### **Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)**

#### Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

#### Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

#### ***Land Tax Act 1936 and Regulations* thereunder**

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

#### ***Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations***

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

#### ***Landscape South Australia 2019***

### 1. YOUR TENANT PORTAL:

If you have a current email, you will receive an invitation to access your private tenant portal with us, via 'propertyme'. On your portal you will see all the details of your tenancy, your payment history, copies of water accounts and importantly all the operating manuals to appliances for your property and status of any maintenance.

### 2. MAINTENANCE:

We are here to help and you can report maintenance to us any time either via phone, or your portal. For non urgent maintenance please call during business hours. If you have after hours emergency maintenance (think an essential service such as no water or gushing water, no power, or something dangerous or causing damage to the property), please contact us on 8386 1555 to be diverted to the on call manager.

### 3. SMOKE ALARMS:

Smoke alarms save lives. Please keep your alarm free from dust and cobwebs and do not tamper with the alarm in any way. Please let us know immediately if you suspect a fault to the alarm.

### 4. GARDEN MAINTENANCE:

Maintaining gardens is an important responsibility of your tenancy. You are responsible for regular lawn mowing, weeding, sweeping of leaves, removal of rubbish, raking of gravel and very importantly watering.

### 5. SMOKING: STRICTLY NO SMOKING INSIDE THE PREMISES.

### 6. VEHICLES:

Parking on lawns is not permitted (except to wash a vehicle) as it can cause damage to lawns and gardens. Please also be careful to ensure your car is not leaking oil as the cost to remove oil from driveways, garages, carports, pathways is costly (and a Tenant responsibility).

### 7. MISPLACED KEYS:

In the unfortunate event you lose the keys to your property or inadvertently lock yourself out, it is your responsibility to arrange access with a locksmith to gain entry. Of course if this occurs during our office hours (Monday-Friday 9am-5pm) you may collect our office set to gain access, provided they are returned within 24 hours. Failure to return will result in a set being cut at the tenants expense.

### 8. PETS:

Pets are strictly prohibited unless approval in writing has been provided from the Agent.

### 9. PICTURES:

If you want to put up pictures, please contact us to obtain approval first so we can amend your going report. Sadly blu-tak and sticky tape on walls and even 3M hooks often remove sections of paint when they are taken down which then require patching and painting.

### 10. SWIMMING POOL:

Swimming pools in excess of 300mm high (which includes nearly all inflatable swimming pools) are prohibited from being erected as current local government legislation requires they have compliant pool fencing.

### 11. PLUMBING/ELECTRICAL:

In the event a contractor is required to remedy an item that is caused by tenant misuse, the tenant is responsible to pay for the associated contractors cost to remedy. To avoid blocked drains please ensure correct disposal of sanitary items to rubbish bins, avoid the use of toilet wipes, correct disposal of cooking oils/fats to rubbish or compost. To avoid call outs for power failures, please unplug all appliances to ensure the fault is not caused by an appliance.

### 12. APPLIANCE MANUALS:

A list of Appliance Manuals provided to you at commencement of the lease are listed on this Lease Agreement and are available at all times on your Tenant Portal.

### 13. ROUTINE INSPECTIONS:

Routine inspections are approximately every 12 weeks and we will provide you 7-14 days notification of your inspection date and time. If you have non urgent maintenance that you have not yet reported, please feel free to leave us a note on your kitchen bench. As per the conditions of offer of your lease, at the inspection we will take internal and external pictures to provide informative reports on the status of the property and maintenance. A copy of your report will be sent to you electronically, and we will be in contact if necessary.

### 14. CONTENTS AND TENANCY INSURANCE:

The tenant acknowledges that they are responsible for insuring their own contents. There are also Tenant Cover policies that provide legal liability cover in the event of a claim that are worth investigating.

#### **Attention Conveyancers**

- **Section 187 certificate update request free of charge (One Update):**
  - Penalties and interest, property charges, payments or dishonoured payments can impact account balances on a daily basis.  
To assist with financial adjustments as close as practicable to the date of settlement, your **Section 187 certificate will now be valid for 90 days**. Within this period Council will offer one update request without charge. This update is to be obtained via the online portal.  
It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

**Please Note: Section 7 certificates remain valid for a 30 day period only.**

- **BPAY biller code added to searches to enable electronic settlement of funds**
  - Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to Council electronically. Please note that this is Council's preferred method of payment and we request that you cease the use of cheques to affect settlement.
- **How to advise Council of change of ownership?**  
To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office, we are advocating that the **Purchaser's Conveyancer** to advise the change of ownership by following the below:
  - If you are using e-conveyancing to affect a sale, please **only issue advice to Council if the mail service address is different to what was lodged via the transfer at the LTO**. Council's new practice is to update ownership details including the mailing address in accordance with the advice provided by the Valuer General. Council has amended this change to align with SA Water practices and to provide an improved customer experience overall.
  - If lodging in person at Lands Title Office – Please send the change of ownership advice to Council via [mail@onkaparinga.sa.gov.au](mailto:mail@onkaparinga.sa.gov.au). Electronic settlement of funds is still preferred.

Yours sincerely

### *Further information held by council*

Does the council hold details of any development approvals relating to:

NO

(a) commercial or industrial activity at the land; or

(b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

### **Note –**

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

## **General**

### *Easement*

YES

Does a drainage easement exist? – Refer to Certificate of Title of subdivision plans (ie Deposited Plans, Community Plans, File Plans etc) for details of easements in the interests of other State Departments or Agencies).

Easements over private land may show on a certificate of title and indicate that council or another authority have some form of infrastructure within them, such as stormwater drainage pipes or other services. Refer to [Encroachment over council easements](#) on our website for further information.

Are you aware of any encroachment on the easement?

NO

### *Lease, agreement for lease, tenancy agreement or licence*

NO

(The information does not include the information about sublease or subtenancy.

The purchaser may seek that information from the lessee or tenant or sublessee or subtenant.)

### *Caveat*

NO

## **Other**

### *Charge for any kind affecting the land (not included in another item)*

NO

**PLEASE NOTE:**

*The information provided is as required by The Land and Business (Sale and Conveyancing) Act 1994. The information should not be taken as a representation as to whether or not any other charges or encumbrances affect the subject land.*
