

Form 1 - Vendor's statement

(Section 7 Land and Business (Sale and Conveyancing) Act 1994)

Contents

Preliminary

Part A - Parties and land

Part B - Purchaser's cooling-off rights and proceeding with the purchase

Part C - Statement with respect to required particulars

Part D - Certificate with respect to prescribed inquiries by registered agent

Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

☐

means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* means strike out or omit the option that is not applicable.

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

Part B - Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

Right to cool-off (section 5)

1 - Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS -

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2 - Time for service

The cooling-off notice must be served -

- (a) if this form is served on you before the making of the contract - before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract - before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3 - Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4 - Methods of service

The cooling-off notice must be -

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:

74 BRIGHTON ROAD GLENELG EAST SA 5045

(being the vendor's last known address); or

- (c) transmitted by fax or email to the following fax number or email address:

steve@magain.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

74 BRIGHTON ROAD GLENELG EAST SA 5045

(being ~~*the agent's address for service under the Land Agents Act 1994~~ an address nominated by the agent to you for the purpose of service of the notice).

Note - Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that -

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5 - Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than -

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase -

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Schedule - Division 1 - Particulars of mortgages charges and prescribed encumbrances affecting the land
(section 7(1)(b))

Note -

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless -

- (a) there is an attachment to this statement and -
 - (i) all the required particulars are contained in that attachment; and
 - (ii) the attachment is identified in column 2; and
 - (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or
- (b) the mortgage, charge or prescribed encumbrance -
 - (i) is 1 of the following items in the table:
 - (A) under the heading 1. General -
 - 1.1 Mortgage of land
 - 1.4 Lease, agreement for lease, tenancy agreement or licence
 - 1.5 Caveat
 - 1.6 Lien or notice of a lien
 - (B) under the heading 36. Other charges -
 - 36.1 Charge of any kind affecting the land (not included in another item); and
 - (ii) is registered on the certificate of title to the land; and
 - (iii) is to be discharged or satisfied prior to or at settlement.

Buyers information notice

Land and Business (Sale and Conveyancing) Act 1994 section 13A

Land and Business (Sale and Conveyancing) Regulations 2010 regulation 17

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the website: www.cbs.sa.gov.au

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?
- Does the property have any significant **defects** eg **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring, gas installation, plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How **energy efficient** is the home, including appliances and lighting? What **energy sources** (eg electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? What sort of water meter is located on the property (a **direct or indirect meter** – an indirect meter can be located some distance from the property)? Is the property connected to a water meter that is also serving another property?
- Are there water taps outside the building? Is there a watering system installed? Are they in good working order and in good condition?
- Does the property have **alternative sources** of water other than mains water supply (including **bore or rainwater**)? If so, are there any special maintenance requirements?

For more information on these matters visit: www.cbs.sa.gov.au

Disclaimer: There may be other issues relevant to the purchase of real estate. If you are unable to ascertain enough information about the questions raised in this form and any other concerns you may have we strongly recommend you obtain independent advice through a building inspection, a lawyer, and a financial adviser.

Warning Notice

Financial and Investment Advice

Land and Business (Sale and Conveyancing) Act 1994 section 24B

Land and Business (Sale and Conveyancing) Regulations 2010 regulation 21

A land agent or sales representative who provides financial or investment advice to you in connection with the sale or purchase of land or a business is obliged to tell you the following —

You should assess the suitability of any purchase of the land or business in light of your own needs and circumstances by seeking independent financial and legal advice.

NOTE: For the purposes of section 24B of the Act, an agent or sales representative who provides financial or investment advice to a person in connection with the sale or purchase of land or a business must

- in the case of oral advice - immediately before giving the advice, give the person warning of the matters set out in this Form orally, prefaced by the words "**I am legally required to give you this warning**"; or
- in the case of written advice - at the same time as giving the advice or as soon as reasonably practicable after giving the advice, give the person this Form, printed or typewritten in not smaller than 12-point type.

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

Please Note :

1. Pursuant to Section 181(8) of the Local Government Act 1999, if an instalment of rates is not paid on or before the date on which it falls due the instalment will be regarded as being in arrears and a fine of two percent (2%) of the amount of the instalment is payable. On the expiration of each full month from that date, interest shall be applied at the prescribed percentage on the amount in arrears (including the amount of any previous unpaid and interest from previous months).
2. The following items may apply to the property (if ticked):
 - ☐ Direct Debit
 - ☐ Payment Arrangement
 - ☐ Debt Recovery Action
 - ☐ Tenancy Apportioned
 - ☐ Gawler East Separate Rates* (see following information)

As such, you are requested to contact the Town of Gawler on (08) 8522 9211 **PRIOR** to settlement occurring to confirm the current amount due and payable on the property.

3. Gawler East Separate Rates - From 1 July 2017, Council has introduced the following Separate Rates on identified properties within the Gawler East Development Area:
 - Gawler East Transport Infrastructure Separate Rate
 - Gawler East Community Infrastructure Separate Rate
 - Gawler East Traffic Interventions Separate Rate

The Separate Rates are intended to act as a financial security mechanism towards securing financial contributions from developers toward the future provision of road/community infrastructure within the Gawler East Development Area (including the Gawler East Link Road). The Separate Rates will be applied and then postponed, pending future development occurring. The postponement of the Separate Rates will only be removed (making the Separate Rates payable) upon development of the property. Consequently, should a property owner elect not to develop their land, then no Separate Rate will be payable.

4. Commercial Adjustment - Initially all Commercial and Industrial properties are levied at the same rate-in-the-dollar and then an adjustment is applied dependent on the property's Valuation. The following adjustments shall apply to the **General Rate** only:

• Valuation Range – 0-499,999	45% Reduction
• Valuation Range – 500,000-749,999	40% Reduction
• Valuation Range – 750,000-999,999	35% Reduction
• Valuation Range – 1,000,000-1,499,999	30% Reduction
• Valuation Range – 1,500,000-1,999,999	20% Reduction
• Valuation Range – 2,000,000-4,999,999	10% Reduction
• Valuation Range – 5,000,000+	No Reduction

Should the adjustment result in the General Rate falling below the Minimum Rate, the Minimum Rate shall apply. The adjustment is applicable to the property not the property owner.

Zoning overlays

Overlays

Hazards (Bushfire - Urban Interface) (Urban Interface)

The Hazards (Bushfire - Urban Interface) Overlay seeks to ensure urban neighbourhoods adjoining bushfire risk areas allow access through to bushfire risk areas, are designed to protect life and property from the threat of bushfire and facilitate evacuation to areas safe from bushfire danger.

Hazards (Flooding - General)

The Hazards (Flooding - General) Overlay seeks to minimise impacts of general flood risk through appropriate siting and design of development.

Native Vegetation

The Native Vegetation Overlay seeks to protect, retain and restore areas of native vegetation.

Regulated and Significant Tree

The Regulated and Significant Tree Overlay seeks to mitigate the loss of regulated trees through appropriate development and redevelopment.

Stormwater Management

The Stormwater Management Overlay seeks to ensure new development incorporates water sensitive urban design techniques to capture and re-use stormwater.

Traffic Generating Development

The Traffic Generating Development Overlay aims to ensure safe and efficient vehicle movement and access along urban transport routes and major urban transport routes.

Urban Tree Canopy

The Urban Tree Canopy Overlay seeks to preserve and enhance urban tree canopy through the planting of new trees and retention of existing mature trees where practicable.

Is there a tree or stand of trees declared to be a significant tree or trees in the Planning and Design Code

No declared significant trees.

However, please note that a tree may be deemed 'regulated' or 'significant' where it meets the criteria below:

The Planning, Development and Infrastructure Act 2016 and Regulations provide that a '**regulated tree**' is:

- Any tree in metropolitan Adelaide and/or townships in the Adelaide Hills Council or parts of the Mount Barker Council with a trunk circumference of 2.0m or more measured at a point 1.0m above natural ground level (in the case of trees with multiple trunks, it is those with trunks with a total circumference of 2.0m or more and an average circumference of 625mm or more measured at a point 1.0m above natural ground level).

A number of tree species are exempt from regulated tree controls, either through their location or their species.

A '**significant tree**' is a regulated tree that is:

- Any tree in metropolitan Adelaide and/or townships in the Adelaide Hills Council or parts of the Mount Barker Council with a trunk circumference of 3.0m or more measured at a point 1.0m above natural ground level (in the case of trees with multiple trunks, it is those with trunks with a total circumference of 3.0m or more and an average circumference of 625mm or more measured at a point 1.0m above natural ground level).

OR

- Any tree identified as a significant tree in Part 10 of the Planning and Design Code

Open the Online Planning and Design Code to browse the full Code and Part 10 - Significant Trees for more information.

IMPORTANT INFORMATION

Swimming Pool Safety Fencing

Whenever an existing property title is being transferred and the property has a swimming pool built before 1 July 1993, it is your responsibility to ensure that all swimming pool barriers are in accordance with the current swimming pool safety requirements (which apply to pools built on or after 1 July 1993). Fencing or barriers may need to be upgraded to meet the current safety requirements.

Further information on swimming pool safety requirements is available on the South Australian Government's website at: <https://www.sa.gov.au/topics/planning-and-property/owning-a-property/pool-and-spa-safety>

Property Zoning

All prospective purchasers are encouraged to familiarise themselves with the zoning provisions and other policies applicable to their property, particularly if they intend to develop their land. This information can be obtained from <https://plan.sa.gov.au/> - Development Applications tab.

State Heritage Places

If your property is a *State Heritage Place* it is subject to additional restrictions enforced by the State Government in respect of the management of, and any development of or within, the property. For further information relating to your obligations as the owner of a State Heritage Place, and for historic information regarding your property, please visit www.environment.sa.gov.au/our-places/Heritage.

Church Hill State Heritage Area

The *Church Hill Management Plan* has been prepared to assist Council and property owners in the future planning for Church Hill State Heritage Area. The purpose of this document is to strengthen the existing policies and requirements, and provide design guidance with respect to signage, fencing, verandah, roofing, dwelling extensions, doors and windows, carports and new infill development within the area. A copy of the Church Hill Management Plan can be found on the Planning and Building section of Council's website at www.gawler.sa.gov.au.

External Painting in Gawler's Main Street Precinct

Please note that external painting of buildings in Gawler's Main Street precinct is classified as "development" pursuant to Section 4 (1) (faa) of the Development Act 1993 and therefore a development application is required before such works can be undertaken, even if the property is not listed as a Heritage Place. For further information please contact Council's Planning Department on 8522 9211.

Smoke Alarms in Dwellings

Unless already installed, dwellings must be fitted with hardwired smoke alarms whenever an existing property title is transferred. The smoke alarms shall be installed within six months of the date of transfer and shall comply with AS 3786 – 1993. That is, they shall be hardwired through the electricity mains and have a battery backup.

The smoke alarms shall be installed in locations that will provide reasonable warning to occupants of bedrooms in the dwelling so that they may safely evacuate in the event of a fire (i.e. adjacent to bedrooms within a safe path of travel to an exit).

Should the smoke alarms not be installed in the dwelling, the owner of the dwelling is guilty of an offence which carries a maximum penalty of \$750.

Recycling and Rubbish Bins

The recycle and rubbish bin(s) must be left with the property upon leaving the premises. All properties will be charged for bins if they are taken from the property.

Septic Systems / Waste Control

Properties located in rural areas are unlikely to be connected to sewer and would rely on waste control systems to dispose of liquid waste from the kitchen, laundry, bathroom & toilet.

Waste control systems may be conventional septic systems that require pumping out at least every four years by a licensed waste contractor, or aerobic systems that are required to be serviced three-monthly and allow the use of the treated waste water for irrigation, in a set area.

If your property has a septic system, a few basic rules will ensure that the system is operating at peak efficiency:

- It is not legal to pump out the tank yourself and if there is an existing pump into the tank this indicates a problem with the system.
- Limit chemical use and ensure that products used are marked as safe for septic systems. Do not use bleach.

If you require any further information please contact Council's Environmental Health Department on 8522 9211.

Access to Mains Water Supply

Some rural properties within the Town of Gawler do not have access to mains water supply. To confirm whether your property has mains water supply please contact SA Water on 1300 650 950.

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.
