**IMPORTANT NOTICE TO VENDORS AND PURCHASERS**

Before signing this contract you should ensure that you understand your rights and obligations, some of which are not written in this contract but are implied by law.

**WARNING—SMOKE ALARMS**

The owners of certain types of buildings and strata lots must have smoke alarms, or in certain cases heat alarms, installed in the building or lot in accordance with regulations under the *Environmental Planning and Assessment Act 1979*. It is an offence not to comply. It is also an offence to remove or interfere with a smoke alarm or heat alarm. Penalties apply.

**WARNING—LOOSE-FILL ASBESTOS INSULATION**

Before purchasing land that includes residential premises, within the meaning of the *Home Building Act 1989*, Part 8, Division 1A, built before 1985, a purchaser is strongly advised to consider the possibility that the premises may contain loose-fill asbestos insulation, within the meaning of the *Home Building Act 1989*, Part 8, Division 1A. In particular, a purchaser should—

- (a) search the Register required to be maintained under the *Home Building Act 1989*, Part 8, Division 1A, and
- (b) ask the relevant local council whether it holds records showing that the residential premises contain loose-fill asbestos insulation.

For further information about loose-fill asbestos insulation, including areas in which residential premises have been identified as containing loose-fill asbestos insulation, contact NSW Fair Trading.

### **Cooling off period (purchaser's rights)**

- 1 This is the statement required by the *Conveyancing Act 1919*, section 66X. This statement applies to a contract for the sale of residential property.
- 2 **EXCEPT** in the circumstances listed in paragraph 3, the purchaser may rescind the contract before 5pm on—
  - (a) for an off the plan contract—the tenth business day after the day on which the contract was made, or
  - (b) in any other case—the fifth business day after the day on which the contract was made.
- 3 There is **NO COOLING OFF PERIOD**—
  - (a) if, at or before the time the contract is made, the purchaser gives to the vendor, or the vendor's solicitor or agent, a certificate that complies with the Act, section 66W, or
  - (b) if the property is sold by public auction, or
  - (c) if the contract is made on the same day as the property was offered for sale by public auction but passed in, or
  - (d) if the contract is made in consequence of the exercise of an option to purchase the property, other than an option that is void under the Act, section 66ZG.
- 4 A purchaser exercising the right to cool off by rescinding the contract forfeits 0.25% of the purchase price of the property to the vendor.
- 5 The vendor is entitled to recover the forfeited amount from an amount paid by the purchaser as a deposit under the contract. The purchaser is entitled to a refund of any balance.

### **DISPUTES**

If you get into a dispute with the other party, the Law Society and Real Estate Institute encourage you to use informal procedures such as negotiation, independent expert appraisal, the Law Society Conveyancing Dispute Resolution Scheme or mediation (for example mediation under the Law Society Mediation Program).

### **AUCTIONS**

Regulations made under the Property and Stock Agents Act 2002 prescribe a number of conditions applying to sales by auction.

**WARNINGS**

1. **Various Acts of Parliament and other matters can affect the rights of the parties to this contract. Some important matters are actions, claims, decisions, licences, notices, orders, proposals or rights of way involving:**

<b>APA Group</b> <b>Australian Taxation Office</b> <b>Council</b> <b>County Council</b> <b>Department of Planning and Environment</b> <b>Department of Primary Industries</b> <b>Electricity and gas</b> <b>Land and Housing Corporation</b> <b>Local Land Services</b>	<b>NSW Department of Education</b> <b>NSW Fair Trading</b> <b>Owner of adjoining land</b> <b>Privacy</b> <b>Public Works Advisory</b> <b>Subsidence Advisory NSW</b> <b>Telecommunications</b> <b>Transport for NSW</b> <b>Water, sewerage or drainage authority</b>
---	--

**If you think that any of these matters affects the property, tell your solicitor.**
2. **A lease may be affected by the Agricultural Tenancies Act 1990, the Residential Tenancies Act 2010 or the Retail Leases Act 1994.**
3. **If any purchase money is owing to the Crown, it will become payable before obtaining consent, or if no consent is needed, when the transfer is registered.**
4. **If a consent to transfer is required under legislation, see clause 27 as to the obligations of the parties.**
5. **The vendor should continue the vendor's insurance until completion. If the vendor wants to give the purchaser possession before completion, the vendor should first ask the insurer to confirm this will not affect the insurance.**
6. **Most purchasers will have to pay transfer duty (and, sometimes, if the purchaser is not an Australian citizen, surcharge purchaser duty) on this contract. Some purchasers may be eligible to choose to pay first home buyer choice property tax instead of transfer duty. If a payment is not made on time, interest and penalties may be incurred.**
7. **If the purchaser agrees to the release of deposit, the purchaser's right to recover the deposit may stand behind the rights of others (for example the vendor's mortgagee).**
8. **The purchaser should arrange insurance as appropriate.**
9. **Some transactions involving personal property may be affected by the Personal Property Securities Act 2009.**
10. **A purchaser should be satisfied that finance will be available at the time of completing the purchase.**
11. **Where the market value of the property is at or above a legislated amount, the purchaser may have to comply with a foreign resident capital gains withholding payment obligation (even if the vendor is not a foreign resident). If so, this will affect the amount available to the vendor on completion.**
12. **Purchasers of some residential properties may have to withhold part of the purchase price to be credited towards the GST liability of the vendor. If so, this will also affect the amount available to the vendor. More information is available from the ATO.**

The vendor sells and the purchaser buys the *property* for the price under these provisions instead of Schedule 3 Conveyancing Act 1919, subject to any *legislation* that cannot be excluded.

1.2 Words and phrases used in this contract (italicised and in Title Case, such as *Conveyancing Transaction*, *Digitally Signed*, *Electronic Workspace*, *ELN*, *ELNO*, *Land Registry*, *Lodgment Case* and *Subscriber*) have the meanings given in the *participation rules*.

## 2 Deposit and other payments before completion

2.1 The purchaser must pay the deposit to the *depositholder* as stakeholder.

2.2 *Normally*, the purchaser must pay the deposit on the making of this contract, and this time is essential.

2.3 If this contract requires the purchaser to pay any of the deposit by a later time, that time is also essential.

2.4 The purchaser can pay any of the deposit by –

2.4.1 giving cash (up to \$2,000) to the *depositholder*;

2.4.2 unconditionally giving a *cheque* to the *depositholder* or to the vendor, vendor's agent or vendor's *solicitor* for sending to the *depositholder*; or

2.4.3 electronic funds transfer to the *depositholder's* nominated account and, if requested by the vendor or the *depositholder*, providing evidence of that transfer.

2.5 The vendor can *terminate* if –

2.5.1 any of the deposit is not paid on time;

2.5.2 a *cheque* for any of the deposit is not honoured on presentation; or

2.5.3 a payment under clause 2.4.3 is not received in the *depositholder's* nominated account by 5.00 pm on the third *business day* after the time for payment.

This right to *terminate* is lost as soon as the deposit is paid in full.

2.6 If the vendor accepts a *deposit-bond* for the deposit, clauses 2.1 to 2.5 do not apply.

2.7 If the vendor accepts a *deposit-bond* for part of the deposit, clauses 2.1 to 2.5 apply only to the balance.

2.8 If any of the deposit or of the balance of the price is paid before completion to the vendor or as the vendor directs, it is a charge on the land in favour of the purchaser until *termination* by the vendor or completion, subject to any existing right.

2.9 If each *party* tells the *depositholder* that the deposit is to be invested, the *depositholder* is to invest the deposit (at the risk of the *party* who becomes entitled to it) with a *bank*, in an interest-bearing account in NSW, payable at call, with interest to be reinvested, and pay the interest to the *parties* equally, after deduction of all proper government taxes and financial institution charges and other charges.

## 3 Deposit-bond

3.1 This clause applies only if the vendor accepts a *deposit-bond* for the deposit (or part of it).

3.2 The purchaser must provide the *deposit-bond* to the vendor's *solicitor* (or if no solicitor the *depositholder*) at or before the making of this contract and this time is essential.

3.3 If the *deposit-bond* has an expiry date and completion does not occur by the date which is 14 days before the expiry date, the purchaser must *serve* a replacement *deposit-bond* at least 7 days before the expiry date. The time for service is essential.

3.4 The vendor must approve a replacement *deposit-bond* if –

3.4.1 it is from the same issuer and for the same amount as the earlier *deposit-bond*; and

3.4.2 it has an expiry date at least three months after its date of issue.

3.5 A breach of clauses 3.2 or 3.3 entitles the vendor to *terminate*. The right to *terminate* is lost as soon as –

3.5.1 the purchaser *serves* a replacement *deposit-bond*; or

3.5.2 the deposit is paid in full under clause 2.

3.6 Clauses 3.3 and 3.4 can operate more than once.

- 3.7 If the purchaser serves a replacement *deposit-bond*, the vendor must serve the earlier *deposit-bond*.
- 3.8 The amount of any *deposit-bond* does not form part of the price for the purposes of clause 16.5.
- 3.9 The vendor must give the purchaser any original *deposit-bond* –
- 3.9.1 on completion; or
- 3.9.2 if this contract is *rescinded*.
- 3.10 If this contract is *terminated* by the vendor –
- 3.10.1 normally, the vendor can immediately demand payment from the issuer of the *deposit-bond*; or
- 3.10.2 if the purchaser serves prior to *termination* a notice disputing the vendor's right to *terminate*, the vendor must forward any original *deposit-bond* (or its proceeds if called up) to the *depositholder* as stakeholder.
- 3.11 If this contract is *terminated* by the purchaser –
- 3.11.1 normally, the vendor must give the purchaser any original *deposit-bond*; or
- 3.11.2 if the vendor serves prior to *termination* a notice disputing the purchaser's right to *terminate*, the vendor must forward any original *deposit-bond* (or its proceeds if called up) to the *depositholder* as stakeholder.
- 4 Electronic transaction**
- 4.1 This *Conveyancing Transaction* is to be conducted as an *electronic transaction* unless –
- 4.1.1 the contract says this transaction is a *manual transaction*, giving the reason, or
- 4.1.2 a party serves a notice stating why the transaction is a *manual transaction*, in which case the parties do not have to complete earlier than 14 days after service of the notice, and clause 21.3 does not apply to this provision,
- and in both cases clause 30 applies.
- 4.2 If, because of clause 4.1.2, this *Conveyancing Transaction* is to be conducted as a *manual transaction* –
- 4.2.1 each party must –
- bear equally any disbursements or fees; and
  - otherwise bear that party's own costs;
- incurred because this *Conveyancing Transaction* was to be conducted as an *electronic transaction*; and
- 4.2.2 if a party has paid all of a disbursement or fee which, by reason of this clause, is to be borne equally by the parties, that amount must be adjusted under clause 14.
- 4.3 The parties must conduct the *electronic transaction* –
- 4.3.1 in accordance with the *participation rules* and the *ECNL*; and
- 4.3.2 using the nominated *ELN*, unless the parties otherwise agree. This clause 4.3.2 does not prevent a party using an *ELN* which can interoperate with the nominated *ELN*.
- 4.4 A party must pay the fees and charges payable by that party to the *ELNO* and the *Land Registry*.
- 4.5 Normally, the vendor must within 7 days of the contract date create and populate an *Electronic Workspace* with title data and the date for completion, and invite the purchaser to the *Electronic Workspace*.
- 4.6 If the vendor has not created an *Electronic Workspace* in accordance with clause 4.5, the purchaser may create and populate an *Electronic Workspace* and, if it does so, the purchaser must invite the vendor to the *Electronic Workspace*.
- 4.7 The parties must, as applicable to their role in the *Conveyancing Transaction* and the steps taken under clauses 4.5 or 4.6 –
- 4.7.1 promptly join the *Electronic Workspace* after receipt of an invitation;
- 4.7.2 create and populate an *electronic transfer*;
- 4.7.3 invite any *discharging mortgagee* or *incoming mortgagee* to join the *Electronic Workspace*; and
- 4.7.4 populate the *Electronic Workspace* with a nominated *completion time*.
- 4.8 If the transferee in the *electronic transfer* is not the purchaser, the purchaser must give the vendor a direction signed by the purchaser personally for that transfer.
- 4.9 The vendor can require the purchaser to include a covenant or easement in the *electronic transfer* only if this contract contains the wording of the proposed covenant or easement, and a description of the land burdened and benefited.
- 4.10 If the purchaser must make a *GSTRW payment* or an *FRCGW remittance*, the purchaser must populate the *Electronic Workspace* with the payment details for the *GSTRW payment* or *FRCGW remittance* payable to the Deputy Commissioner of Taxation at least 2 *business days* before the date for completion.
- 4.11 Before completion, the parties must ensure that –
- 4.11.1 all *electronic documents* which a party must *Digitally Sign* to complete the *electronic transaction* are populated and *Digitally Signed*;
- 4.11.2 all certifications required by the *ECNL* are properly given; and
- 4.11.3 they do everything else in the *Electronic Workspace* which that party must do to enable the *electronic transaction* to proceed to completion.
- 4.12 If the computer systems of any of the *Land Registry*, the *ELNO*, Revenue NSW or the Reserve Bank of Australia are inoperative for any reason at the *completion time* agreed by the parties, a failure to complete this contract for that reason is not a default under this contract on the part of either party.

- 4.13 If the computer systems of the *Land Registry* are inoperative for any reason at the *completion time* agreed by the *parties*, and the *parties* choose that financial settlement is to occur despite this, then on financial settlement occurring –
- 4.13.1 all *electronic documents Digitally Signed* by the vendor and any discharge of mortgage, withdrawal of caveat or other *electronic document* forming part of the *Lodgment Case* for the *electronic transaction* are taken to have been unconditionally and irrevocably delivered to the purchaser or the purchaser's mortgagee at the time of financial settlement together with the right to deal with the land; and
- 4.13.2 the vendor is taken to have no legal or equitable interest in the *property*.
- 4.14 If the *parties* do not agree about the delivery before completion of one or more documents or things that cannot be delivered through the *Electronic Workspace*, the *party* required to deliver the documents or things –
- 4.14.1 holds them on completion in escrow for the benefit of; and
- 4.14.2 must immediately after completion deliver the documents or things to, or as directed by; the *party* entitled to them.
- 5 Requisitions**
- 5.1 If a form of *requisitions* is attached to this contract, the purchaser is taken to have made those *requisitions*.
- 5.2 If the purchaser is or becomes entitled to make any other *requisition*, the purchaser can make it only by *servicing* it –
- 5.2.1 if it arises out of this contract or it is a general question about the *property* or title - *within* 21 days after the contract date;
- 5.2.2 if it arises out of anything *served* by the vendor - *within* 21 days after the later of the contract date and that *service*; and
- 5.2.3 in any other case - *within* a reasonable time.
- 6 Error or misdescription**
- 6.1 *Normally*, the purchaser can (but only before completion) claim compensation for an error or misdescription in this contract (as to the *property*, the title or anything else and whether substantial or not).
- 6.2 This clause applies even if the purchaser did not take notice of or rely on anything in this contract containing or giving rise to the error or misdescription.
- 6.3 However, this clause does not apply to the extent the purchaser knows the true position.
- 7 Claims by purchaser**
- Normally*, the purchaser can make a claim (including a claim under clause 6) before completion only by *servicing* it with a statement of the amount claimed, and if the purchaser makes one or more claims before completion –
- 7.1 the vendor can *rescind* if in the case of claims that are not claims for delay –
- 7.1.1 the total amount claimed exceeds 5% of the price;
- 7.1.2 the vendor *serves* notice of intention to *rescind*; and
- 7.1.3 the purchaser does not *serve* notice waiving the claims *within* 14 days after that *service*; and
- 7.2 if the vendor does not *rescind*, the *parties* must complete and if this contract is completed –
- 7.2.1 the lesser of the total amount claimed and 10% of the price must be paid out of the price to and held by the *depositholder* until the claims are finalised or lapse;
- 7.2.2 the amount held is to be invested in accordance with clause 2.9;
- 7.2.3 the claims must be finalised by an arbitrator appointed by the *parties* or, if an appointment is not made *within* 1 month of completion, by an arbitrator appointed by the President of the Law Society at the request of a *party* (in the latter case the *parties* are bound by the terms of the Conveyancing Arbitration Rules approved by the Law Society as at the date of the appointment);
- 7.2.4 the purchaser is not entitled, in respect of the claims, to more than the total amount claimed and the costs of the purchaser;
- 7.2.5 net interest on the amount held must be paid to the *parties* in the same proportion as the amount held is paid; and
- 7.2.6 if the *parties* do not appoint an arbitrator and neither *party* requests the President to appoint an arbitrator *within* 3 months after completion, the claims lapse and the amount belongs to the vendor.
- 8 Vendor's rights and obligations**
- 8.1 The vendor can *rescind* if –
- 8.1.1 the vendor is, on reasonable grounds, unable or unwilling to comply with a *requisition*;
- 8.1.2 the vendor *serves* a notice of intention to *rescind* that specifies the *requisition* and those grounds; and
- 8.1.3 the purchaser does not *serve* a notice waiving the *requisition* *within* 14 days after that *service*.

- 8.2 If the vendor does not comply with this contract (or a notice under or relating to it) in an essential respect, the purchaser can *terminate* by *-serving* a notice. After the *termination* –
- 8.2.1 the purchaser can recover the deposit and any other money paid by the purchaser under this contract;
- 8.2.2 the purchaser can sue the vendor to recover damages for breach of contract; and
- 8.2.3 if the purchaser has been in possession a *party* can claim for a reasonable adjustment.
- 9 Purchaser's default**
- If the purchaser does not comply with this contract (or a notice under or relating to it) in an essential respect, the vendor can *terminate* by *-serving* a notice. After the *termination* the vendor can –
- 9.1 keep or recover the deposit (to a maximum of 10% of the price);
- 9.2 hold any other money paid by the purchaser under this contract as security for anything recoverable under this clause –
- 9.2.1 for 12 months after the *termination*; or
- 9.2.2 if the vendor commences proceedings under this clause *within* 12 months, until those proceedings are concluded; and
- 9.3 sue the purchaser either –
- 9.3.1 where the vendor has resold the *property* under a contract made *within* 12 months after the *termination*, to recover –
- the deficiency on resale (with credit for any of the deposit kept or recovered and after allowance for any capital gains tax or goods and services tax payable on anything recovered under this clause); and
  - the reasonable costs and expenses arising out of the purchaser's non-compliance with this contract or the notice and of resale and any attempted resale; or
- 9.3.2 to recover damages for breach of contract.
- 10 Restrictions on rights of purchaser**
- 10.1 The purchaser cannot make a claim or *requisition* or *rescind* or *terminate* in respect of –
- 10.1.1 the ownership or location of any fence as defined in the Dividing Fences Act 1991;
- 10.1.2 a service for the *property* being a joint service or passing through another property, or any service for another property passing through the *property* ('service' includes air, communication, drainage, electricity, garbage, gas, oil, radio, sewerage, telephone, television or water service);
- 10.1.3 a wall being or not being a party wall in any sense of that term or the *property* being affected by an easement for support or not having the benefit of an easement for support;
- 10.1.4 any change in the *property* due to fair wear and tear before completion;
- 10.1.5 a promise, representation or statement about this contract, the *property* or the title, not set out or referred to in this contract;
- 10.1.6 a condition, exception, reservation or restriction in a Crown grant;
- 10.1.7 the existence of any authority or licence to explore or prospect for gas, minerals or petroleum;
- 10.1.8 any easement or restriction on use the substance of either of which is disclosed in this contract or any non-compliance with the easement or restriction on use; or
- 10.1.9 anything the substance of which is disclosed in this contract (except a caveat, charge, mortgage, priority notice or writ).
- 10.2 The purchaser cannot *rescind* or *terminate* only because of a defect in title to or quality of the inclusions.
- 10.3 *Normally*, the purchaser cannot make a claim or *requisition* or *rescind* or *terminate* or require the vendor to change the nature of the title disclosed in this contract (for example, to remove a caution evidencing qualified title, or to lodge a plan of survey as regards limited title).
- 11 Compliance with work orders**
- 11.1 *Normally*, the vendor must by completion comply with a *work order* made on or before the contract date and if this contract is completed the purchaser must comply with any other *work order*.
- 11.2 If the purchaser complies with a *work order*, and this contract is *rescinded* or *terminated*, the vendor must pay the expense of compliance to the purchaser.
- 12 Certificates and inspections**
- The vendor must do everything reasonable to enable the purchaser, subject to the rights of any tenant –
- 12.1 to have the *property* inspected to obtain any certificate or report reasonably required;
- 12.2 to apply (if necessary in the name of the vendor) for –
- 12.2.1 any certificate that can be given in respect of the *property* under *legislation*; or
- 12.2.2 a copy of any approval, certificate, consent, direction, notice or order in respect of the *property* given under *legislation*, even if given after the contract date; and
- 12.3 to make 1 inspection of the *property* in the 3 days before a time appointed for completion.

**13 Goods and services tax (GST)**

- 13.1 Terms used in this clause which are not defined elsewhere in this contract and have a defined meaning in the *GST Act* have the same meaning in this clause.
- 13.2 *Normally*, if a *party* must pay the price or any other amount to the other *party* under this contract, GST is not to be added to the price or amount.
- 13.3 If under this contract a *party* must make an adjustment or payment for an expense of another party or pay an expense payable by or to a third party (for example, under clauses 14 or 20.7) –
- 13.3.1 the *party* must adjust or pay on completion any GST added to or included in the expense; but
- 13.3.2 the amount of the expense must be reduced to the extent the party receiving the adjustment or payment (or the representative member of a GST group of which that party is a member) is entitled to an input tax credit for the expense; and
- 13.3.3 if the adjustment or payment under this contract is consideration for a taxable supply, an amount for GST must be added at the *GST rate*.
- 13.4 If this contract says this sale is the supply of a going concern –
- 13.4.1 the *parties* agree the supply of the *property* is a supply of a going concern;
- 13.4.2 the vendor must, between the contract date and completion, carry on the enterprise conducted on the land in a proper and business-like way;
- 13.4.3 if the purchaser is not registered by the date for completion, the *parties* must complete and the purchaser must pay on completion, in addition to the price, an amount being the price multiplied by the *GST rate* ("the retention sum"). The retention sum is to be held by the *depositholder* and dealt with as follows –
- if *within* 3 months of completion the purchaser serves a letter from the Australian Taxation Office stating the purchaser is registered with a date of effect of registration on or before completion, the *depositholder* is to pay the retention sum to the purchaser; but
  - if the purchaser does not serve that letter *within* 3 months of completion, the *depositholder* is to pay the retention sum to the vendor; and
- 13.4.4 if the vendor, despite clause 13.4.1, serves a letter from the Australian Taxation Office stating the vendor has to pay GST on the supply, the purchaser must pay to the vendor on demand the amount of GST assessed.
- 13.5 *Normally*, the vendor promises the margin scheme will not apply to the supply of the *property*.
- 13.6 If this contract says the margin scheme is to apply in making the taxable supply, the *parties* agree that the margin scheme is to apply to the sale of the *property*.
- 13.7 If this contract says the sale is not a taxable supply –
- 13.7.1 the purchaser promises that the *property* will not be used and represents that the purchaser does not intend the *property* (or any part of the *property*) to be used in a way that could make the sale a taxable supply to any extent; and
- 13.7.2 the purchaser must pay the vendor on completion in addition to the price an amount calculated by multiplying the price by the *GST rate* if this sale is a taxable supply to any extent because of –
- a breach of clause 13.7.1; or
  - something else known to the purchaser but not the vendor.
- 13.8 If this contract says this sale is a taxable supply in full and does not say the margin scheme applies to the *property*, the vendor must pay the purchaser on completion an amount of one-eleventh of the price if –
- 13.8.1 this sale is not a taxable supply in full; or
- 13.8.2 the margin scheme applies to the *property* (or any part of the *property*).
- 13.9 If this contract says this sale is a taxable supply to an extent –
- 13.9.1 clause 13.7.1 does not apply to any part of the *property* which is identified as being a taxable supply; and
- 13.9.2 the payments mentioned in clauses 13.7 and 13.8 are to be recalculated by multiplying the relevant payment by the proportion of the price which represents the value of that part of the *property* to which the clause applies (the proportion to be expressed as a number between 0 and 1). Any evidence of value must be obtained at the expense of the vendor.
- 13.10 *Normally*, on completion the vendor must give the recipient of the supply a tax invoice for any taxable supply by the vendor by or under this contract.
- 13.11 The vendor does not have to give the purchaser a tax invoice if the margin scheme applies to a taxable supply.
- 13.12 If the vendor is liable for GST on rents or profits due to issuing an invoice or receiving consideration before completion, any adjustment of those amounts must exclude an amount equal to the vendor's GST liability.
- 13.13 If the vendor serves details of a *GSTRW payment* which the purchaser must make, the purchaser does not have to complete earlier than 5 *business days* after that *service* and clause 21.3 does not apply to this provision.
- 13.14 If the purchaser must make a *GSTRW payment* the purchaser must, at least 2 *business days* before the date for completion, serve evidence of submission of a *GSTRW payment* notification form to the Australian Taxation Office by the purchaser or, if a direction under either clause 4.8 or clause 30.4 has been given, by the transferee named in the transfer the subject of that direction.

**14 Adjustments**

- 14.1 *Normally*, the vendor is entitled to the rents and profits and will be liable for all rates, water, sewerage and drainage service and usage charges, land tax, levies and all other periodic outgoings up to and including the *adjustment date* after which the purchaser will be entitled and liable.
- 14.2 The *parties* must make any necessary adjustment on completion, and –
- 14.2.1 the purchaser must provide the vendor with *adjustment figures* at least 2 *business days* before the date for completion; and
- 14.2.2 the vendor must confirm the *adjustment figures* at least 1 *business day* before the date for completion.
- 14.3 If an amount that is adjustable under this contract has been reduced under *legislation*, the *parties* must on completion adjust the reduced amount.
- 14.4 The *parties* must not adjust surcharge land tax (as defined in the Land Tax Act 1956) but must adjust any other land tax for the year current at the *adjustment date* –
- 14.4.1 only if land tax has been paid or is payable for the year (whether by the vendor or by a predecessor in title) and this contract says that land tax is adjustable;
- 14.4.2 by adjusting the amount that would have been payable if at the start of the year –
- the person who owned the land owned no other land;
  - the land was not subject to a special trust or owned by a non-concessional company; and
  - if the land (or part of it) had no separate taxable value, by calculating its separate taxable value on a proportional area basis.
- 14.5 The *parties* must not adjust any first home buyer choice property tax.
- 14.6 If any other amount that is adjustable under this contract relates partly to the land and partly to other land, the *parties* must adjust it on a proportional area basis.
- 14.7 If on completion the last bill for a water, sewerage or drainage usage charge is for a period ending before the *adjustment date*, the vendor is liable for an amount calculated by dividing the bill by the number of days in the period then multiplying by the number of unbilled days up to and including the *adjustment date*.
- 14.8 The vendor is liable for any amount recoverable for work started on or before the contract date on the *property* or any adjoining footpath or road.

**15 Date for completion**

The *parties* must complete by the date for completion and, if they do not, a *party* can serve a notice to complete if that *party* is otherwise entitled to do so:

**16 Completion****• Vendor**

- 16.1 *Normally*, on completion the vendor must cause the legal title to the *property* (being the estate disclosed in this contract) to pass to the purchaser free of any charge, mortgage or other interest, subject to any necessary registration.
- 16.2 The legal title to the *property* does not pass before completion.
- 16.3 If the vendor gives the purchaser a document (other than the transfer) that needs to be lodged for registration, the vendor must pay the lodgment fee to the purchaser.
- 16.4 If a *party* serves a land tax certificate showing a charge on any of the land, by completion the vendor must do all things and pay all money required so that the charge is no longer effective against the land.

**• Purchaser**

- 16.5 On completion the purchaser must pay to the vendor –
- 16.5.1 the price less any –
- deposit paid;
  - *FRCGW remittance* payable;
  - *GSTRW payment*; and
  - amount payable by the vendor to the purchaser under this contract; and
- 16.5.2 any other amount payable by the purchaser under this contract.
- 16.6 If any of the deposit is not covered by a *deposit-bond*, at least 1 *business day* before the date for completion the purchaser must give the vendor an order signed by the purchaser authorising the *depositholder* to account to the vendor for the deposit, to be held by the vendor in escrow until completion.
- 16.7 On completion the deposit belongs to the vendor.

**17 Possession**

- 17.1 *Normally*, the vendor must give the purchaser vacant possession of the *property* on completion.
- 17.2 The vendor does not have to give vacant possession if –
- 17.2.1 this contract says that the sale is subject to existing tenancies; and
- 17.2.2 the contract discloses the provisions of the tenancy (for example, by attaching a copy of the lease and any relevant memorandum or variation).
- 17.3 *Normally*, the purchaser can claim compensation (before or after completion) or *rescind* if any of the land is affected by a protected tenancy (a tenancy affected by Schedule 2, Part 7 of the Residential Tenancies Act 2010).

**18 Possession before completion**

- 18.1 This clause applies only if the vendor gives the purchaser possession of the *property* before completion.
- 18.2 The purchaser must not before completion –
- 18.2.1 let or part with possession of any of the *property*;
  - 18.2.2 make any change or structural alteration or addition to the *property*; or
  - 18.2.3 contravene any agreement between the *parties* or any direction, document, *legislation*, notice or order affecting the *property*.
- 18.3 The purchaser must until completion –
- 18.3.1 keep the *property* in good condition and repair having regard to its condition at the giving of possession; and
  - 18.3.2 allow the vendor or the vendor's authorised representative to enter and inspect it at all reasonable times.
- 18.4 The risk as to damage to the *property* passes to the purchaser immediately after the purchaser enters into possession.
- 18.5 If the purchaser does not comply with this clause, then without affecting any other right of the vendor –
- 18.5.1 the vendor can before completion, without notice, remedy the non-compliance; and
  - 18.5.2 if the vendor pays the expense of doing this, the purchaser must pay it to the vendor with interest at the rate prescribed under s101 Civil Procedure Act 2005.
- 18.6 If this contract is *rescinded* or *terminated* the purchaser must immediately vacate the *property*.
- 18.7 If the *parties* or their *solicitors* on their behalf do not agree in writing to a fee or rent, none is payable.

**19 Rescission of contract**

- 19.1 If this contract expressly gives a *party* a right to *rescind*, the *party* can exercise the right –
- 19.1.1 only by *servicing* a notice before completion; and
  - 19.1.2 in spite of any making of a claim or *requisition*, any attempt to satisfy a claim or *requisition*, any arbitration, litigation, mediation or negotiation or any giving or taking of possession.
- 19.2 *Normally*, if a *party* exercises a right to *rescind* expressly given by this contract or any *legislation* –
- 19.2.1 the deposit and any other money paid by the purchaser under this contract must be refunded;
  - 19.2.2 a *party* can claim for a reasonable adjustment if the purchaser has been in possession;
  - 19.2.3 a *party* can claim for damages, costs or expenses arising out of a breach of this contract; and
  - 19.2.4 a *party* will not otherwise be liable to pay the other *party* any damages, costs or expenses.

Dear Sirs

RE CUMMINGS

As instructed we have surveyed for identification purposes the land in the Local Government Area of Warringah having a frontage to Nandi Avenue Frenchs Forest being the land described in Computer Folio Search Folio Identifier 3/221359 also being Lot 3 in Deposited Plan 221359 and further shown edged red in the attached sketch.

Upon the land stands the brick, timber and clad residence roofed with tiles and metal and known as No 36 Nandi Avenue. Also constructed on and near the land is a swimming pool and sheds.

The position of the building and structures on and near the land is as shown in the sketch.

The property is subject to Covenants contained in Instrument No J844523.

There are differences between deed and available dimensions in the general region and hence we recommend that the boundaries be marked prior to the commencement of any improvements that should be located with respect to boundaries.

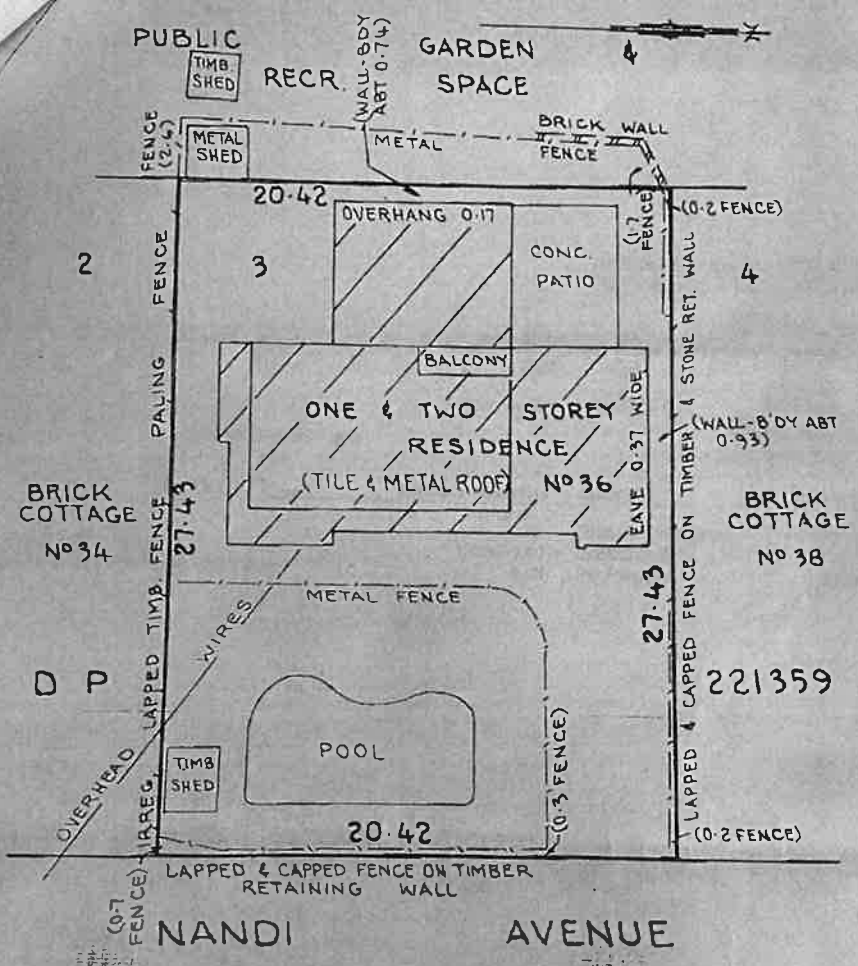

The land is partly enclosed by walls and fencing which have been located where indicated in the sketch.

Irregularities in walls, structures and fencing will affect the offsets to boundaries. Other than as shown or stated we have found no other visible encroachments which in our opinion exist by or upon the property.

Yours faithfully

## Important information

### Who is protected by a clearance certificate?

A clearance certificate states whether there is any land tax (including surcharge land tax) owing on a property. The certificate protects a purchaser from outstanding land tax liability by a previous owner, however it does not provide protection to the owner of the land.

### When is a certificate clear from land tax?

A certificate may be issued as 'clear' if:

- the land is not liable or is exempt from land tax
- the land tax has been paid
- Revenue NSW is satisfied payment of the tax is not at risk, or
- the owner of the land failed to lodge a land tax return when it was due, and the liability was not detected at the time the certificate was issued.

**Note:** A clear certificate does not mean that land tax was not payable, or that there is no land tax adjustment to be made on settlement if the contract for sale allows for it.

### When is a certificate not clear from land tax?

Under section 47 of the *Land Tax Management Act 1956*, land tax is a charge on land owned in NSW at midnight on 31 December of each year. The charge applies from the taxing date and does not depend on the issue of a land tax assessment notice. Land tax is an annual tax so a new charge may occur on the taxing date each year.

### How do I clear a certificate?

A charge is removed for this property when the outstanding land tax amount is processed and paid in full. Payment can be made during settlement via an accepted Electronic Lodgement Network or at an approved settlement room.

To determine the land tax amount payable, you must use one of the following approved supporting documents:

- Current year land tax assessment notice. This can only be used if the settlement date is no later than the first instalment date listed on the notice. If payment is made after this date interest may apply.
- Clearance quote or settlement letter which shows the amount to clear.

The charge on the land will be considered removed upon payment of the amount shown on these documents

### How do I get an updated certificate?

A certificate can be updated by re-processing the certificate through your Client Service Provider (CSP), or online at [www.revenue.nsw.gov.au/taxes/land/clearance](http://www.revenue.nsw.gov.au/taxes/land/clearance).

Please allow sufficient time for any payment to be processed prior to requesting a new version of the clearance certificate.

### Land value, tax rates and thresholds

The taxable land value shown on the clearance certificate is the value used by Revenue NSW when assessing land tax. Details on land tax rates and thresholds are available at [www.revenue.nsw.gov.au](http://www.revenue.nsw.gov.au).

**NOTICE OF SWIMMING POOL NON-COMPLIANCE**  
(Clause 22E, Swimming Pools Act 1992)

**Notice Date:** 09 April 2024

**Premises to which this notice relates:** 36 Nandi Avenue French's Forest.

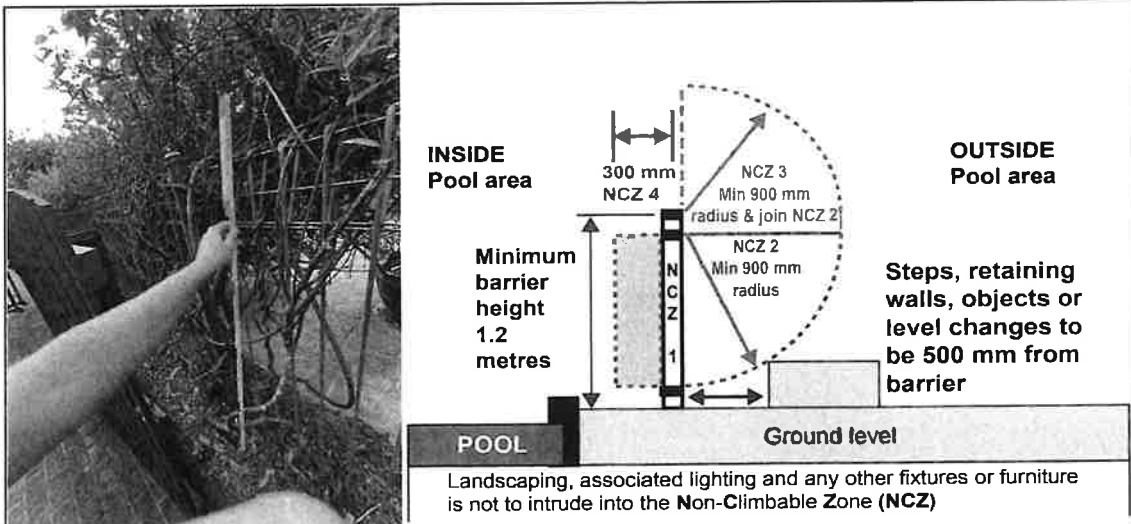

**Pool Installation Description:** In-ground concrete swimming pool

Further to your request for an inspection of the swimming pool barrier installation at the above premises, it is advised that an accredited pool certifier undertook an inspection on 09 April 2024.

Such inspection was undertaken to determine whether the swimming pool's child resistant barrier was in compliance with the provisions of the Swimming Pools Act 1992 and if compliant, to permit the issue of a Certificate of Compliance under Section 22D of that Act.

I inform that the inspection revealed that the swimming pool's barrier installation was, at the time of inspection, not in compliance with the requirements of the Swimming Pool Act 1992. Consequently, the Certificate of Compliance cannot be issued. In this regard, the following table identifies the defect(s) that were evident and the suggested solution(s) for rectification.

<p><b>1. Defect/non-compliance identified</b> There were vines growing through the fence that children could use to climb over the fence and into the pool enclosure.</p> <p><b>Suggested solution for rectification</b> Remove or shield the affected section of vines so that children are unable to use the vines to climb into the pool enclosure. If the vines are to be shielded, the shielding must be a permanent, durable and structurally adequate material. If steel mesh is to be used as the shielding material, the mesh must have apertures of not greater than 13 mm.</p>
---

Above is a diagram showing the NCZ requirements for an internal barrier less than 1800mm high.

**2. Defect/non-compliance identified**

The rails of the internal pool fence were not 900 mm or more apart.

**Suggested solution for rectification**

Separate the rails so that the distance between the top of the top rail is more than 900 mm from the top of the bottom rail. Alternatively, one of the rails could be shielded to remove the foothold capability of the rail. If the rail or rails are to be shielded, the minimum angle or splay the shield can be is 60°.

Please see below diagram showing the required heights and NCZ for barriers located on stepped ground.

### 3. Defect/non-compliance identified

The effective height of the boundary fences was not 1800 mm or more. The height of the fences was measured from the top of the fence to the ground level on the pool side of the fence.

#### Suggested solution for rectification

Raise the boundary fences so they are 1800 mm or more in height (measured on the pool side of the fence). The height of a boundary fence is measured from the top of the fence to the ground level on the pool side of the fence. Where there is an object such as pavers, raised garden bed or decking etc within 500 mm of the boundary fence, the 1800 mm in height is measured to that object and not the ground. Alternatively, any ground or surface object on the pool side of the fence could be lowered or removed (500 mm or more away from the fence) so that the 1800 mm effective height of the fence is achieved. If the fence height is increased, the required 900 mm NCZ 5 is required to be measured from the top of the fence so that any fence extension construction provided on top of the existing fence must not have footholds greater than 10 mm wide within 900 mm of the top of the extended fence. The new 1800mm boundary fence height must extend for a period of 900mm past the intersection with the internal barrier.

Steps, retaining wall or change of level within 500mm of base of fence

Above is a diagram showing the NCZ5 requirements for an 1800mm boundary fence.

See link below to Department of Fair-Trading website 28 March 2022 regarding the 500mm 'exclusion zone' for objects around swimming pool barriers applies to any pool boundary

<https://www.fairtrading.nsw.gov.au/trades-and-businesses/business-essentials/building-certifiers/practice-advice2/swimming-pool-certification/pool-barrier-as-clarification-clause-2.3.1-applies-to-boundary-fences>

Below are some examples of raising the height of boundary fences to at least 1800mm.

**4. Defect/non-compliance identified**

Sections of the boundary fences require replacement/repair so the structural integrity of the fence is maintained at all times.

**Suggested solution for rectification**

Replace/repair the damaged sections of boundary fence so the fence maintains its structural integrity at all times.

Above is a diagram showing the NCZ5 requirements for an 1800mm boundary fence.

**3. Defect/non-compliance identified**

The effective height of the boundary fence was not 1800 mm or more as a pool box/shed had been erected within 500 mm of the fence. The height of the fence was measured from the top of the fence to the surface of the box on the pool side of the fence.

**Suggested solution for rectification**

The boundary fence must be 1800 mm or more in height and can be rectified by either:  
Raising the fence so it is 1800 mm or more in height above the surface level of the pool box/shed STCA: or

The pool box/shed could be lowered so that the effective height of the fence is 1800 mm:  
or

The sides of the pool box could be increased in height to 1800mm from pool ground level so the fall deterrent is the same as an 1800mm boundary fence.

Boundary fences must be provided with a 900 mm Non-Climb Zone (NCZ 5) which is located at the top of the fence (on the pool side of the fence). The boundary fence must be provided with a 900 mm NCZ 5 and any fence extension construction provided on top of the existing fence, or rails etc (that have footholds greater than 10 mm wide) must not be within the 900 mm NCZ 5. Any climbable fence component within the 900 mm NCZ 5 will need to be either lowered removed or shielded to ensure that children cannot use any climbable fence component to assist them to climb down into the pool enclosure.

Steps, retaining wall or change of level within 500mm of base of fence

Above is a diagram showing the NCZ5 requirements for an 1800mm boundary fence.

Below are some examples of raising pool boxes to at least 1800mm high.

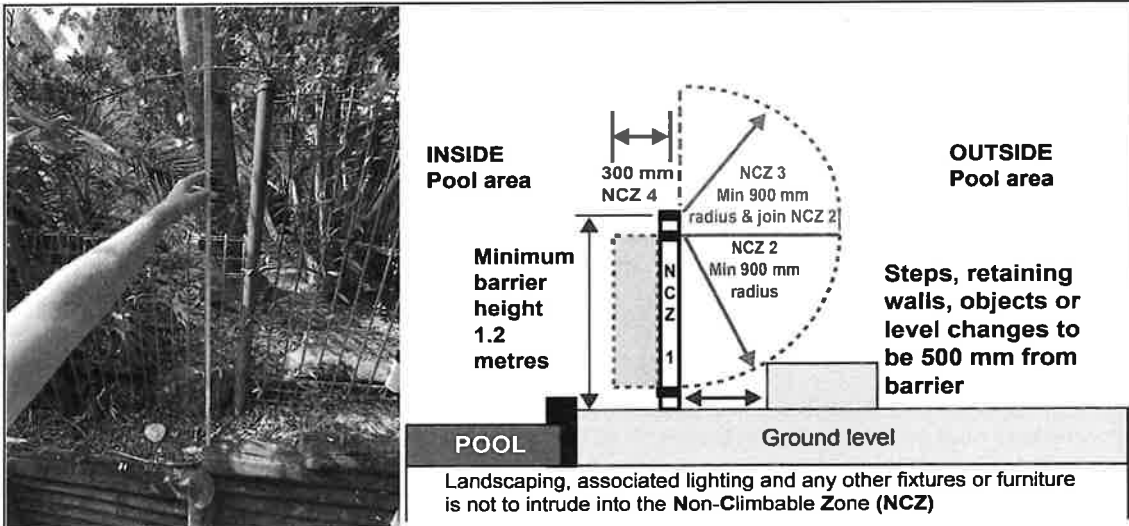

**6. Defect/non-compliance identified**

The internal pool fence was not 1200 mm or more in height as the garden bed/retaining wall/tree stump at the base of the fence has reduced the effective height of the fence.

**Suggested solution for rectification**

Increase the height of the fence so that the effective height is 1200 mm or more measured on the outside of the fence. Alternatively, the garden bed on the outside of the fence can be removed or lowered so the 1200 mm can be measured to the ground or base of the fence. The height of the fence is measured from the top of the fence to the ground level on the outside of the fence. Where there is an object within 500 mm of the pool fence such as garden beds etc, the 1200 mm height is measured to the surface of the garden and/or garden bed edging boards etc and not the base of the fence. If raising the fence is the option used, the gap under the fence must not exceed 100 mm. In most cases, the fence will need to be raised to a height that will create a gap greater than 100 mm under the fence. In such cases, it is more effective to raise the fence and then close the gap (that is created) by using permanent and secure construction under the pool fence panels rather than replacing the entire fence with higher fence panel.

Above is a diagram showing the NCZ requirements for an internal barrier less than 1800mm high.

**7. Defect/non-compliance identified**

There were fences that abutted the pool barrier in two locations and both fences had climbable components which could be used by children to climb over the fence and into the pool enclosure. The climbable component(s) of the two adjoining fences were within the Non-Climb Zone (NCZ) of the pool fence.

**Suggested solution for rectification**

Modify or remove the adjoining fence so that no climbable components are within 900 mm of the pool barrier. Alternatively, the portion of adjoining fences that are within 900 mm of the pool fence could have its climbable components shielded on both sides of the fence so that the fences have no foot/handholds that could be used by children to climb over the fence and into the pool enclosure.

Above is a diagram showing the NCZ requirements for an internal barrier less than 1800mm high.

**8. Defect/non-compliance identified**

Vegetation was located on the inside of the boundary fence that could be used as a foothold for children to climb down into the pool enclosure.

**Suggested solution for rectification**

Remove or prune the vegetation so that no climbable branches or fork sections are within the 900 mm NCZ 5. This includes the thick vines located on the inside of the boundary fence.

Steps, retaining wall or change of level within 500mm of base of fence

Above is a diagram showing the NCZ5 requirements for an 1800mm boundary fence.

**9. Defect/non-compliance identified**

There were rails on the inside of the boundary fence that extended both sides of the internal fence where the two fences intersect. The rails are within the 300 mm inside Non-Climb Zone (NCZ) and the 900 mm NCZ on the outside of the internal pool fence.

**Suggested solution for rectification**

Shield the affected section of rails so that children cannot use the rails on the boundary fence (on each side of the pool fence) to climb into the pool enclosure. The affected section of rails are only that portion within 300 mm of the pool fence (on the inside of the pool fence) and also the 900 mm portion of rails on the outside of the internal pool fence. The 300 mm and 900 mm are measured from the internal/boundary fence intersection. If the rails are to be shielded, the minimum angle or splay the shield can be is 60°.

Above is a diagram showing the NCZ requirements for an internal barrier less than 1800mm high.

Below are some examples of shielding climbable rails with perspex or similar.

**10. Defect/non-compliance identified**

A Rail was located on the inside of the boundary fence that could be used as a foothold for children to climb down into the pool enclosure.

**Suggested solution for rectification**

Shield the sections of exposed rails that are within the 900 mm Non-Climb Zone (NCZ 5). The NCZ 5 is a 900 mm arc measured from the top of the fence and is quarter-circle in shape. If the rails are to be shielded, 60 degree sections of timber wedge sections can be attached to the top of the existing rail. This will remove the foothold capability. Alternatively new 1800mm sections of palings could be attached to the inside of the rail. This would shield the climbable rail and give the required 1800mm height poolside.

■ Steps, retaining wall or change of level within 500mm of base of fence

Above is a diagram showing the NCZ5 requirements for an 1800mm boundary fence.

Below are some examples of shielding climbable rails within the boundary fence NCZ5.

**11. Defect/non-compliance identified**

Vegetation was within the 300 mm Non-Climb Zone (NCZ) inside the pool fence. The 300 mm NCZ is required to be kept clear so that children cannot put their feet through the fence and onto any vegetation that may assist them to climb into the pool enclosure.

**Suggested solution for rectification**

Remove, trim back or relocate all climbable vegetation from within the 300 mm NCZ. Alternatively, the fence can be shielded on the outside so children are unable to put their feet through the pool fence. If the fence is to be shielded, the shielding must be a permanent, durable and structurally adequate material. If steel mesh is to be used as the shielding material, the mesh must have apertures of not greater than 13 mm. The shielding material must be the full height of the fence so that the upper surface of the mesh is not capable of being used as a foothold that could assist children to climb over the fence.

Above is a diagram showing the NCZ requirements for an internal barrier less than 1800mm high.

**12. Defect/non-compliance identified**

Vegetation was within the 900 mm Non-Climb Zone (NCZ) on the outside of the pool fence. The 900 mm NCZ is required to be kept clear so that children cannot use any object close to the fence to assist them to climb into the pool enclosure.

**Suggested solution for rectification**

Prune or remove the vegetation so that no branches are within the 900 mm NCZ. The NCZ is

a 900 mm arc measured from the top of the fence and extends upward above the fence (ie the 900 mm NCZ is semi-circular in shape).

Above is a diagram showing the NCZ requirements for an internal barrier less than 1800mm high.

**13. Defect/non-compliance identified**

Retaining walls and other objects were within the 300 mm Non-Climb Zone (NCZ) inside the pool fence. The 300 mm NCZ is required to be kept clear so that children cannot put their feet through the fence and onto any object that may assist them to climb into the pool enclosure.

**Suggested solution for rectification**

Remove or relocate the objects from within the 300 mm NCZ. Alternatively, the fence can be shielded on the outside so children are unable to put their feet through the pool fence. If the fence is to be shielded, the shielding must be a permanent, durable and structurally adequate material. Eg Perspex.

Above is a diagram showing the NCZ requirements for an internal barrier less than 1800mm high.

**14. Defect/non-compliance identified**

There was a gap greater than 100 mm at the rear of the pool shed.

**Suggested solution for rectification**

Reduce the gap to less than 100 mm using permanent and secure construction. This would prevent a child from accessing the pool area through the rear of the pool shed.

**15. Defect/non-compliance identified**

The hinges on the gate were too close together. The top surface of the top hinge must be 900 mm or more from the top surface of the bottom hinge.

**Suggested solution for rectification**

Move the hinges further apart or alternatively, some modern hinges can be fitted with a 60° hinge cap that could be fitted onto one or both of the hinges.

Further, it is advised that with respect to the above matter(s), it is the certifier's opinion that the swimming pool does not constitute a significant risk to public safety.

A copy of this notice will be forwarded to the local authority for the area in which the swimming pool is situated 6 weeks after the date of inspection, being 21<sup>st</sup> May 2024 (or such other time as may be prescribed by the regulations) if a certificate of compliance is not issued for the swimming pool before that time.

Pursuant to clause 18BA of the Swimming Pools Regulation, a Certificate of Non-compliance has also been issued by the certifier from the NSW Register of Swimming Pools, as a consequence of the inspection revealing the requirements for the issue of a Certificate of Compliance had not been met. Such Certificate of Non-compliance is enclosed.

NOTE: The swimming pool barrier was assessed using the following legislation and criteria: The Swimming Pools Regulation 2018, the Building Code of Australia and AS 1926.1 – 2012.

Should you have any further enquiries in relation to this matter, please do not hesitate to contact the certifier, Matthew Wheeler, during normal office hours Monday to Friday.

Yours faithfully

Matthew Wheeler
