attack your Home. The most destructive species live in large underground nests containing several million timber destroying insects. The problem arises when a nest matures near your home. Your home provides natural shelter and a food source for the termites. The gallery system of a single colony may exploit food sources over as much as one hectare, with individual galleries extending up to 50 metres to enter your home, where there is a smorgasbord of timber to feast upon. Even concrete slabs do not act as a barrier, they can penetrate through cracks in the slab to gain access to your home. They even build mud tubes to gain access to above ground timbers. In rare cases termites may create their nest in the cavity wall of the property without making ground contact. In these cases it may be impossible to determine their presence until extensive timber damage occurs.

Termite Damage. Once in contact with the timber they excavate it often leaving only a thin veneer on the outside. If left undiscovered the economic species can cause many thousands of dollars damage and cost two to five thousand dollars (or more) to treat.

Subterranean Termite Ecology. These termites are social insects usually living in underground nests. Nests may be in trees or in rare instances they may be in above ground areas within the property. They tunnel underground to enter the building and then remain hidden within the timber making it very difficult to locate them. Where timbers are concealed, as in most modern homes, it makes it even more difficult to locate their presence. Especially if gardens have been built up around the home and termite barriers are either not in place or poorly maintained. Termites form nests in all sorts of locations and they are usually not visible. There may be more than one nest on a property. The diet of termites in the natural environment is the various hardwood and softwood species growing throughout Australia. These same timbers are used in buildings. Worker termites move out from their underground nest into surrounding areas where they obtain food and return to nurture the other casts of termites within the nest. Termites are extremely sensitive to temperature, humidity and light and hence cannot move over ground like most insects. They travel in mud encrusted tunnels to the source of food. Detection of termites is usually by locating these mud tunnels rising from the ground into the affected structure. This takes an expert eye.

Termite barriers protect a building by forcing termites to show themselves. Termites can build mud tunnels around termite barriers to reach the timber above. The presence of termite tracks or leads does not necessarily mean that termites have entered the timber though. A clear view of walls and piers and easy access to the sub-floor means that detection should be fairly easy. However many styles of construction do not lend themselves to ready detection of termites. The design of some properties is such that they make the detection by a pest inspector difficult, if not impossible.

The tapping and probing of walls and internal timbers is an adjunct or additional means of detection of termites but is not as reliable as locating tracks. The use of a moisture meter is a useful aid for determining the presence of termites concealed behind thin wall panels, but it only detects high levels of activity. Older damage that has dried out will not be recorded. It may also provide false readings.

Termite tracks may be present in the ceiling space however some roofs of a low pitch and with the presence of sisalation, insulation, air conditioning ductwork and hot water services may prevent a full inspection of the timbers in these areas.

Therefore since foolproof and absolute certain detection is not possible the use of protective barriers and regular inspections is a necessary step in protecting timbers from termite attack.

BORERS OF SEASONED TIMBERS

Borers are the larvae of various species of beetles. The adult beetles lay their eggs within the timber. The eggs hatch out into larvae (grubs) which bore through the timber and can cause significant structural damage. The larvae may reside totally concealed within the timber for a period of several years before passing into a dormant pupal stage. Within the pupal case they metamorphose (change) into the adult beetle which cuts a hole in the outer surface of the timber to emerge, mate and lay further eggs to continue the cycle.

It is only through the presence of these emergence holes, and the frass formed when the beetles cut the exit holes that their presence can be detected.

Where floors are covered by carpets, tiling, or other floor coverings and where no access to the underfloor area is available it is not possible to determine whether borers are present or not. This is particularly the case with the upper floors of a dwelling.

Borers of 'green' unseasoned timber may also be present. However these species will naturally die out as the timbers dry out in service. Whilst some emergence holes may occur in a new property it would be unusual for such a borer to cause structural damage, though the exit holes may be unsightly.

Anobium borer (furniture beetle) and Queensland pine borer. These beetles are responsible for instances of flooring collapse, often triggered by a heavy object being placed on the floor (or a person stepping on the affected area!) Pine timbers are favoured by this beetle and, while the sapwood is preferred, the heartwood is also sometimes attacked. Attack by this beetle is usually observed in timbers that have been in service for 10-20 years or more and mostly involves flooring and timber wall panelling. The *frass* from the flight holes (faeces and chewed wood) is fine and gritty. Wood attacked by these borers is often honeycombed.

Lycius borer (powder post beetle). These borers only attack the sapwood of certain susceptible species of hardwood timber. Since it is a requirement that structural timbers contain no more than 25% Lycius susceptible sapwood these borers are not normally associated with structural damage. Replacement of affected timbers is not recommended and treatment is not approved. Where decorative timbers are affected the emergence holes may be considered unsightly in which case timber replacement is the only option. Powder post beetles mostly attack during the first 6-12 months of service life of timber. As only the sapwood is destroyed, larger dimensional timbers (such as rafters, bearers and joists) in a house are seldom weakened significantly to cause collapse. In small dimensional timbers (such as tiling and ceiling battens) the sapwood may be extensive, and its destruction may result in collapse. Replacement of these timbers is the only option available.

TIMBER DECAY FUNGI

The fruiting bodies of wood decay fungi vary in size, shape and colour. The type of fungi encountered by pest controllers usually reside in poorly ventilated subfloors, below wet areas of the home, exterior timbers and in areas that retain water in the soil. The durability and type of timbers are factors along with the temperature and environment. Destruction of affected timbers varies with the symptoms involved. Removal of the moisture source usually alleviates the problem. Fungal decay is attractive to termites and if the problem is not rectified it may well lead to future termite attack.

CONTACT THE INSPECTOR

Please feel free to contact the inspector who carried out this inspection. Often it is very difficult to fully explain situations, problems, access difficulties or timber Pest activity and/or damage in a manner that is readily understandable by the reader. Should you have any difficulty in understanding anything contained within this report then you should immediately contact the inspector and have the matter explained to you. If you have any questions at all or require any clarification then contact the inspector prior to acting on this report.

Notice to the Purchaser (ACT only)

- (a) Prior to or on Exchange and prior to the commencement of the 'Cooling-off Period' you were given an inspection Report on the Property you intend purchasing ("the Report"). The Purchaser is advised that this Report reflects the condition of the property existing at the time of the inspection(inspection Date) and may not reflect the current state. Timber Pests, particularly Termites, may have gained entry to the property since the inspection Date. Termites can, in a relatively short period, cause significant damage to both structural and non-structural timbers within and around the buildings of the Property. Termites (white ants) may be difficult to detect and much of the damage caused may not be readily visible. If damage exists then it may cost thousands of dollars to repair. It is, therefore, **very strongly recommended** that you urgently arrange for another inspection and report in accordance with Australian Standard AS4349.3 to be carried out prior to exchange or prior to the expiration of any 'Cooling Off Period' and prior to settlement.
- (b) If the Report indicated the presence of Termites, termite damage or recommends any treatments or other inspections and reports you should obtain copies of the treatment proposal, any certificates of treatments carried out, details of all repairs including copies of quotations, invoices and any other reports. It is **strongly recommended** that you arrange for an inspection and report in accordance with AS 4349.3 to verify that the treatment has been successful and carried out in accordance with AS 3660.2 and a further building inspection in accordance with AS 4349.1.
- (c) If you fail to procure a further inspection and report as recommended in (a) and (b) or fail to obtain copies of the treatment proposal, certificates of treatment carried out, details of all repairs including copies of quotations, invoices and any other reports as recommended in (b) above, then it will be deemed that you have decided not to have a further inspection and report carried out, or to obtain copies of certificates of treatments carried out, details of all repairs including copies of quotations, invoices and any other reports and have relied upon your own enquiries and the Report knowing the possible consequences and that the condition of the property, as stated in the Report, may have changed.
- (d) The person carrying out the inspection and the company, partnership or sole trader that employs that person will have no liability to you for any damage or loss you may suffer as a result of your entering the contract to purchase the property or in connection with completing the purchase of the property as a result of your failure to heed the advice given in (a) and (b) and the warning contained in (c) above, and may use such failure in defence of any claim that you may later make against any of them.

NB

It is a condition of your right to rely upon the Report that you transmit by fax, post or otherwise deliver the signed "Notice to the Purchaser (ACT only)" to the company, partnership or sole trader at the address detailed on the front of the Report not less than four (4) days prior to the date of settlement. If you fail to complete, sign or deliver the Notice then it will be deemed that you did not rely upon the report in respect to your decision as to whether or not to purchase the property. This may seriously affect any rights to future compensation to which you may be entitled.

Please cross out the statement below that does not apply: -

At the date of exchange, not more than 3 months have elapsed since the Inspection Date and as at the anticipated date of settlement not more than 180 days will have elapsed since the Inspection Date;

1. I/We have read and understood the 'Limited Liability to a Purchaser within the Australian Capital Territory only' clause of the Report and this Notice to the Purchaser. I/We have not arranged for another inspection and report in respect of the property and it is my/our intention to **rely upon the findings contained in the report;** or
2. I/We have **arranged for another inspection of the property and report** to be carried out, which I/We will use in conjunction with this Report in deciding whether to proceed with the purchase of the property; or
3. I/We have read and understood the 'Limited Liability to a Purchaser within the Australian Capital Territory only' clause of the Report and this Notice to the Purchaser. I/We have not arranged for another inspection and report in respect of the property and have **relied on my/our own enquiries in respect of the condition of the property** as at the date of settlement including any changes in the condition of the property that have taken place since the Inspection Date stated in the Report.

SURVEY CERTIFICATE

Mr. D. Nicholson,
18 Bussell Crescent,
COOK. A.C.T. 2614.

Dear Sir,

LAND in the Division of MEEBANGERA, District of Canberra City, in the Australian Capital Territory, containing an area of 1 rood, 16 $\frac{1}{2}$ perches, having a frontage of 95 feet, 0 $\frac{1}{4}$ inches to Packer Street, being BLOCK 11 of SECTION 35 as shown on Deposited Plan No. 2471 and being the land shown edged in red on the sketch opposite.

As instructed I have surveyed the land described above and find that:-

1. On the land and entirely within its boundaries stand the foundations of a brick residence. The distances from the walls of the dwelling to the boundaries are shown in green on the sketch.
2. The land is partly fenced as shown on the sketch.
3. The land is subject to an easement 8 feet wide for sewerage and electricity purposes.
4. Except for minor fencing irregularities, there are no encroachments on this land nor by this property on the adjoining lands or street.

Yours faithfully,

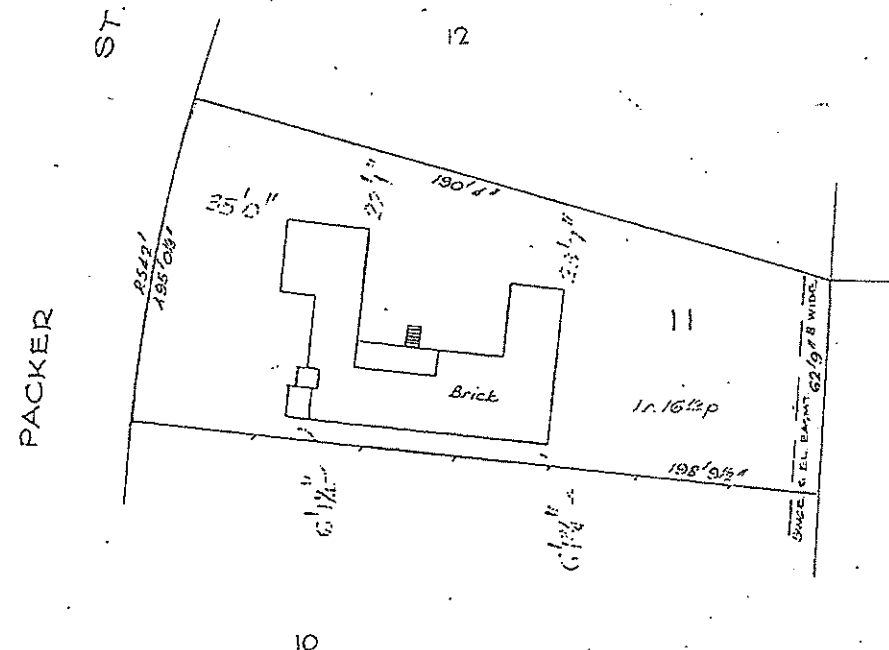

Registered Surveyor.

Important Information Regarding the Scope and Limitations of the Inspection and this Report

Important Information Any person who relies upon the contents of this report does so acknowledging that the following clauses, which define the Scope and Limitations of the inspection, form an integral part of the report.

- 1) This report is NOT an all encompassing report dealing with the building from every aspect. It is a reasonable attempt to identify any obvious or significant defects apparent at the time of the inspection. Whether or not a defect is considered significant or not, depend, to a large extent, upon the age and type of the building inspected. It is unrealistic for the consultant to comment on minor defects and imperfections in the standard property report. This report is not a Certificate of Compliance with the requirements of any Act, Regulation, Ordinance or By-law. It is not a structural report. Should you require any advice of a structural nature you should contact a structural engineer.
- 2) **THIS IS A VISUAL INSPECTION ONLY** limited to those areas and sections of the property fully accessible, and visible to the Inspector on the date of inspection. The inspection DID NOT include breaking apart, dismantling, removing or moving objects including, but not limited to, foliage, mouldings, roof insulation/isolation, floor or wall coverings, stairs, ceilings, floors, furnishing, appliances or personal possessions. The Inspector CANNOT see inside walls, between floors, inside skillion roofing, behind stored goods in cupboards, other areas that are concealed or obstructed. The Inspector DID NOT dig, gouge, force or perform any other invasive procedures. Visible timbers CANNOT be destructively probed or hit without the written permission of the property owner.
- 3) This Report does not and cannot make comment upon defects that may have been concealed; the assessment or detection of defects (including rising damp and leaks) which may be subject to the prevailing weather conditions; whether or not services have been used for some time prior to the inspection and whether this will affect the detection of leaks or other defects (eg. In the case of shower enclosures the absence of any dampness at the time of the inspection does not necessarily mean that the enclosure will not leak); the presence or absence of timber pests; gas-fittings; common property areas; environmental concerns; the proximity of the property to high paths, railways, or busy traffic; noise levels; health and safety issues; heritage concerns; security concerns; fire protection; site drainage (apart from surface water drainage); swimming pools and spas (non-structural); detection and identification of illegal building work; detection and identification of illegal plumbing work; durability of exposed finishes; neighbourhood problems; document analysis; electrical installation; any matters that are solely regulated by statute; any area(s) or item(s) that could not be inspected by the consultant. Accordingly this Report is not a guarantee that defects and/or damage does not exist in any inaccessible or partly inaccessible areas or sections of the property. (NB Such matters may upon request be covered under the terms of a Special-purpose Property Report).
- 4) **CONSUMER COMPLAINTS PROCEDURE.** In the event of any controversy or claim arising out of, or relating to this Report, either party must give written Notice of the dispute to the other party. If the dispute is not resolved within ten (10) days from the service of the Notice then the dispute shall be referred to a mediator nominated by the Inspector. Should the dispute not be resolved by mediation then either party may refer the dispute to the Institute of Arbitrators and Mediators of Australia for resolution by arbitration.
- 5) **ASBESTOS DISCLAIMER:** "No inspection for asbestos was carried out at the property and no report on the presence or absence of asbestos is provided. If during the course of the inspection asbestos or materials containing asbestos happened to be noticed then this may be noted in the Additional Comments section of the report. Buildings built prior to 1982 may have wall and/or ceiling sheeting and other products including roof sheeting that contains Asbestos. Even buildings built after this date up until early 90s may contain some Asbestos. Sheeting should be fully sealed. If concerned or if the building was built prior to 1990 you should seek advice from a qualified asbestos removal expert as to the amount and importance of the asbestos present and the cost of removal. A qualified asbestos removal expert as to the amount and importance of the asbestos present and the cost of sealing or of removal. Drilling, cutting or removing sheeting or products containing Asbestos is a high risk to peoples' health. You should seek advice from a qualified asbestos removal expert."
- 6) **MOULD MILDEW AND NON-WOOD DECAY FUNGI) DISCLAIMER:** Mildew and non wood decay fungi is commonly known as Mould. However, Mould and their spores may cause health problems or allergic reactions such as asthma and dermatitis in some people. No inspection for Mould was carried out at the property and no report on the presence or absence of mould is provided. If in the course of the inspection, Mould happened to be noticed it may be noted in the Additional Comments section of the report. If Mould is noted as present within the property or if you notice Mould and you are concerned as to the possible health risk resulting from its presence then you should seek advice from your local Council, State or Commonwealth Government Health Department or a qualified expert such as an Industry Hygienist.
- 7) **ESTIMATING DISCLAIMER:** Any estimates provided in this report are merely opinions of possible costs that could be encountered, based on the knowledge and experience of the inspector, and are not estimates in the sense of being a calculation of the likely costs to be incurred. The estimates are NOT a guarantee or quotation for work to be carried out. The actual cost is ultimately dependent upon the materials used, standard of work carried out, and what a contractor is prepared to do the work to. It is recommended in ALL instances that multiple independent quotes are sourced prior to any work being carried out. The inspector accepts no liability for any estimates provided throughout this report.

3) **EXPERT WITNESS ESTIMATING DISCLAIMER:** Any estimates provided in this report are merely opinions of possible costs that could be encountered, based on the knowledge and experience of the inspector. The estimates are NOT a guarantee or quotation for work to be carried out. The actual cost is ultimately dependent upon the materials used, standard of work carried out, and what a contractor is prepared to do the work for. It is recommended in A.I.J. instances that multiple and independent quotes are sourced prior to any work being carried out. The inspector accepts no liability for any estimates provided throughout this report.

9) (a) **DISCLAIMER OF LIABILITY TO THIRD PARTIES:** This Report is made solely for the use and benefit of the Client names on the front of this report. No liability or responsibility whatsoever, in contract or tort, is accepted to any third party who may rely on the Report wholly or in part. Subject to 9 (b) below, any third party acting or relying on this Report, in whole or in part, does so at their own risk.

(b) **Limited Liability to a Purchaser within the Australian Capital Territory only:** Within the Australian Capital Territory (ACT) and in accordance with the Act Civil Law (Sale of Residential Property) Act 2003 and Regulations, a copy of the Report may be attached to the Contract for Sale.

This Report may be attached to the Contract provide that:

f. This Report must include:-

- (a) the Inspection Date; and
- (b) the date the Report was prepared; and
- (c) the Pacific International Insurance Limited policy number and expiry date of the professional indemnity insurance policy covering the Inspector who provided the Report.

11. The Vendor and the Purchaser are advised that within 7 days after the Inspection Date the following information will be given to the Territory (defined in Act) for inclusion in a publicly available register:-

- (a) the fact that this Report has been prepared; and
- (b) the street address of the property inspected; and
- (c) the Inspection Date stated in this Report; and
- (d) the name and contact details of the company, partnership or sole trader that employs the Timber Pest Inspector who prepared the Report; and
- (e) the name of the Timber Pest Inspector who carried out the inspection.

III. As required by Part 2, Section 7 and Clause 5 of the Regulations the circumstances in which reliance may be placed on the report in respect to the state of the property at the time of the inspection are;

- (a) the inspection was carried out not more than six months prior to the date the property named on the front of the Report was first listed or offered for sale; and
- (b) the date on which the settlement took place was not more than one hundred and eighty (180) days after the Inspection Date; and
- (c) the Report is given by the Vendor to the prospective Purchaser prior to Exchange and prior to the expiration of any 'Cooling-off Period' allowed in the Act; and
- (d) the Purchaser completes, signs and dates the "Notice to the Purchaser" before settlement; and
- (e) the Purchaser transmits by fax, post or otherwise delivers the signed "Notice to the Purchaser" to the company, partnership or Sole trader at the address shown on the front of the Report not less than four (4) days prior to the date of settlement.

NR. No reliance may be placed on the report for any contract entered into more than six months after the date of inspection.

IV. The Vendor and the Purchaser are advised that, upon payment of a reasonable fee, the company, partnership or sole trader that employed the Timber Pest Inspector who prepared this Report may supply a copy to any person, Solicitor, company or organization purporting to represent or be a person who has entered into a contract to buy the property.

NOTE: The Purchaser is advised that this Report reflects the condition of the property existing at the time of the inspection (Inspection Date) and may not reflect the current state. It is, therefore, very strongly recommended that you promptly arrange for another inspection and reporting accordance with Australian Standard AS4349.1 to be carried out prior to the expiration of the 'Cooling off Period' and settlement.

THIS IS NOT A COMPLIANCE REPORT STRICTLY IN ACCORDANCE WITH CIVIL LAW (SALE OF RESIDENTIAL PROPERTY) REGULATIONS:

The Report may contain copies of any approved plans, building approvals, building permit and Certificates of Occupancy. However any comments made by the person who prepared the report as to whether or not, in the opinion of the Inspector, the structures on the land substantially comply with the approved plans (if any) are made on the basis of a cursory glance of the plans and not upon a detailed examination. Any opinion expressed as to whether or not any building approval or approval under the Land (Planning and Environment) Act, 1991, is based on the limited knowledge and belief, at the time, of the Inspector. The Purchaser is advised that a Special Purpose Report is available through the Inspector to advise more fully in respect to these matters. The structures may have been damaged by pests, storm, strong wind or fire or the Vendor may have carried out alterations and/or additions to the property since the Inspection Date. The Report may no longer reflect the true condition of the Property. The structure(s) may no longer be in accordance with the attached plans etc. **IT IS STRONGLY RECOMMENDED** that, if the Purchaser has any concerns in respect to the compliance of the structures, a Special Purpose Report be obtained. Alternatively, the Purchaser should rely upon his, her or their own enquiries.

The report does not provide any examinations of the plumbing, electrical, heating and also, cooling services and carpet is not lifted nor is furniture moved during this examination. This report is confined to a visual inspection only limited to those areas and sections of the property fully accessible to the inspector on the date of the inspection. The inspection did not include breaking apart, dismantling, removing of moving objects including, but not limited to foliage, mouldings, floor or wall coverings, behind stored goods, in cupboards, other areas that are concealed or obstructed. The inspector did not dig, gouge, force or perform any other invasive procedures.

This report is valid for a period of 180 days only from the date of inspection and the property should therefore be re-inspected if not purchased within that time. Due to this time frame defects beyond the scope of this inspection could become evident such as brick cracking with seasonal changes, damage from water leaks, electrical, plumbing drainage or abuse.

As per Civil Law (Sale of Residential Property) Regulation 2004 - Act 7 - Section 4 (a) -(i) (ii) (iii) (iv) (v) and Section 4, (b) and Section 4, (c) the Building and Compliance reports have been registered with the Department of Fair Trading in accordance to Act 10 - Section 4 (a) (i) (ii) (iv) (v) and 4, (c) the Pest Report has been registered with Department of Fair Trading.

All Building and Pest Inspectors are accredited and licensed.

DEFINITIONS

AS4349 - 1995

- 1.4.3** Minor fault or defects -- a matter which, in view of the age, type of condition of the residential building, does not require substantial repairs or urgent attention and rectification.
- 1.4.5** Property - any areas or item other than the residential building and the site which is not the subject of a special report, but which may be specified in the terms of engagement.
- 1.4.6** Reasonable access - areas where safe, unobstructed access is provided and the minimum clearances specified in Table 1 are available; or where these clearances are not available, areas within the consultant's unobstructed line of sight.

-4-
TABLE 1

REASONABLE ACCESS

Area	Access Manhole mm	Crawl Space mm	Height
Roof Interior	450 x 400	600 x 600	Assessible from a 3.6m ladder
Subfloor	500 x 400	Vertical clearance Timber floor : 400* Concrete floor : 500	
Roof exterior			Assessible from a 3.6 m ladder

Note: Cracking under 5mm to brick and masonry walls is chased as insignificant and does not need to be mentioned as per Australian Building Standards. (Cracking is common in the Canberra Region due to the clay soil, the drought conditions that we are experiencing at this time) and cracking can appear over a short period of time. We recommend keeping moisture around the footings of the dwelling, during a drought.

EXTRACTS FROM AS4349.1 - INSPECTION OF BUILDINGS

- 1.4.3 Minor fault or defect -- Minor defects are common to most properties and may include minor blemishes, corrosion, cracking, weathering, general deterioration, unevenness, and physical damage to materials and finishes.
It is common for most of these defects to be rectified over the first few years of ownership or redecoration and renovation are undertaken.
- 1.4.7 Residential Building -- shall have the meaning subscribed in the Building Code of Australia and includes 'residential Property'.
- 1.4.8 Special-purpose property report -- the report referred to in Clause 3.2.
- 1.4.9 Standard property report -- the report referred to in Clause 3.1
- 1.5 INSURANCE The consultant shall at all times maintain adequate insurance, including public risk and professional indemnity, and where appropriate, insurance against death or injury to any of his employees.

COOLING OFF PERIOD (for residential property only)

- 1 The Buyer may rescind this Contract at any time before 5 p.m. on the 5th working day after the day this Contract is made except if any circumstance in paragraph 2 applies.
- 2 There is no cooling off period if:
 - the Buyer is a corporation; or
 - the Property is sold by tender; or
 - the Property is sold by auction; or
 - before signing this Contract, the Buyer gives the Seller a certificate in the form required by the Sale of Residential Property Act signed by the Buyer Solicitor; or
 - this Contract is made on the same day the Property was offered for sale by auction but passed in and the Buyer was recorded in the bidders record as a bidder or a person for whom a bidder was bidding.
- 3 A Buyer exercising the cooling off right by rescinding this Contract forfeits 0.25% of the Price. The Seller is entitled to recover the amount forfeited from the Deposit and the Buyer is entitled to a refund of any balance.

WARNINGS

- 1 The Lease may be affected by the *Residential Tenancies Act 1997* or the *Leases (Commercial & Retail) Act 2001*.
- 2 If a consent to transfer is required by law, see cl. 4 as to the obligations of the parties.
- 3 As some risks associated with the Property pass from the Seller to Buyer on the Date of this Contract, (except if the Property is a Unit) the Buyer should take out insurance on the Property on the Date of this Contract.
- 4 The Buyer will usually have to pay stamp duty on this Contract. The Buyer may incur penalties if the Buyer does not pay the stamp duty within the required time.
- 5 There are serious risks to a Buyer releasing the Deposit before Completion. The Buyer should take legal advice before agreeing to release the Deposit.
- 6 The Buyer should consider the application of the Territory Plan and other planning and heritage issues before signing this Contract.
- 7 If the Lease is a concessional lease then restrictions on transfer and other dealings may apply.

DISPUTES

If there is a dispute, the Law Society encourages the use of informal procedures such as negotiation, independent expert appraisal or mediation to resolve the dispute.

EXCHANGE OF CONTRACT

- 1 An Agent, authorised by the Seller, may:
 - insert:
 - the name and address of, and contact details for, the Buyer;
 - the name and address of, and contact details for, the Buyer Solicitor;
 - the Price;
 - the Date of this Contract,
 - insert in, or delete from, the Goods; and
 - exchange this Contract.
- 2 An Agent must not otherwise insert, delete or amend this Contract.
- 3 The Agent must not exchange this Contract unless expressly authorised by the Seller or (if a solicitor is acting for the Seller) by the Seller or the Seller Solicitor.

The Seller agrees to sell and the Buyer agrees to buy the Property for the Price on these terms:

1.2

In this Contract:

- a reference to the Seller or to the Buyer includes the executors,

	administrators and permitted assigns of any of them, if an individual, and the successors or permitted assigns of any of them, if a corporation;	
	<ul style="list-style-type: none"> the singular includes the plural, and the plural includes the singular; a reference to a person includes a body corporate; a term not otherwise defined has the meaning in the Legislation Act; a reference to an Act includes a reference to any subordinate legislation made under it or any Act which replaces it. 	2.8
		Completion must take place on the Date for Completion or as otherwise determined by this Contract and if not specified or determined, within a reasonable time.
	3	Title to the Lease
	<ul style="list-style-type: none"> The Lease is or will before Completion be granted under the Planning Act. 	
1.3	Headings are inserted for convenience only and are not part of this Contract.	The Lease is transferred subject to its provisions.
1.4	If the time for something to be done or to happen is not a Business Day, the time is extended to the next Business Day, except in the case of cl. 2.1.	The title to the Lease is or will before Completion be registered under the <i>Land Titles Act 1925</i> .
1.5	A reference to "this Contract" extends to the Schedule, any annexure, additional clauses and attachments forming part of this Contract.	The title to the Lease must be transferred free from all Affecting Interests except as otherwise provided.
1.6	If there is more than one buyer or more than one seller the obligations which they undertake bind them jointly and individually.	The Buyer cannot insist on any Affecting Interests being removed from the title to the Lease before Completion provided, on Completion, the Seller gives the Buyer any documents and registration fees necessary to remove the Affecting Interests.
1.7	Where the Buyer consists of more than one person, as between themselves, they agree to buy the Property in the specified manner of Co-ownership or if one alternative is not marked, as joint tenants.	
2	Terms of payment	Restrictions on transfer
2.1	The Buyer must pay the Deposit on the Date of this Contract, to the Stakeholder or, if no Stakeholder is named, then to the Seller.	The Lease is not subject to any restrictions on transfer other than any Restriction on Transfer.
2.2	The Deposit becomes the Seller's property on Completion.	If the Lease is subject to a Restriction on Transfer under the Planning Act due to non-compliance with the Building and Development Provision then this Contract is subject to the grant of the unconditional consent referred to in s. 298 of the Planning Act. A Restriction on Transfer referring to "s. 298" refers to this restriction.
2.3	The Deposit may be paid by cheque or cash but if it is not paid on time or, if it is paid by cheque which is not honoured on first presentation, the Buyer is in default.	If the Lease is granted under the Planning Act and is a lease of the type referred to in s.251 of the Planning Act then this Contract is subject to the grant of the unconditional consent in s. 251 and s. 252 of the Planning Act. A Restriction on Transfer referring to "s. 251" refers to this restriction.
2.4	If the Buyer is in default under cl. 2.3, then immediately and without the notice otherwise necessary under cl. 18, cl. 19 applies.	
2.5	On Completion the Buyer must give the Seller an authority directing the Stakeholder to account to the Seller for the Deposit.	If the Lease is subject to a Restriction on Transfer under s.265 of the Planning Act, then this Contract is subject to the grant of the unconditional consent in ss. 265 and 266 of the Planning Act. A Restriction on Transfer referring to "s. 265" refers to this restriction.
2.6	On Completion the Buyer must pay to the Seller in Canberra the Balance of the Price by unendorsed bank cheque, or in cash (up to \$200).	Immediately after the Date of this Contract the Seller must do everything reasonably necessary to remove the restriction or obtain

the consent required. If requested in writing, the Buyer must join in any application of the Seller and must do everything reasonably necessary to enable the Seller to obtain the consent. The Seller must pay all associated fees in connection with the application.

- 4.5 If the consent referred to in cl. 4.2, cl. 4.3 or cl. 4.3A is not granted by the Date for Completion then either party may rescind this Contract (provided that the party seeking to rescind is not then in default) and cl. 21 applies.

5 Particulars of title and submission of transfer

- 5.1 Unless cl. 5.3 applies the Seller need not provide particulars of title.

- 5.2 Within 7 days after the Date of this Contract the Seller must give the Buyer a transfer of the Lease executed by the Seller in the form prescribed by the *Land Titles Act 1925* to be held by the Buyer on trust for the Seller until Completion only for the purpose of:

5.2.1 signing;

5.2.2 completing the Buyer details and Co-ownership in accordance with this Contract; and

5.2.3 stamping by the Buyer,

and the Buyer must immediately return the transfer if the Seller demands it.

- 5.3 If the Seller is not the registered proprietor of the Lease at the Date of this Contract, the Seller must give to the Buyer no later than 14 days before the Date for Completion a copy of the instrument and any other documents necessary to enable the Seller to be registered as proprietor.

6 Buyer rights and limitations

- 6.1 If the Buyer establishes before Completion that except as disclosed in this Contract there is any Unapproved Structure on the Property, then the Buyer may:

6.1.1 require the Seller to arrange for the Unapproved Structure to be approved before Completion; and

6.1.2 if the Unapproved Structure is not approved before Completion, rescind or complete and sue the Seller for damages.

- 6.2 If the Buyer establishes, immediately before Completion, that, except as disclosed in this Contract:

6.2.1 the Property is subject to an encumbrance other than the

encumbrances shown on the title to the Lease; or

6.2.2 the Buyer is not entitled to vacant possession,

then the Buyer may either:

6.2.3 rescind; or

6.2.4 complete and sue the Seller for damages.

6.3 The Buyer is not entitled to make any requisitions on the title to the Property.

6.4 The Buyer cannot make a claim or objection or rescind or terminate in respect of:

6.4.1 a Service for the Property being a joint service or passing through another property, or any Service for another property passing through the Property;

6.4.2 a wall being or not being a party wall or the Property being affected by an easement for support or not having the benefit of an easement for support;

6.4.3 any change in the Property due to fair wear and tear before Completion;

6.4.4 a promise, representation or statement about this Contract, the Property or the Lease, not made in this Contract;

6.4.5 any Breach of Covenant described in the Schedule or disclosed elsewhere in this Contract;

6.4.6 the ownership or location of any dividing fence;

6.4.7 the ownership of any fuel storage tank; and

6.4.8 anything disclosed in this Contract (except an Affecting Interest).

7 Seller warranties

7.1 The Seller warrants that at the Date of this Contract:

7.1.1 the Seller will be able to complete at Completion;

7.1.2 the Seller has no knowledge of any unsatisfied judgment, order or writ affecting the Property;

7.1.3 the Seller has no knowledge of any current or threatened claims, notices or proceedings that may

outstanding claims or disputes with the tenant;

(e) there is no unremedied breach of the Tenancy Agreement by the tenant or the Seller; and

(f) if applicable, the Tenancy Agreement incorporates:

(i) the Prescribed Terms; and

(ii) any other terms approved by the Residential Tenancies Tribunal

9.3.2 The Seller must hand to the Buyer on Completion:

(a) any written Tenancy Agreement to which this Contract is subject;

(b) a notice of attornment;

(c) if applicable, any notice required to be signed by the Seller to transfer the rental bond by the Office of Rental Bonds to the Buyer; and

(d) if applicable, any other notice required to be signed by the Seller under the *Residential Tenancies Act 1997*.

9.3.3 The Buyer indemnifies the Seller in relation to any liability which the Seller incurs or to which the Seller is subject under the tenancy because of matters occurring after Completion.

10 Inspection and condition of Property

10.1 The Buyer may on reasonable notice to the Seller and at reasonable times inspect the Property before Completion.

10.2 The Seller must leave the Property clean and tidy on Completion.

11 Inspection of building file

11.1 The Seller must, if requested by the Buyer, give to the Buyer all authorities necessary to enable the Buyer (or Buyer's nominee) to inspect and obtain at the Buyer's expense, copies of:

11.1.1 any document in relation to the Land and Improvements held by any government or statutory authority; and

11.1.2 any notices issued by any authority in relation to the Land and Improvements.

12 Additional Seller obligations

12.1 Except for any Breach of Covenant disclosed in this Contract, the Seller must before Completion:

12.1.1 comply with any notice issued by any authority before the Date of this Contract which requires work to be done or money to be spent on or in relation to the Property or the Lease;

12.1.2 obtain approval for any Development conducted on the Land;

12.1.3 comply with the Lease to the extent to which the Seller is required to comply up to Completion;

12.1.4 comply with any obligations on the Seller in a registered restrictive covenant affecting the Lease; and

12.1.5 give the Buyer notice of any material change (other than fair wear and tear) the Seller becomes aware of in the matters disclosed in the Required Documents, since the date of each of the relevant Required Documents.

13 Compliance Certificate

13.1 The Seller must give to the Buyer on Completion a Compliance Certificate unless:

13.1.1 the Lease does not contain a Building and Development Provision; or

13.1.2 the Lease is sold subject to non compliance with the Building and Development Provision within the meaning of cl. 4.2; or

13.1.3 a Compliance Certificate has issued before the Date of this Contract and is either noted on the certificate of title for the Lease or the Seller gives to the Buyer other evidence acceptable to the Registrar General that a Compliance Certificate has issued.

13.2 The Seller must give to the Buyer on Completion evidence of approval to conduct any Development on the Land unless:

13.2.1 approval for the Development has been granted by the relevant authority before the Date of this Contract; or

13.2.2 the Development is disclosed as a Breach of Covenant in this Contract.

16.2 This clause applies even if the Buyer did not take notice of or rely on anything in this Contract containing or giving rise to the error or misdescription.

16.3 The Buyer is not entitled to compensation to the extent the Buyer knew the true position before the Date of this Contract.

14 Off the plan purchase

17 Compensation claims by Buyer

14.1 If the Lease contains a Building and Development Provision which has not been complied with at the Date of this Contract, and cl. 4.2 does not apply, before the Date for Completion, the Seller must at the Seller's expense complete the construction of the Improvements promptly and in a good and workmanlike manner substantially in accordance with the proposed plan, specifications and inclusions list attached.

17.1 To make a claim for compensation (including a claim under cl. 16) the Buyer must give notice to the Seller before Completion specifying the amount claimed and:

17.1.1 the Seller can rescind if in the case of a claim that is not a claim for delay:

(a) the total amount claimed exceeds 5% of the Price;

(b) the Seller gives notice to the Buyer of an intention to rescind; and

(c) the Buyer does not give notice to the Seller waiving the claim within 14 days after receiving the notice; and

15.1 The Seller gives no warranties as to the present state of repair of any of the Goods except as required by law.

15.2 The Goods are included in the Price.

15.3 The Seller warrants that the Goods are unencumbered and that the Seller has the right to sell them.

15.4 The Goods become the Buyer's property on Completion.

15.5 Except for fair wear and tear, the Seller must give the Goods to the Buyer on Completion in the same state of repair they are in at the Date of this Contract.

17.1.2 if the Seller does not rescind under cl. 17.1.1, the parties must complete and:

16 Errors and misdescriptions

16.1 If, before Completion, the Buyer becomes aware of an error in the description of the Property the Buyer may:

(b) the amount held is to be invested by the Stakeholder (at the risk of the party who becomes entitled to it) with an Australian bank in an interest bearing account at call in the name of the Stakeholder in trust for the Seller and the Buyer;

16.1.1 identify whether the error is material or not material, and ask the Seller to arrange for the error to be corrected before Completion; and

16.1.2 if the error is not corrected before Completion:

(a) for an error that is material - rescind this Contract, or complete this Contract and make a claim for compensation; and

(b) for an error that is not material - complete this Contract and make a claim for compensation.

(c) the claim must be finalised by an arbitrator appointed by the parties or, if an appointment is not made within 28 days of Completion, by an arbitrator appointed by the President of the Law Society of the Australian Capital Territory at the request of a party;

	(d)	the decision of the arbitrator is final and binding;	18.3.1	not be in default; and
	(e)	the costs of the arbitration must be shared equally by the parties unless otherwise determined by the arbitrator. For clarity, the arbitrator has the power to award indemnity costs on a legal basis against either party;	18.4	Completion at the time date and place specified in the Notice to Complete is an essential term.
	(f)	the Buyer is not entitled, in respect of the claim, to more than the total amount claimed and the costs of the Buyer;	18.5	Where one party is in default (other than failing to complete) the other party may at any time after the default serve the party in default a Default Notice.
	(g)	interest on the amount held, after deduction of all taxes and bank charges, Stakeholder administration fee and other similar charges and expenses, must be paid to the parties equally or as otherwise determined by the arbitrator; and	18.6	A Default Notice: 18.6.1 must specify the default;
	(h)	the claim lapses if the parties do not appoint an arbitrator and neither party asks the President of the Law Society of the Australian Capital Territory to appoint an arbitrator within 90 days after Completion and the amount held by the Stakeholder must be paid immediately to the Seller without any further authority being necessary.	18.6.2	must require the party served with the Default Notice to rectify the default within 7* days after service of the Default Notice (excluding the date of service); and
			18.6.3	cannot be used to require a party to complete this Contract.
			18.7	At the time the Default Notice is served, the party serving the Default Notice must not be in default.
			18.8	The time specified in a Default Notice to rectify the specified default is an essential term.
			18.9	Cl. 19 or cl. 20 will apply as appropriate where the party served does not comply with the Notice to Complete or the Default Notice which complies with this clause.
			18.10	If the party serving a notice under this clause varies the time referred to in the notice at the request of the other party, the time agreed to in the variation remains an essential term. The consent to the variation must be in writing and be served on the other party.
18	Notice to Complete and Default Notice		18.11	The parties agree that the time referred to in cl. 18.2 and cl. 18.6.2 is fair and reasonable.
18.1	If Completion does not take place in accordance with cl. 2.8, either party may, at any time after the Date for Completion, serve the other party a Notice to Complete.		19	Termination - Buyer default
18.2	A Notice to Complete must appoint a time during business hours and a date being not less than 14* days after service of the Notice to Complete (excluding the date of service) by which and a place in Canberra at which to complete this Contract.		19.1	If the Buyer does not comply with a Notice to Complete or a Default Notice or is otherwise in breach of an essential term then the Seller may by notice served on the Buyer terminate and may then keep, or recover and keep, the Deposit (except so much of it as exceeds 10% of the Price) and either: 19.1.1 sue the Buyer for breach; or 19.1.2 resell the Property and any deficiency arising on the resale and all expenses of and incidental to the resale or attempted resale and the Buyer's default are recoverable by the Seller from the Buyer as
18.3	At the time the Notice to Complete is served the party serving the Notice to Complete must:			

liquidated damages provided the Seller has entered into a contract for the resale of the Property within 12 months of termination.

19.2 In addition to any money kept or recovered under cl. 19.1, the Seller may retain on termination any other money paid by the Buyer as security for any damages awarded to the Seller arising from the Buyer's default provided that proceedings for the recovery of damages are commenced within 12 months of termination.

20 Termination - Seller default

20.1 If the Seller does not comply with a Notice to Complete or a Default Notice or is otherwise in breach of an essential term the Buyer may by notice served on the Seller either:

- 20.1.1 terminate and seek damages; or
- 20.1.2 enforce without further notice any other rights and remedies available to the Buyer.

20.2 If the Buyer terminates, the Stakeholder is authorised to refund to the Buyer immediately any money paid on account of the Price.

21 Rescission

21.1 Unless s. 15 of the Sale of Residential Property Act applies, if this Contract is rescinded, it is rescinded from the beginning, and unless the parties otherwise agree:

- 21.1.1 the Deposit and all other money paid by the Buyer must be refunded to the Buyer immediately without any further authority being necessary; and
- 21.1.2 neither party is liable to pay the other any amount for damages, costs or expenses.

22 Damages for delay in Completion

22.1 If Completion does not occur by the Date for Completion, due to the default of either party, the party who is at fault must pay the other party as liquidated damages on Completion:

**Insert percentage*
22.1.1 if the defaulting party is the Seller interest on the Price at the rate of % per annum calculated on a daily basis from the date 7 days after the Date for Completion to Completion;

**Insert percentage*
22.1.2 if the defaulting party is the Buyer interest on the Price at the rate of ~~10~~ % per annum calculated on a daily basis from the date 7 days

after the Date for Completion to Completion; and

**Alter as necessary*
22.1.3 the amount of \$440* (including GST) to be applied towards any legal costs and disbursements incurred by the party not at fault if Completion occurs later than 7 days after the Date for Completion.

22.2 Whether or not percentages are inserted in cl. 22.1.1 or cl. 22.1.2 the party at fault must pay the amount specified in cl. 22.1.3 in addition to any other damages to which the party not at fault is entitled both at law and under this Contract.

22.3 The parties agree that:
22.3.1 the amount of any damages payable under cl 22.1.1 or cl 22.1.2 to the party not in default is a genuine and honest pre-estimate of loss to that party for the delay in Completion, and

22.3.2 the damages must be paid on Completion.

23 Foreign Buyer

23.1 The Buyer warrants the Commonwealth Treasurer cannot prohibit and has not prohibited the transfer of the Lease under the *Foreign Acquisitions and Takeovers Act 1975*.

23.2 This clause is an essential term.

24 GST

24.1 If a party must pay the Price or provide any other consideration to another party under this Contract, GST is not to be added to the Price or amount, unless this Contract provides otherwise.

24.2 If the Price is stated in the Schedule to exclude GST and the sale of the Property is a taxable supply, the Buyer must pay to the Seller on Completion an amount equal to the GST payable by the Seller in relation to the supply.

24.3 If under this Contract a party (**Relevant Party**) must make an adjustment, pay an amount to another party (excluding the Price but including the Deposit if it is released or forfeited to the Seller) or pay an amount payable by or to a third party:

24.3.1 the Relevant Party must adjust or pay at that time any GST added to or included in the amount; but

24.3.2 if this Contract says this sale is a taxable supply, and payment would entitle the Relevant Party to claim

an input tax credit, the adjustment or payment is to be worked out by deducting any input tax credit to which the party receiving the adjustment or payment is or was entitled multiplied by the GST Rate.

24.4 If this Contract says this sale is the supply of a going concern;

24.4.1 the parties agree the supply of the Property is the supply of a going concern;

24.4.2 the Seller must on Completion supply to the Buyer all of the things that are necessary for the continued operation of the enterprise;

24.4.3 the Seller must carry on the enterprise until Completion;

24.4.4 The Buyer warrants to the Seller that on Completion the Buyer will be registered or required to be registered;

24.4.5 If for any reason (and despite cl. 24.1 and 24.4.1) the sale of the Property is not the supply of a going concern but is a taxable supply:

(a) the Buyer must pay to the Seller on demand the amount of any GST payable by the Seller in respect of the sale of the Property; and

(b) the Buyer indemnifies the Seller against any loss or expense incurred by the Seller in respect of that GST and any breach of cl. 24.4.5(a).

24.5 If this Contract says the Buyer and Seller agree that the margin scheme applies to the supply of the Property, the Seller warrants that it can use the margin scheme and promises that it will.

24.6 If this Contract says the sale is a taxable supply, does not say the margin scheme applies to the sale of the Property, and the sale is in fact not a taxable supply, then the Seller must pay the Buyer on Completion an amount of one-eleventh of the Price.

24.7 On Completion the Seller must give the Buyer a tax invoice for any taxable supply by the Seller by or under this Contract.

25 Power of attorney

25.1 Any party who signs this Contract or any document in connection with it under a

power of attorney must, on request and without cost, provide the other party with a true copy of the registered power of attorney.

26 Notices claims and authorities

26.1 Notices, claims and authorities required or authorised by this Contract must be in writing.

26.2 To serve a notice a party must:

(a) leave it at; or

(b) send it by a method of post requiring acknowledgment of receipt by the addressee to,

the address of the person to be served as stated in the Schedule or as notified by that person to the other as that person's address for service under this Contract; or

(c) serve it on that party's solicitor in any of the above ways; or

(d) by delivering it to an appropriate place in the facilities of a document exchange system in which the recipient solicitor has receiving facilities (and in the latter case service is deemed effected on the Business Day following delivery); or

(e) send it by facsimile to a party's solicitor, unless it is not received (a notice is taken to have been received at the time shown in the transmission report that the whole facsimile was sent).

26.3 A party's solicitor may give a notice, claim or authority on behalf of that party.

27 Unit title

27.1 The following clauses 28 to 39 inclusive apply if the Property is a Unit.

28 Definitions and interpretation

28.1 A reference in these clauses 28 to 39 inclusive to a section or Part is a reference to a section or Part of the Unit Titles Management Act.

28.2 For the purposes of a claim for compensation pursuant to cl. 39, the provisions of cl. 17 will apply provided that cl. 17.1.1(c) is amended to read "the Buyer does not give notice to the Seller waiving the claim, or so much of it as exceeds 5% of the Price within 14 days after receiving the notice".

29 Title to the Unit

29.1 Cl. 3.1, cl. 3.2 and cl. 3.3 do not apply.

29.2 The Unit Title is or will before Completion be granted under the Planning Act and is or will before Completion be registered under the *Land Titles (Unit Titles) Act 1970*.

29.3 The Unit Title is transferred subject to the Units Plan under which the lease to the Unit is held.

30 Buyer rights limited

30.1 In addition to cl. 6, the Buyer cannot make any requisition on title or make a claim for compensation in respect of any Breach of Covenant of the Unit Title, any breach of the lease of the Common Property or breach of rules of the Owners Corporation disclosed in this Contract.

31 Adjustment of contribution

31.1 Any adjustment under cl. 8 must include an adjustment of the contributions to the Owners Corporation under s.78 and s.89.

32 Inspection of Unit

32.1 For the purposes of cl. 10.1 Property includes the Common Property.

33 Seller warranties

33.1 The Seller warrants that at the Date of this Contract:

33.1.1 To the Seller's knowledge, there are no unfunded latent or patent defects in the Common Property or Owners Corporation assets, other than the following:

- (a) Defects arising through fair wear and tear; and
- (b) Defects disclosed in this Contract;

33.1.2 The Owners Corporation records do not disclose any defects to which the warranty in cl. 33.1.1 applies;

33.1.3 to the Seller's knowledge, there are no actual, contingent or expected unfunded liabilities of the Owners Corporation that are not part of the Owners Corporation's normal operating expenses, other than liabilities disclosed in this Contract;

33.1.4 the Owners Corporation records do not disclose any liabilities of the Owners Corporation to which the warranty in cl. 33.1.3 applies;

33.1.5 the Seller or any occupier of the Unit has not committed any act or omission which may cause the

Owners Corporation to incur any costs or perform any repairs;

33.1.6 there is no amount payable to the Owners Corporation by the Seller other than a contribution due under s. 78 and s. 89; and

33.1.7 except for an unregistered Units Plan, the rules of the Owners Corporation are, as appropriate:

(a) as set out in Schedule 4 to the Unit Titles Management Act; or

(b) in respect of a corporation established under the *Unit Titles Act 1970 (repealed)* and that was in existence immediately prior to 30 March 2012, the articles in force immediately prior to 30 March 2012; or

(c) in respect of a corporation established under the Unit Titles Act and that was in existence immediately prior to 30 March 2012, the articles in force immediately prior to 30 March 2012;

except for any alterations to those rules registered under s. 108.

33.2 For clauses 33.1.1 to 33.1.4 inclusive, a Seller is taken to have knowledge of a thing if the Seller has actual knowledge, or ought reasonably to have knowledge, of that thing.

33.3 The Seller warrants that at Completion:

33.3.1 to the Seller's knowledge, there are no circumstances (other than circumstances disclosed in this Contract) in relation to the affairs of the Owners Corporation likely to materially prejudice the Buyer.

33.4 For the purposes of cl. 7, Property includes the Common Property.

33.5 These warranties are in addition to those given in cl. 7.

34 Damage or destruction before Completion

34.1 If the Unit is destroyed or substantially damaged before Completion not due to the fault of either party then either party may by notice to the other rescind and cl. 21 applies.

34.2 For the purposes of cl. 34.1, the Unit is deemed to be substantially damaged if though not destroyed is unfit for the use to

which it was being put at the Date of this Contract or, if not being used at that time, for the purpose permitted by the Unit Title.

35 Notice to Owners Corporation

35.1 The parties must comply with the rules of the Owners Corporation in relation to notification of the sale and purchase of the Unit.

36 Section 119 Certificate

36.1 On Completion the Buyer must pay to the Seller the fee as determined by the Minister pursuant to s. 119(5) for the Section 119 Certificate attached.

37 Unregistered Units Plan

37.1 This clause 37 applies if at the Date of this Contract, the Units Plan has not been registered.

37.2 The Seller must attach a copy of the proposed Units Plan or a sketch plan showing the location and dimensions of the Unit sufficient to enable the Buyer to determine the location and dimensions of the Unit in relation to other units and the Common Property in the proposed development.

37.3 If the Units Plan is not registered by the date specified in the Schedule, or elsewhere in this Contract, the Buyer may at any time after that date by notice served on the Seller require that the Units Plan be registered within 14 days of the service of the notice. If the Units Plan is not registered within the time limited by the notice the Buyer may at any time after expiry of the time in the notice rescind and cl. 21 will apply.

37.4 If the Seller notifies the Buyer that the Units Plan is registered before rescission under this clause, the Buyer will not be entitled to rescind under this clause.

37.5 The Buyer cannot make any objection or requisition on title or claim for compensation in respect of:

37.5.1 any minor variations to the Unit between the plan attached, and the Units Plan registered by the Registrar General; or

37.5.2 any minor alterations required by an authority or the Registrar General in the number, size, location or Unit Entitlement of any other unit in the Units Plan or in or to the Common Property provided the proportion of the Unit Entitlement of the Unit to the other units in the Units Plan is not varied.

In this clause, a minor variation is any variation less than 5% to either

the size or value of the Unit described in the plan attached.

37.6 After the Owners Corporation has been constituted under s. 8, the Seller must cause the Owners Corporation to comply with the rules of the Owners Corporation and with Parts 2, 3, 4, 5 and 7 to the extent to which the Owners Corporation is required by law to comply with those provisions up to the Date for Completion.

37.7 The Seller must not permit the Owners Corporation to vary the rules of the Owners Corporation from those set out in Schedule 4 of the Unit Title Management Act.

37.8 If cl. 37.1 applies, the Seller must give to the Buyer a Section 119 Certificate at the Buyer's expense at least 7 days before Completion.

37.9 The parties acknowledge that the following must form part of this Contract:

37.9.1 the Default Rules;

37.9.2 details of any contract the Developer intends the Owners Corporation to enter, including—

(a) the amount of the Buyer's General Fund Contribution that will be used to service the contract; and

(b) any personal or business relationship between the Developer and another party to the contract;

37.9.3 the Developer's estimate, based on reasonable grounds, of the Buyer's General Fund Contribution for 2 years after the Units Plan is registered;

37.9.4 if a right to approve the keeping of animals during the Developer Control Period is reserved—details of the reservation, including the kind and number of animals; and

37.9.5 if a Staged Development of the Units is proposed—the proposed Development Statement and any amendment to the statement.

37.10 The Developer warrants that the information disclosed under the items referred to in clauses 37.9.1 to 37.9.5 inclusive is accurate.

37.11 The Buyer may, by written notice given to the Developer, cancel this Contract before Completion if:

37.11.1 the information disclosed within the items referred to in clauses 37.9.1

to 37.9.5 inclusive is incomplete or inaccurate; and

37.11.2 the Buyer is significantly prejudiced because the disclosure is incomplete or inaccurate.

38 Cancellation of Contract

38.1 The Buyer may, by written notice given to the Seller, cancel this Contract if there would be a breach of a warranty provided in any of clauses 33.1.1, 33.1.2, 33.1.3, 33.1.4 or 33.3.1, were this Contract completed at the time it is cancelled.

38.2 A notice under cl. 38.1 must be given:

38.2.1 if this Contract is entered before the Units Plan for the Unit is registered – not later than 3 days before the Buyer is required to complete this Contract; or

38.2.2 in any other case – not later than 14 days after the later of the following happens:

- (a) the Date of this Contract;
- (b) another period agreed between the Buyer and Seller ends.

38.3 If the Buyer cancels this Contract, the Seller must repay any amount paid to the Seller towards the purchase of the Unit and otherwise the provisions of cl. 21 will apply.

39 Claims for compensation

39.1 This clause 39 applies if, before Completion, the Buyer reasonably believes that, except as disclosed in this Contract, there would be a breach of a warranty established under any of clauses 33.1.1, 33.1.2, 33.1.3, 33.1.4 or 33.3.1 were this Contract to be completed.

39.2 The Buyer may, by written notice given to the Seller:

39.2.1 tell the Seller:

- (a) about the breach; and
- (b) that the Buyer will complete this Contract; and

39.2.2 claim compensation for the breach.

39.3 A notice under cl. 39.2 must be given:

39.3.1 if this Contract is entered before the Units Plan for the Unit is registered – not later than 3 days

before the Buyer is required to complete this Contract; or

39.3.2 in any other case – not later than 14 days after the later of the following happens:

- (a) the Buyer's copy of the Contract is received by the Buyer;
- (b) another period agreed between the Buyer and Seller ends.

40 Community title

40.1 The following clauses 41 to 50 inclusive apply if the Property is, or will on Completion form, a Lot within a Community Title Scheme.

41 Definitions and interpretation

41.1 A reference in these clauses 40 to 50 inclusive to a section or Part is a reference to a section or Part of the Community Title Act.

42 Buyer rights limited

42.1 In addition to cl. 6, the Buyer cannot make any requisition on title or make a claim for compensation in respect of any breach of the lease of the Common Property or breach of rules or by-laws of the Community Title Body Corporate disclosed in this Contract.

43 Adjustment of contribution

43.1 Any adjustment under cl. 8 must include an adjustment of the contributions to the fund under s.45.

44 Inspection of property

44.1 For the purposes of cl. 10.1 Property includes the Common Property.

45 Unregistered Community Title Scheme

45.1 This clause 45 applies if at the Date of this Contract, the Community Title Scheme has not registered.

45.2

The Seller must attach a copy of the proposed Community Title Master Plan, or a sketch plan showing the location and dimensions of the Lot sufficient to enable the Buyer to determine the location and dimensions of the Lot in relation to other lots and the Common Property in the proposed scheme.

45.3 The Seller must attach a copy of the proposed Community Title Management Statement.

45.4 The Buyer cannot make any objection or requisition on title or claim for compensation in respect of:

45.4.1 any minor variations to the Lot between the plan attached and the registered Community Title Master Plan; or

45.4.2 any minor alterations required by an authority or the Registrar General in the number, size, location or entitlement of any other Lot in the Community Title Scheme or in or to the Common Property provided the proportion of the entitlement of the Lot to the other lots in the Community Title Scheme is not varied; or

45.4.3 any minor variations between the proposed Community Title Management Statement and the registered Community Title Management Statement;

In this clause, a minor variation is any variation less than 5% to either the size or value of the Lot described in the plan attached and referred to in the proposed Community Title Management Statement.

45.5 The Seller must not permit the Community Title Body Corporate to vary the by-laws of the Community Title Scheme from those set out in Schedule 1 of the Community Title Act, unless otherwise disclosed in this Contract.

45.6 After the Community Title Body Corporate has been constituted under s. 30, the Seller must cause the Community Title Body Corporate to comply with Part 8 to the extent to which the Community Title Body Corporate is required by law to comply with those provisions up to the Date for Completion.

46 Incomplete development of Community Title Scheme

46.1 This clause 46 applies if at the Date of this Contract, development of the Community Title Scheme has not completed.

46.2 Until the development of a Community Title Scheme is finished, the Developer warrants to the Buyer that the development will be carried out in accordance with the scheme.

46.3 Without limiting the damages recoverable for breach of the warranty in cl. 46.2, the Buyer may recover damages for the loss of a

reasonably expected capital appreciation of the Lot that would have resulted from completion of the development in accordance with the terms of the Community Title Scheme.

47 Incomplete development of Lot

47.1 This clause 47 applies if at the Date of this Contract, the Lot is to be developed or further developed in accordance with the Community Title Scheme. For clarity, this clause does not apply if an unconditional Compliance Certificate has issued before the Date of this Contract and the Seller gives to the Buyer evidence acceptable to the Registrar General that an unconditional Compliance Certificate has issued for the Lot, or if the Seller gives an unconditional Compliance Certificate to the Buyer on Completion.

47.2 The Buyer becomes bound to develop the Lot in accordance with the Community Title Scheme;

47.3 The Seller must give written notice of the proposed sale of the Lot to the Planning and Land Authority;

47.4 The Buyer must:

47.4.1 give to the Planning and Land Authority a written undertaking to develop the Lot in accordance with the Community Title Scheme (if a form is approved for an undertaking, the form must be used); and

47.4.2 give the Planning and Land Authority any security required by the Planning and Land Authority, within 28 days after notice of the transaction was given to the Planning and Land Authority, for the development of the Lot in accordance with the Community Title Scheme.

48 Required first or top sheet

48.1 The Seller must give to the Buyer, before the Buyer enters into this Contract, a Section 67 Statement.

48.2 The Section 67 Statement must:

48.2.1 state that the Lot is included in a Community Title Scheme that imposes obligations on the owner of the Lot;

48.2.2 state the name and address of:

(a) the body corporate of the scheme; or

- (b) if it is the duty of the
Community Title Body
Corporate manager to act
for the Community Title
Body Corporate in
supplying Section 56
Certificates - the
manager;

48.2.3 state the amount of annual
contributions currently fixed by the
Community Title Body Corporate as
payable by the owner of the Lot;

48.2.4 identify improvements on common
property of the scheme for which
the owner of the Lot is responsible;

48.2.5 be signed by the Seller or a person
authorised by the Seller; and

48.2.6 be substantially complete.

48.3 The Seller must attach to this Contract, as a
first or top sheet, a copy of the Section 67
Statement given to the Buyer under cl. 48.1.

48.4 The Buyer may rescind this Contract if:

48.4.1 the Seller has not complied with
clauses 48.1 and 48.3; and

48.4.2 Completion has not taken place.

49 Notice to Community Title Body Corporate

49.1 The parties must comply with the rules and
by-laws of the Community Title Body
Corporate in relation to notification of the
sale and purchase of the Lot.

50 Section 56 Certificate

50.1 The Seller must give to the Buyer a Section
56 Certificate at least 7 days before
Completion.

50.2 On Completion, the Buyer must pay to the
Seller the fee charged for the Section 56
Certificate.
