Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)

Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

Land Tax Act 1936 and Regulations thereunder

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

Landscape South Australia 2019

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email DEWwaterlicensing@sa.gov.au.

IMPORTANT INFORMATION REGARDING SEARCHES

Hallett Cove Conveyancers

HALLETT COVE SA 5158

Attention Conveyancers

○ **Section 187 certificate update request free of charge (One Update):**

- Penalties and interest, property charges, payments or dishonoured payments can impact account balances on a daily basis.

To assist with financial adjustments as close as practicable to the date of settlement, your **Section 187 certificate will now be valid for 90 days**. Within this period Council will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

Please Note: Section 7 certificates remain valid for a 30 day period only.

○ **BPAY biller code added to searches to enable electronic settlement of funds**

- Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to Council electronically. Please note that this is Council's preferred method payment and we request that you cease the use of cheques to affect settlement.

○ **How to advise Council of change of ownership?**

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office, we are advocating that the **Purchaser's Conveyancer** to advise the change of ownership by following the below:

- If you are using e-conveyancing to affect a sale, please **only issue advice to Council if the mail service address is different to what was lodged via the transfer at the LTO**. Council's new practice is to update ownership details including the mailing address in accordance with the advice provided by the Valuer General. Council has amended this change to align with SA Water practices and to provide an improved customer experience overall.
- If lodging in person at Lands Title Office – Please send the change of ownership advice to Council via mail@onkaparinga.sa.gov.au. Electronic settlement of funds is still preferred.

Yours sincerely

CHANGES TO PLANNING POLICY AFFECTING LAND IN COUNCIL'S AREA

The information provided in this note is additional to, and not in substitution of, any information provided in response to your request for statutory search information. The response to your request, provided with this note, does not reference changes to planning policy affecting all South Australian Councils.

Development Act 1993

Section 42

Condition (that continues to apply) of a development authorisation

YES

Application Number: 145/2557/2002
Description: Dwelling & Garage
Decision: Approved
Decision Date: 25-Sep-2002

Development Plan Consent Conditions

1. The front setback area (between the front property boundary and front of the house) shall be planted with suitable trees, shrubs, lawn and/or ground cover. Such landscaping shall be completed within 6 months of the occupation of the dwelling and maintained in good condition at all times.
2. All stormwater drainage shall discharge so that it does not flow or discharge onto land of adjoining owners or in the opinion of Council detrimentally affect structures on this site or any adjoining land.
3. All driveways to properties on the low side of the road shall be designed and constructed so that the driveway is a minimum of 75mm above the top of the adjoining kerb and any road water is channelled back into the gutter.
4. The road and driveway crossover between the back of kerb and the boundary shall be shaped to provide a minimum width of 2.0 metres on local roads (and 2.5 metres on higher order roads) measured from behind the back of kerb with 2.5 per cent fall towards the road, suitable for pedestrian traffic.
5. An additional 1500mm of trellis shall be attached to the top of the fence located on the northern boundary so as to minimise overlooking into the adjoining allotment. The trellis shall be erected prior to occupation of the dwelling.
6. All development shall be completed in accordance with the plan(s) and documents submitted with and forming part of the development application except where varied by the following condition(s).
7. All stormwater discharged from the development shall be connected to the Council underground stormwater drainage system on (*describe location*) via pipes. The design and construction of the stormwater system and connection to the Council drain shall be approved by Council.
8. A Soil Erosion and Drainage Management Plan (SEDMP) prepared in accordance with the "Stormwater Pollution Prevention Code of Practice for the Building and Construction Industry", issued by the EPA shall be prepared and put in place prior to the commencement of any site works and shall include but not be restricted to a temporary construction exit and silt fences. The measures are to prevent silt from being washed from the site to the road and mud from being transported onto the road on the wheels of vehicles. These silt control measures shall be maintained in good working order during construction. These soil erosion measures shall remain in place until all disturbed surfaces are sealed or suitably revegetated in a manner to prevent erosion.
9. That effective measures be implemented during the construction of the development and on-going use of the land in accordance with this consent to:
 - prevent silt run-off from the land to adjoining properties, roads and drains;
 - control dust arising from the construction and other activities, so as not to, in the opinion of Council, be a nuisance to residents or occupiers on adjacent land;
 - ensure that soil or mud is not transferred onto the adjacent roadways by vehicles leaving the site;
 - ensure that all litter and building waste is contained on the subject site in a suitable bin or enclosure; and
 - ensure that no sound is emitted from any device, plant or equipment or from any source or activity to become an unreasonable nuisance, in the opinion of Council, to the occupiers of adjacent land.

Application Number: 145/779/2006
Description: Verandah
Decision: Approved
Decision Date: 09-Mar-2006

Development Plan Consent Conditions

1. All development shall be completed in accordance with the plan(s) and documents submitted with and forming part of the development application except where varied by the following condition(s).
2. All stormwater drainage shall discharge so that it does not flow or discharge onto land of adjoining owners or in the opinion of Council detrimentally affect structures on this site or any adjoining land.
3. That effective measures be implemented during the construction of the development and on-going use of the land in accordance with this consent to:
 - prevent silt run-off from the land to adjoining properties, roads and drains
 - control dust arising from the construction and other activities, so as not to, in the opinion of Council, be a nuisance to residents or occupiers on adjacent or nearby land
 - ensure that soil or mud is not transferred onto the adjacent roadways by vehicles leaving the site
 - ensure that all litter and building waste is contained on the subject site in a suitable bin or enclosure or
 - ensure that no sound is emitted from any device, plant or equipment or from any source or activity to become an unreasonable nuisance, in the opinion of Council, to the occupiers of adjacent land.

Overlays

Affordable Housing

The Affordable Housing Overlay seeks to ensure the integration of a range of affordable dwelling types into residential and mixed use development.

Hazards (Bushfire - High Risk) (High)

The Hazards (Bushfire - High Risk) Overlay seeks to ensure development responds to the high level of bushfire risk by siting and designing buildings to mitigate threat and impact of bushfires on life and property, facilitating access for emergency service vehicles and situating activities that increase the number of people living and working in the area away from areas of unacceptable bushfire risk.

Hazards (Flooding - Evidence Required)

The Hazards (Flooding - Evidence Required) Overlay adopts a precautionary approach to mitigate potential impacts of potential flood risk through appropriate siting and design of development.

Native Vegetation

The Native Vegetation Overlay seeks to protect, retain and restore areas of native vegetation.

Prescribed Wells Area

The Prescribed Wells Area Overlay seeks to ensure sustainable water use in prescribed wells areas.

Regulated and Significant Tree

The Regulated and Significant Tree Overlay seeks to mitigate the loss of regulated trees through appropriate development and redevelopment.

Stormwater Management

The Stormwater Management Overlay seeks to ensure new development incorporates water sensitive urban design techniques to capture and re-use stormwater.

Traffic Generating Development

The Traffic Generating Development Overlay aims to ensure safe and efficient vehicle movement and access along urban transport routes and major urban transport routes.

Urban Tree Canopy

The Urban Tree Canopy Overlay seeks to preserve and enhance urban tree canopy through the planting of new trees and retention of existing mature trees where practicable.

Is the land situated in a designated State Heritage Place/Area?

NO

Is the land designated as a Local Heritage Place?

NO

Further information held by council

Does the council hold details of any development approvals relating to:

- (a) commercial or industrial activity at the land; or
- (b) a change in the use of the land or part of the land (within the meaning of the *Development Act 1993* or the *Planning, Development and Infrastructure Act 2016*)?

NO

Note –

The question relates to information that the council for the area in which the land is situated may hold. If the council answers “YES” to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A “YES” answer to paragraph (a) of the question may indicate that a potentially contaminating activity has taken place at the land (see sections 103C and 103H of the Environment Protection Act 1993) and that assessments or remediation of the land may be required at some future time.

It should be noted that –

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

General

Easement

Easement exists for drainage purposes – Refer to Certificate of Title of subdivision plans (ie Deposited Plans, Community Plans, File Plans etc) for details of easements in the interests of other State Departments or Agencies). YES

Easements over private land may show on a certificate of title and indicate that council or another authority have some form of infrastructure within them, such as stormwater drainage pipes or other services. Refer to [‘Encroachment over council easements’](#) on our website for further information.

Are you aware of any encroachment on the easement? YES

Important information to the owner about Council’s rights when there is an approved or unapproved encroachment in, on or above a drainage easement:

Shed and Verandah

Council requires free, unrestricted and unobstructed access to the drainage easement for construction, maintenance and operational purposes;

Council will endeavour to provide one months’ notice for any planned work that requires access to the easement.

In an emergency Council will require immediate access to the easement;

Approved encroachments do not diminish Council’s rights to the easement and may be removed (if required) at the owners cost;

Reinstatement of an approved encroachment at the owners cost may be approved or may require modification;

Unapproved encroachments or property improvements in, on or above the easement that do not meet relevant building and engineering standards may be removed at the owners cost and may not be approved to be reinstated.

If you have any further queries, please contact the Permit Officers on 8384 0666.

necessary or expedient in the opinion of the Encumbrancee to make good or in attempting to make good any such breach or default and all monies paid or expenses incurred by the Encumbrancee in doing so shall be a debt due to the Encumbrancee by the Encumbrancer and or his successors in title payable on demand and for the purpose of exercise in the powers of the Encumbrance pursuant to this clause, the Encumbrancee may from time to time and with or without workmen and others enter into and upon the land and the buildings and erections thereon to carry out any work necessary in the opinion of the Encumbrancee becoming liable for any action for trespass by the Encumbrancer and or his successors in title AND it is hereby expressly agreed between the Encumbrancer and the Encumbrancee that this Encumbrance may be pleaded by the Encumbrancee by way of estoppel to any action claim or demand by the Encumbrancer and or his successors in title for damages, costs or otherwise however so arising from the entry by the Encumbrancee onto the Land in the performance by the Encumbrancee of any works thereon pursuant to the powers granted herein.

connected with the exercise by the Encumbrancee of its said right to modify waive or release any of the said covenants conditions restrictions or stipulations whether in respect to this encumbrance or any other encumbrance registered against other titles in the division of land of which the said land forms portion.

9. AND it is hereby agreed that the costs in relation to the preparation, stamp duty and registration of this Encumbrance shall be borne by the Encumbrancer.
10. AND it is hereby agreed that all costs of and incidental to the obtaining of Special consents from the Encumbrancee shall be borne by the Encumbrancer.
11. Subject as aforesaid the Encumbrancee shall be entitled to all powers and remedies given to the Encumbrancee under the Real Property Act 1886 as amended from time to time.

PROVIDED ALWAYS that upon any breach or default of any of the above covenants by the Encumbrancer and or his successors in title, the Encumbrancee shall forthwith be entitled to give the Encumbrancer and or his successors in title twenty eight (28) days notice in writing to remedy such breach or default and should the Encumbrancer and or his successors in title fail to remedy such breach or default within the said twenty eight (28) days then it shall be lawful for but not obligatory upon the Encumbrancee to do all such things and pay all such monies

any part of the said land. This condition will not prejudice or affect the rights of the Encumbrancer as between the Encumbrancer and any adjoining owners, except the Encumbrancer shall indemnify and hereby agrees to keep indemnified the Encumbrancee against all claims in respect thereof brought or made against the Encumbrancee by any person whatsoever.

6. It is covenanted agreed and declared between the encumbrancer and the encumbrancee that the Encumbrancer will within 12 calendar months after the completion of the erection of a private residence upon the said land prepare and develop in the form of landscaping and thereafter maintain the said land between the front alignment of the said private residence and the curb alignment or pedestrian walkway fronting or bordering the said land in good order and condition.
7. The Encumbrancer will not erect or cause or permit the erection of more than one dwelling upon the land to the intent that no multiple dwelling shall be constructed without the prior written consent of the Encumbrancee.
8. That the Encumbrancer hereby covenants and agrees that the Encumbrancee shall incur no liability whatsoever to the Encumbrancer and the Encumbrancer shall have no action cause suit claim or demand whatsoever against the Encumbrancee in respect of arising out of or in any way

trailer, boat or caravan to be parked or left forward (or any part of which is forward) of the front alignment of the said dwelling house.

4.5 Allow or to fall into disrepair or to become unsightly due to a lack of general maintenance the allotment or allotments of the Encumbrancer.

4.6 Erect, place, install or permit to be erected, or allow to remain erected upon the land any fence

4.6.(a) which is of a height other than 1.8 metres above natural ground level.

4.6.(b) any fence abutting a recreational reserve unless such fence is bronze olive in colour and constructed of material & height of the same as is existing thereby the boundary fence to such reserve shall create a continuance of any existing fence line.

4.6.(c) which is constructed of any secondhand materials.

4.6.(d) of materials other than colourbond coated iron of Olive Green colour or brushwood.

4.6.(e) any fence or corner allotment fencing forward of the boundary of the front of the residence.

5. The Encumbrancee shall not at any time hereafter be required by the Encumbrancer to pay or contribute towards the costs of erecting or repairing any dividing fence upon

inclusive hereof by all persons hereafter acquiring an estate or interest in the land or part thereof.

4. During the continuance of this Encumbrance the Encumbrancer shall not upon the land in respect thereof without prior consent in writing of the Encumbrancee effect the following:

4.1 construct or erect or suffer to be constructed or erected or to remain any transportable dwelling house or dwelling house other than a dwelling house that is of full brick or brick veneer construction or substantially of brick veneer cladding with roofs that shall be tiled, colourbond or painted iron.

4.2 erect or permit to be erected or remain erected upon the said land any outbuildings of any material other than of brick, brick veneer, stone, colorbond or painted galvanised iron.

4.3. Keep unpainted or untreated any metal and without limiting the generality thereof any galvanised steel products, galvanised iron or aluminium forming part of any dwelling house, out building, fences gate or other structure on the said land.

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

Please Note:

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

Attention Conveyancers

o **Section 187 certificate update request free of charge (One Update):**

- o Penalties and interest, property charges, payments or dishonoured payments can impact account balances on a daily basis.

To assist with financial adjustments as close as practicable to the date of settlement, your Section 187 certificate will now be valid for 90 days. Within this period Council will offer one update request without charge. This update is to be obtained via the online portal.

It is important to note all searches advise when fines/interest will be applied. When receiving your update search, should it be evident that further penalties will be applied prior to settlement, you will need to still consider these additional amounts as part of your settlement statement calculations.

Please Note: The above 90 day extension is applicable only to Section 187 certificates. Section 7 certificates still remain valid for a 30 day period only.

o **BPAY biller code added to searches to enable electronic settlement of funds**

- o Our BPAY biller code is now detailed on each search, enabling settlement funds to be disbursed to Council electronically. Please note that this is Council's preferred method payment and we request that you cease the use of cheques to affect settlement.

o **How to advise Council of change of ownership?**

To also assist with the reduction of duplication of information being received from various agencies i.e. conveyancers and the Lands Titles Office, we are advocating that the **Purchaser's Conveyancer** to advise the change of ownership by following the below:

- o If you are using e-conveyancing to affect a sale, please **only issue advice to Council if the mail service address is different to what was lodged via the transfer at the LTO**. Council's new practice is to update ownership details including the mailing address in accordance with the advice provided by the Valuer General. Council has amended this change to align with SA Water practices and to provide an improved customer experience overall.
- o If lodging in person at Lands Title Office – Please send the change of ownership advice to Council via mail@onkaparinga.sa.gov.au. Electronic settlement of funds is still preferred.

Yours sincerely
