

FORM 1 - Vendor's Statement

(Section 7 Land and Business (Sale and Conveyancing) Act 1994)

Contents

Preliminary

Part A – Parties and land

Part B – Purchaser's cooling off rights and proceeding with the purchase

Part C – Statement with respect to required particulars

Part D – Certificate with respect to prescribed inquiries by registered agent

Schedule

Preliminary

To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired. If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

Instructions to the vendor for completing this statement:

☐ means the Part, Division, particulars or item may not be applicable.

If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.

If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.

* means strike out or omit the option that is not applicable.

All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).

If there is insufficient space to provide any particulars required, continue on attachments.

PART A – PARTIES AND LAND

1 Purchaser:

Address:

2 Purchaser's registered agent:

Address:

3 Vendor:

Peter Charles Ballintyne and Karen Lee Ballintyne

Address:

12 Stanley Street, Glengowrie SA 5044

4 Vendor's registered agent:

MJ Enterprises Pty Ltd T/A Magain Real Estate

Address:

74 Brighton Road Glenelg East SA 5045

5 Date of contract (if made before this statement is served):

6 Description of the land:

[Identify the land including any certificate of title reference]

Being the land situated at 12 Stanley Street, Glengowrie SA 5044 and being whole of the land in Certificate of Title Volume 5112 Folio 184 and being whole of Allotment 263 on Deposited Plan 3839 in the Area named Glengowrie in the Hundred of Noarlunga

PART B – PURCHASER'S COOLING-OFF RIGHTS AND PROCEEDING WITH THE PURCHASE

To the purchaser:

Right to cool-off (section 5)

1 – Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS–

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

2 – Time for service

The cooling-off notice must be served–

- (a) if this form is served on you before the making of the contract– before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract– before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

3 – Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

4 – Methods of service

The cooling-off notice must be–

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:

12 Stanley Street, Glengowrie SA 5044

(being the vendor's last known address); or

- (c) transmitted by fax or email to the following fax number or email address:

josh@magain.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

74 Brighton Road Glenelg East SA 5045

(being ~~the agent's address for service under the Land Agents Act 1994~~ an address nominated by the agent to you for the purpose of service of the notice).

Note–

Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that –

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing; or
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

5 – Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than–

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

Proceeding with the purchase

If you wish to proceed with the purchase—

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

Buyers information notice

Land and Business (Sale and Conveyancing) Act 1994 section 13A
Land and Business (Sale and Conveyancing) Regulations 2010 regulation 17

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommend that you check the website: www.cbs.sa.gov.au

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?
- Does the property have any significant **defects** eg **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring**, **gas installation**, **plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a flood **prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, **downpipes** and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any significant trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

Value

- Are there any **illegal or unapproved additions**, extensions or alterations to the buildings on the property?
- How energy **efficient** is the home, including appliances and lighting? What **energy sources** (eg electricity, gas) are available?
- Is the property connected to SA Water operated and maintained **mains water**? Is a mains water connection available? Does the property have a **recycled water** connection? What sort of water meter is located on the property (a **direct or indirect meter** – an indirect meter can be located some distance from the property)? Is the property connected to a water meter that is also serving another property?
- Are there water taps outside the building? Is there a watering system installed? Are they in good working order and in good condition?
- Does the property have **alternative sources** of water other than mains water supply (including **bore or rainwater**)? If so, are there any special maintenance requirements?

Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

Does the council hold details of any development approvals relating to:

- a) commercial or industrial activity at the land; or
- b) a change in the use of the land or part of the land (within the meaning of the repealed Development Act 1993 or the Planning, Development and Infrastructure Act 2016)?

No

Description of the nature of the development(s) approved:

Note—

The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that—

- the approval of development by a council does not necessarily mean that the development has taken place;*
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.*

The information herein is provided pursuant to the Council's obligations under Section 7 of the Land Business (Sales Conveyancing) Act 1994.

Only that information which is required to be provided has been given and that information should not be taken as a representation as to whether or not any other charges or encumbrances affect the subject land.

I, Kellie Parker, Administration Officer of the City of Marion certify that the information provided in these responses is correct.

- (1) You are undertaking work that may affect the stability of adjoining land. Section 60 of the Development Act 1993 and Regulation 75 of the Development Regulations 1993, prescribe that your neighbour has a right to be notified by you 28 days prior to you undertaking that work. This is to enable your neighbour to obtain a report for which you are obliged to pay, that specifies any work that is required to be undertaken to ensure the stability of your neighbour's property is maintained during and following the undertaking of the work you propose. You should make yourself aware of these requirements before proceeding.
- (2) Before commencing any site works, a temporary vehicular access to the property for machinery, delivery of building materials and general vehicles should be provided. In the case where no driveway invert exists, the kerb can be saw cut and removed at the intended location for the new driveway invert to provide the necessary temporary access. In addition, if a paved Council footpath exists, this should also be removed in alignment with the removed section of kerb. The applicant should also take note of other information provided regarding use of, damage to and construction on Council owned land.

Advisory Note

- (1) The State Planning system is currently in the process of significant planning reforms. The Planning and Design Code will replace all current Development Plans. Therefore, some areas may see shifts in the principles governing development in their area.

The Planning & Design Code will become operational at the discretion of the Minister for Planning. It is anticipated this will occur in early 2021.

Further details in relation to the Planning Reforms can be found at https://www.saplanningportal.sa.gov.au/planning_reforms

Should these timeframes not be achieved, your Approval may lapse and a new development application must be lodged, unless an extension is obtained. Should a request for extension be made after the implementation of the new system, your request will be subject to the transitional provisions of the Planning, Development and Infrastructure Act 2016.

- (2) Please note that this Notice has been issued in accordance with Regulation 42(2) of the Development Regulations 2008, on the basis that the private certifier has issued a Certificate of Consistency in accordance with Division 2 clause 92(2)(e) of the Development Regulations 2008. In the event there is an inconsistency, or inconsistencies, Council advises that the plans granted Development Plan Consent take primacy as the approved plans/documents.

Please be advised that in accordance with Regulation 42(4) and 42(5) the plans accompanying the Decision Notification Form have been stamped by the private certifier as the relevant authority.

- (3) Developers are responsible for providing telecommunications infrastructure in their developments. To provide this infrastructure, you need to contract a carrier to install telecommunications infrastructure in your new development.

Developers can choose any carrier to service their development. If they don't choose another carrier:

- nbn is the Infrastructure Provider of Last Resort for larger developments (100 lots or more), and for all developments in areas where nbn is rolling out.
- Telstra is the Infrastructure Provider of Last Resort for smaller developments (less than 100 lots), until the nbn rolls out in the area.

Developers are asked to apply at least 6 months before the required date of service, to ensure a connection is ready when residents move in.

Mandatory Notifications

Regulation 74 of the Development Regulations 2008 requires the licensed building work contractor or the owner builder responsible for the work to notify Council prior to the commencement or completion of mandatory stages of construction (a notice specifying the mandatory notification stages is attached herein). Further to the requirement to notify, the licensed building work contractor or the owner builder must, no later than 1 business day after the completion of the roof framing, provide the completed Minister's Roof Framing Checklist to Council*. The Minister's Roof Framing Checklist must be completed and signed by a registered building work supervisor who has received specialised training. Failure to comply with the requirements to notify and/or provide the Minister's Roof Framing Checklist could result in a fine of \$500.00 or prosecution.

**(a copy of the Minister's Roof Framing Checklist can be found on the City of Marion website www.marion.sa.gov.au).*

Appeal Rights:

- (1) If you are not satisfied with this decision, there may be a right of appeal to you. Applicants have the right to appeal against a refusal or the imposition of any conditions or requirements on any consent issued, unless the application was for a non-complying kind of development. An appeal by an applicant must be lodged within two (2) months of receiving notice of the decision. Where Category Three public notification was involved, persons who lodged written representations during the formal consultation period, have the right to appeal against any decision made on that application. An appeal by a third party must be lodged within fifteen (15) business days of the date of the decision. All appeals are lodged with the Environment, Resources and Development Court, Sir Samuel Way Building, Victoria Square, Adelaide, telephone: 8204 0289.

Approval Timeframes:

(1) The proposed development must:

- be substantially commenced within twelve (12) months from the date full Development Approval is granted; and
- be completed within three (3) years of full Development Approval being granted, noting that the operative date of any consent or approval is subject to any appeal (where applicable) being finally determined.

IMPORTANT INFORMATION *(Last updated 2/6/05)*

The following matters may influence any consent or approval that has been granted:

- **Other Approvals may be required**

The granting of this consent or approval does not remove the need for the applicant to obtain all other consents that may be required by any other legislation or regulation, encumbrance, land management agreement or similar. It also does not imply that the building will comply with the provisions of the Disability Discrimination Act 1993. The Applicant's attention is particularly drawn to the need to consult electricity suppliers in relation to high voltage power lines and required clearance distances to buildings.

- **Public and Environmental Health**

The Public and Environmental Health Act requires that:

- proper sanitary facilities must be existing and available or be provided to all building sites (i.e. a water flush chemical toilet or toilet connected to sewer or a septic tank);
- an appropriate waste receptacle/enclosure be provided to contain all builders' waste; and
- the site is maintained in a clean condition, free of litter, at all times.

The applicant is advised (and should in turn advise the property owner, builders and all contractors) of their responsibility under the Environment Protection Act 1993 to not harm the environment. Specifically:

- paint, plaster, concrete and brick wastes, and wash waters should not be discharged to the stormwater system or onto land where it is reasonably likely to enter any waters;
- litter should be appropriately stored on site pending removal;
- excavation and site disturbance should be limited, and in particular dust generation should be minimised;
- entry/exit points to the site should be managed to prevent soil being carried off site by vehicles;
- sediment barriers should be used (particularly on sloping sites).

On the spot fines apply for breaches. Further information is available by contacting the EPA on 8204 2000.

- **Works on Council owned land, including footpaths**

The applicant is advised that any works undertaken on Council owned land (including, but not limited to, works relating to crossovers, driveways, footpaths, street trees and stormwater connections) will require the approval of the Council's Infrastructure Department, prior to any works being undertaken. Driveway Access Permit Forms, in particular, must be completed and approved prior to driveway construction occurring. Further information may be obtained by phoning 8375 6600.

Council has requirements for all works that occur in the verge area. In particular, Council requires all redundant driveways to be closed and all new driveways to grade toward the road between the kerb and the front boundary of the property with the level at the front property boundary being between 50mm and 150mm above the top of the kerb, or, as approved by Council.

If damage to kerbs, watertables, footpaths etc is present prior to construction commencing, it is advisable to supply Council with dated photos and measurements of defects; otherwise it will be assumed that all damage was caused during construction. Any damage during construction will be the responsibility of the builder/site owner to remedy. Failure to do so will result in such repairs being carried out by the Council and charged to the builder.

All works on Council owned land required as part of this development are likely to be at the applicant's cost.

Material stockpiles and temporary toilet facilities should all be placed on site and not on the footpath or public roads or reserves. Failure to keep the road reserve clean and suitable for pedestrian and vehicular traffic may result in Council or other agencies taking action under the Local Government Act, the Public and Environmental Health Act, and/or the Environment Protection Act.

- **Other**

Property owners are responsible for notifying Council of any **change in ownership** and/or any **change of property owner's mailing address**. This notification must be received in writing or by facsimile by Council's Rates Department (fax no: 8375 6888). Failure to do so may result in rates notices not being received and fines being imposed.

Existing vegetation to be retained and/or **planting** to occur **in the vicinity of building works** may alter soil conditions and/or affect buildings. The applicant is therefore urged to seek expert advice from suitably qualified persons before designing footings, undertaking construction, and/or planting any vegetation in the vicinity of any building.

The Council has not surveyed the subject land and has, for the purpose of its assessment, assumed that all dimensions and other details provided by the applicant are accurate. It is recommended that the applicant **employ a licensed surveyor** to carry out an identification survey and peg the true boundaries prior to construction commencing. Any discrepancies identified between the dimensions on the approved drawings and the true survey must be reported to the Council for advice on implications on the proposed development. Where a solid wall is proposed on a boundary, it is necessary for any relevant sections of fencing to be removed. It is advisable to gain permission from the adjoining owner(s) before moving or altering any fencing or before using a neighbour's property for access. Owners/applicants should also be aware of their obligations under the Fences Act to notify neighbours before carrying out fencing work on boundaries.

The EPA Information Brochure "Construction Noise" outlines recommended hours of operation outside which noisy activities should not occur. Further information is available by phoning the Environment Protection Authority on 8204 2000.

INFORMATION TO BE INCLUDED ON DECISION TO GRANT BUILDING CONSENT

Building classification/s: 10B

CERTIFICATE OF BUILDING INDUSTRY INSURANCE:

Domestic building work must not commence before a copy of the certificate of building industry insurance has been lodged with the relevant authority. If not already lodged, you must lodge the required certificate of insurance before notice is given of intended commencement of building work (regulation 36).

Certificate of building industry insurance received: ☐ NO

REQUIRED NOTIFICATIONS:

You are advised that notice and/or documentation must be provided to council when the following stages of building work are reached (regulation 93):

- ☒ **One days' notice of the intended commencement of building work (mandatory)**
- ☒ **One business day notice of the intended completion of the following stages of work:**
 - ☐ **1 Day's notice of pool construction/fill with water.....Date:.....**
 - ☐ **1 Day's notice of completion of temporary swimming pool safety barriers or fence:Date.....**
- ☒ **Notice of completion of the building work, including a completed Statement of Compliance and relevant documentation as set out on this Decision Notification Form (mandatory)**

Note regulation 57(7) allows the relevant authority issuing the notice to specify any additional stage of building work for which notice must be given to the council under regulation 93.

Where a building certifier is issuing the building consent the use of this regulation is to inform the council of stages of work when a notification should be provided and an inspection may occur at the council's discretion. If applicable, notifications specified under regulation 57(7) are therefore intended to be in addition to mandatory notifications and any notifications specified by council under regulation 93(1)(b) or (c) when issuing the final Development Approval.

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.
